1. Description of the Plan

The following description of the H.R. Options, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who meet the Plan's eligibility and service requirements. An employee is eligible for deferrals and matching contributions on the employee's date of hire. Effective February 12, 2019, the Plan was amended to add a maximum deferral limit of 90% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Union employees and non-legal U.S. residents are excluded from participation in the Plan unless such agreement expressly provides for participation in the Plan.

Administration

The sponsor of the Plan is H.R. Options, Inc. (the Company). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. Great-West Trust Company, LLC, is the custodian and trustee of the Plan's participant directed investments. Empower Retirement, a subsidiary of the trustee and custodian, provides record-keeping services to the Plan.

Contributions

Eligible participants may contribute up to 90% of eligible compensation, as defined by the Plan, up to the maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

In addition to pre-tax elective deferrals, the Plan also allows for Roth deferrals as after tax contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into the various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants.

The Company contributions are discretionary. The discretionary matching contribution equals a uniform percentage or dollar amount of the employee's elective deferral each payroll period. Each year, the employer will determine the formula of the discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, employment status, or specific participant transactions, as defined. Investment income allocations are based on participant account balances on a daily valuation basis. Allocation among the available funds is at the participant's discretion. Participants may change their investment options at any time. The benefit to which a participant is entitled is limited to the amount of the participant's account balance.

Vesting

Participants are vested immediately in their contribution and earnings thereon. Participants are also immediately vested in employer's discretionary matching contribution and earnings thereon.

Payment of Benefits
Participant contributions can be distributed prior to termination or retirement age for hardship claims, death, or disability as defined in the Plan agreement. On termination of service for account balances less than $5,000, a lump-sum distribution may be made at the employer's discretion. For account balances greater than $5,000, the participant may elect to receive either a lump-sum distribution of the vested balance or substantially equal installments. The normal retirement age under the Plan is 65 years of age. Participants can take an in-service lump sum distribution of up to 100% of their vested interest at age 59 1/2. The Plan allows for early retirement at 55 years of age.

Subsequent Events
The Plan has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2020 through July 27, 2021, which represents the date these financial statements are available to be issued. There were no material events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in these financial statements

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to administration of specific transactions such as distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC 820) are as described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract
Value based on its beginning daily balance and its credited rate communicated to the Plan and credited daily. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	$ 4,989	$ -	$ -	$ 4,989
Mutual funds	7,802,237			7,802,237
Total assets in the fair value hierarchy	7,807,226	-	-	7,807,226
Investments measured at net asset value (a)	-	-	-	192,595
Total investment at fair value	$ 7,807,226	$ -	$ -	$ 7,999,821

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Guaranteed interest fund	$ 4,050	$ -	$ -	$ 4,050
Mutual funds	6,162,006			6,162,006
Total assets in the fair value hierarchy	6,166,056	-	-	6,166,056
Investments measured at net asset value (a)	-	-	-	167,551
Total investment at fair value	$ 6,166,056	$ -	$ -	$ 6,333,607

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Benefit-Responsive Investment Contract

The Plan invests in Wells Fargo Stable Value Fund, a fully benefit-responsive contract with Wells Fargo Bank, N.A. (WFB). WFB maintains the contributions in a general account. The value of this investment is based on the underlying unit value and approximates fair value and represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

As of December 31, 2020 and 2019, balances in the Wells Fargo Stable Value Fund were $192,595 and $167,551, respectively. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract does not permit issuers or the Fund to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company, the custodian and trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $9,401 for the year ended December 31, 2020.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants have a 100% non-forfeitable interest in their accounts, including Company contributions.

7. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

8. Income Tax Status

The IRS has advised the Plan Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

10. Excess Contributions

Excess contributions result from plans failing to satisfy the Actual Deferral Percentage (ADP) and/or Actual Contributions Percentage (ACP) tests and should be distributed to the applicable highly compensated employees (HCE) by March 15, 2021. If refunds are made after this deadline, the Company will be required to pay an excise tax to the IRS totaling 10% of the total excess amount. All ADP and/or ACP corrections must be made prior to December 31, 2021 to avoid further corrective actions. For the Plan year ended December 31, 2020, excess contributions refundable amounted to $4,989.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

	2020	2019
Net assets available for benefits per the financial statements	$ 7,994,832	$ 6,322,934
