## **Independent Auditor's Report**

RSM US LLP

To the Participants and the ESOP Committee  
Henny Penny Corporation  
Employee Stock Ownership Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Henny Penny Corporation Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with accounting principles generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by GreatBanc Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate to the best of their knowledge.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

### **Emphasis of Matter**

As discussed in Note 5, the financial statements include an investment representing 96% and 100% of total investments as of December 31, 2020 and 2019, respectively, whose fair value has been determined by an independent appraiser, in the absence of a readily ascertainable fair value, with the assistance of management and approved by the trustee. Because of the inherent uncertainty of valuation, the estimated value may differ significantly from the value that would have been used had a market for the investments existed, and the difference could be material. Our report was not modified with respect to this matter.

**Other Matter—Report on Supplementary Information**

## Henny Penny Corporation Employee Stock Ownership Plan

### Notes to Financial Statements

---

#### Note 1. Description of the Plan

The following description of the Henny Penny Corporation Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** Henny Penny Corporation (the Company), the Plan's sponsor, established the Plan effective January 1, 2014. The Plan operates as a leveraged employee stock ownership plan and is designed to comply with §4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The ESOP Committee, which is appointed by the Company's Board of Directors, is responsible for the oversight of the Plan. The Plan's assets are held by an institutional trustee.

During the year ended December 31, 2014, the Plan purchased Company common stock using proceeds from borrowings provided by the Company (see Note 7), and holds the stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of Company common stock. The lender has no rights against the shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated).

**Eligibility:** Employees of the Company are generally eligible to participate in the Plan after attaining age 18 and one year of service providing they work at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such plan year. Employees may begin participating in the Plan on June 30 or December 31 after meeting the service requirements.

**Employer contributions:** The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Participant contributions are not permitted.

**Payment of benefits:** Distributions on account of death, disability, or retirement commence no later than the plan year following the event. Distributions for other separations from service commence no later than one year after the close of the fifth plan year following the plan year of the separation from service. The distribution of the participant's account will be made generally in substantially equal installments over a five year period. However, if a participant's vested balance is \$5,000 or less, the participant will be paid out in a lump sum as soon as administratively reasonable after termination. Distributions are made in either cash or shares and the amount to be distributed is based upon the account valuation date immediately preceding the distribution.

Under the provisions of the Plan and at prices determined from an independent appraisal, the Company is obligated to repurchase or redeem participant shares which have been distributed under the terms of the Plan. Alternatively, the Plan may repurchase distributed shares at the discretion of the trustee.

#### Note 1. Description of the Plan (Continued)

**Voting rights:** Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account, with respect to limited major corporate matters, and is notified by the trustee prior to the time that such rights are to be exercised. The trustee has voting rights for all unallocated shares on behalf of the collective best interest of the plan participants and beneficiaries. Other corporate matters, such as the annual appointment of the Board of Directors, are voted on by the Plan's trustee.

**Participant accounts:** The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Participants who earned compensation from the Company during the plan year and either: (a) retired, became disabled, or died during the plan year, or (b) were employed on the last day of such plan year, will receive an allocation. Allocations are based on a participant's eligible compensation, as defined by the Plan, relative to total eligible compensation.

Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of year account balance to all participants' beginning of year account balances.

**Vesting:** The vesting of plan benefits attributable to Company contributions and forfeitures will be based upon the participant's years of service. Participants are credited with a year of service for each plan year in which they have completed 1,000 hours of service. Participants become fully vested upon reaching six years of service as shown in the table below or upon death, disability, or retirement.

|                              |      |
|------------------------------|------|
| Less than 2 years of service | 0%   |
| 2 years of service           | 20%  |
| 3 years of service           | 40%  |
| 4 years of service           | 60%  |
| 5 years of service           | 80%  |
| 6 or more years of service   | 100% |

**Put option:** Under federal income tax regulations, the employer stock that is held by the Plan and allocated to its participants and is not readily tradable on an established market, or is subject to trading limitations, must include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan can elect to assume the rights and obligations of the Company for the put option. The put price is representative of the fair market value of the stock. In certain situations, the Company (or the Plan) can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that participants have the ability to ultimately obtain cash.

**Forfeited accounts:** Forfeitures of terminated non-vested account balances, including both stock and cash accounts, are allocated to remaining participants similar to Company contributions. Total reallocated forfeitures were \$136,500 for the year ended December 31, 2020. There were no unallocated forfeitures at December 31, 2020 or 2019.

#### Note 1. Description of the Plan (Continued)

**Diversification:** Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify can receive a cash distribution from the Plan or transfer the diversification amount to another qualified plan. Participants will first be eligible to receive diversification in 2024.

#### Note 2. Summary of Significant Accounting Policies

**Basis of presentation:** The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Contributions:** Contributions are recorded when approved by the Board of Directors.

**Payment of benefits:** Benefits are recorded when paid.

**Plan expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through July 26, 2021, the date the financial statements were available to be issued

#### Note 3. Information Certified and Provided by GreatBanc Trust Company, Trustee

All information related to investments and investment income that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2020 and 2019, was prepared by or derived from the information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the investments reflected in Note 4 as of December 31, 2020 and 2019 is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule relating to those assets as of December 31, 2020 and 2019.

The Trustee also certified to the completeness and accuracy of \$4,800,000 of net appreciation in fair value of investments related to the aforementioned assets for the year ended December 31, 2020.

#### Note 5. Fair Value Measurements

The Plan has determined the fair value of certain assets and liabilities through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### Note 5. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2019.

**Company common stock:** The fair value of the Company common stock held by the Plan is valued based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques. The fair market value of the common stock of Henny Penny on a controlling interest basis was valued taking into consideration an appropriate discount for limited marketability.

**Mutual fund:** Valued at the closing price reported on the active market in which it is traded.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

| Description          | Asset at Fair Value as of December 31, |             |                       |                       |

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers into or out of Level 3 investments during the year ended December 31, 2020.

#### Note 6. Risks and Uncertainties

The Plan invests in the Company's common stock which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows of the Company. Due to the level of risk associated with the investment in the common stock, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### Note 7. Loan Payable

During the year ended December 31, 2014, the Plan entered into a \$165,000,000 term loan agreement with the Company. The proceeds of the loan were used to purchase the Company's common stock. Unallocated shares are collateral for the loan. The agreement provides for the loan to be paid over forty-five years with annual principal and interest payments of \$6,281,366. The loan bears an interest rate of 2.74% per annum. The outstanding balance on this note at December 31, 2020 and 2019, was \$143,553,974 and \$145,849,970, respectively.

#### Note 8. Related Party and Party-In-Interest Transactions

The Plan's assets, which include Company common stock, are held by the trustee of the Plan. Company contributions are held and managed by the trustee, which invests cash, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan as discussed in Note 7. These are related party and party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

#### Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time after the liquidation of the stock acquisition loans and to terminate the Plan, subject to provisions of ERISA. Upon termination of the Plan, participants will become 100% vested in their accounts and all allocated assets of the Plan will be distributed to such participants and retirees, or their beneficiaries at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Company's Board of Directors shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of unallocated Company common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay any outstanding loans.

#### **Note 10. Income Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 15, 2016, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the IRS letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 11. Settlement Proceeds**

In May 2020, Henny Penny Corporation was informed that the United States Department of Labor reached an agreement with Wilmington Trust, N.A., a Delaware-based bank and trust company and former trustee of the Plan, requiring Wilmington Trust to pay a combined \$80 million to 21 employee stock ownership plans (ESOPs) for which it served as trustee. While the Plan was a beneficiary of the settlement, neither Henny Penny Corporation nor the Plan was a party to the litigation between the Department of Labor and Wilmington Trust. As part of the agreement between the Department of Labor and Wilmington Trust, the Plan was allocated \$7,625,231 of the settlement proceeds, which is included in additions in the statement of changes in net assets available for benefits. The Plan allocated these funds to affected participants through restorative payments on a pro rata basis. Affected participants included all participants with an account in the Plan on December 31, 2019 and all other persons who met the eligibility and participation requirements at any time between January 1, 2014 and December 31, 2019 and who had, at any time during that period, a vested interest, even if such vested interest was paid out prior to the allocation date. Affected participants who had their vested interest previously paid out accounted for \$344,391 of the settlement proceeds. The remaining \$7,280,840 of settlement proceeds was allocated during 2020 to all remaining participants in the Plan with an account as of December 31, 2019. The settlement proceeds were invested in a money market mutual fund.

#### **Note 12. Coronavirus Pandemic**

On January 30, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak, a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. During 2020, the Plan implemented the CARES Act provision to waive 2020 required minimum distributions.

As the coronavirus pandemic continues to evolve, the Plan Sponsor believes the extent of any impact to the Plan will be primarily derived by the severity and duration of the pandemic's impact on the U.S. and global economies and the investment markets. The continued spread of the virus, or its re-emergence, could have a significant impact on investment values and market volatility.
