WESTLAKE DERMATOLOGY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Westlake Dermatology 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering substantially all employees of Westlake Dermatology, P.A. (the Sponsor) who have completed one year of service and are age 18 or older. The Plan excludes union employees, nonresident aliens and part time employees who (1) have not reached age 21 or older or (2) completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator of the Sponsor is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which contained several provisions that temporarily impacted retirement plan sponsors and their participants. The provisions of the CARES Act included the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan repayment pause option. The Plan opted into the provisions of the CARES Act, and some participants took advantage of the new hardship withdrawal option. These temporary provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2022 deadline.

Contributions:
Each year, participants may contribute any amount or percentage up to 90% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor makes safe harbor matching contributions to each non-highly compensated participant based on his or her elective deferrals. During the year ended December 31, 2020, the Sponsor elected to match 100% of the first 3% and 50% of greater than 3% but less than or equal to 5% of employee contributions. The Sponsor may make discretionary profit sharing contributions and matching contributions to each participant based on his or her elective deferrals. For the year ended December 31, 2020, the Sponsor made no discretionary profit sharing or matching contributions. Contributions are subject to certain IRS limitations.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are immediately vested in both employee and employer contributions, plus actual earnings thereon.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The term of the loan shall not exceed five years, except for loans associated with the purchase of a primary residence. The loan interest rate shall be a reasonable interest rate commensurate with prevailing interest rates and a participant may have no more than two loans outstanding at any time. Loan repayments are made through payroll deductions, and each payment, which includes interest, is credited to the participant's loan account.

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits - continued:
Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available distributions prior to requesting a hardship withdrawal. The provisions of the CARES Act included a new hardship withdrawal option that some participants took advantage of during the year ended December 31, 2020. These participants have the option to pay back the funds during a three year period without the withdrawal being recognized as income for tax purposes.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator of the Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:
The Plan has evaluated subsequent events through July 28, 2021, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Sponsor contributions.

NOTE 4 - TAX STATUS

The Plan has adopted the Fidelity Management & Research Co. Volume Submitter Defined Contribution Plan Adoption Agreement No. 001. On June 30, 2020, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirement of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 4 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Interest income on notes receivable from participants for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued at cost, which approximates fair value, and is classified within Level 1 of the fair value hierarchy.

WESTLAKE DERMATOLOGY 401(K) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Westlake Dermatology 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering substantially all employees of Westlake Dermatology, P.A. (the Sponsor) who have completed one year of service and are age 18 or older. The Plan excludes union employees, nonresident aliens and part time employees who (1) have not reached age 21 or older or (2) completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator of the Sponsor is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which contained several provisions that temporarily impacted retirement plan sponsors and their participants. The provisions of the CARES Act included the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan repayment pause option. The Plan opted into the provisions of the CARES Act, and some participants took advantage of the new hardship withdrawal option. These temporary provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2022 deadline.

Contributions:
Each year, participants may contribute any amount or percentage up to 90% of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor makes safe harbor matching contributions to each non-highly compensated participant based on his or her elective deferrals. During the year ended December 31, 2020, the Sponsor elected to match 100% of the first 3% and 50% of greater than 3% but less than or equal to 5% of employee contributions. The Sponsor may make discretionary profit sharing contributions and matching contributions to each participant based on his or her elective deferrals. For the year ended December 31, 2020, the Sponsor made no discretionary profit sharing or matching contributions. Contributions are subject to certain IRS limitations.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are immediately vested in both employee and employer contributions, plus actual earnings thereon.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The term of the loan shall not exceed five years, except for loans associated with the purchase of a primary residence. The loan interest rate shall be a reasonable interest rate commensurate with prevailing interest rates and a participant may have no more than two loans outstanding at any time. Loan repayments are made through payroll deductions, and each payment, which includes interest, is credited to the participant's loan account.

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits - continued:
Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available distributions prior to requesting a hardship withdrawal. The provisions of the CARES Act included a new hardship withdrawal option that some participants took advantage of during the year ended December 31, 2020. These participants have the option to pay back the funds during a three year period without the withdrawal being recognized as income for tax purposes.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator of the Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:
The Plan has evaluated subsequent events through July 28, 2021, the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Sponsor contributions.

NOTE 4 - TAX STATUS

The Plan has adopted the Fidelity Management & Research Co. Volume Submitter Defined Contribution Plan Adoption Agreement No. 001. On June 30, 2020, the Internal Revenue Service stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirement of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 4 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Total investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Notes receivable from participants outstanding as of December 31, 2020 and 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued at cost, which approximates fair value, and is classified within Level 1 of the fair value hierarchy.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

This representation letter is provided in connection with your audits of the financial statements of Westlake Dermatology 401(k) Profit Sharing Plan, (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements, for the purpose of expressing an opinion on whether the financial statements present fairly, in all material respects, the net assets available for benefits and changes in net assets available for benefits of the Plan, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

We understand that, at our instruction, you did not perform any audit procedures with respect to information prepared and certified by Fidelity Management Trust Company, the Trustee, in accordance with the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), other than comparing such information with the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole. We understand the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the Trustee, was audited by you in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS), and was subjected to tests of our accounting records and other procedures as you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter, the following representations made to you during your audits:
