Note 1 - Description of Plan

The following description of the Southland Industries Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution 401(k) retirement plan available to substantially all employees of Southland Industries, Inc., Envise Co. (as of October 1, 2015), Temp-Control Mechanical Corporation (as of December 13, 2016), and Burns Mechanical, Inc. (as of November 1, 2020), (collectively, the "Company") who have completed ninety (90) days of service with the exception of employees subject to a collective bargaining agreement and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, to one year
- Temporary relief on required minimum distributions.

The Plan will be amended for the provisions implemented under the CARES Act by the time prescribed.

Contributions

Participants may elect to defer up to 75% of their eligible compensation as pre-tax or Roth contributions subject to Internal Revenue Service (IRS) limitations. New participants are automatically enrolled to defer 3% of their eligible compensation. Participant contributions automatically increase by 1% annually until the default percentage is 10%. Participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined by the Plan. The Company may make discretionary matching contributions to the Plan in amounts determined by the Board of Directors. During 2020 and 2019, the Company matched fifty percent (50%) of eligible compensation that a participant contributed to the Plan, with the exception of a match suspension for the period May 18, 2020 through July 20, 2020. The Plan also allows the Company to make discretionary profit sharing contributions. There were no discretionary profit sharing contributions for 2020 or 2019.

Note 1 - Description of Plan (continued)

Participant investment account options

The Plan allows participants to direct varying portions of their contributions and account balances among the different investment options offered by Charles Schwab Trust Company. The Plan also allows participants to self-direct their contributions and account balances into a Schwab Personal Choice Retirement Account. This account provides for the participant to place trading orders with Schwab Retirement Plan Services, Inc. pursuant to a limited power of attorney.

Participant accounts

Each participant's account is credited with the participant's deferral contributions, the Company's discretionary matching contributions, and an allocation of the Company's discretionary profit sharing contributions, if any, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested and charged with an allocation of administrative expenses. Allocations are based upon the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is repaid ratably through payroll deductions.

Payment of benefits

Participants may choose to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the Plan document. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the Plan document or upon the attainment of age 59½. A participant may request a distribution of their rollover account at any time.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Note 2 - Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the respective participant's account and are included in administrative expenses. The Plan added optional managed services to its investment platform which had a different fee structure. A majority of participants elected this and as a result, certain investment related expenses that were included in net appreciation in fair value investments are now charged directly to participant accounts and are included in managed service fees in the statements of changes in net assets available for benefits.

Note 3 - Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the schedule of assets (held at end of year) is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the schedule of assets (held at end of year).

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed accounts: Consists of common stocks, mutual funds, and cash equivalents. The common stocks and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. The cash equivalents are valued at cost, which approximates fair value.

Money market fund: Valued at cost, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019.

Note 5 - Related party transactions and party-in-interest transactions

Plan investments consist of interests in certain mutual funds, self-directed accounts and a money market fund held by Charles Schwab Trust Company. Charles Schwab Trust Company is affiliated with Charles Schwab Trust Bank, the trustee as defined by the Plan and, therefore, these investments and related investment transactions qualify as party-in-interest transactions. In addition, the third party administrator is Schwab Retirement Plan Services, an affiliate of Charles Schwab Trust Company. The Plan made direct payments to the third party administrator and trustee totaling $302,380 for 2020 and $285,033 for 2019. The Company pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the trustee of such in a letter dated June 19, 2014. Although the adoption agreement to the Plan has been amended since receiving the opinion letter, plan management believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 8 - Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020 the World Health Organization declared the outbreak of COVID-19 as a global pandemic. While the outbreak of COVID-19 has not resulted in material, adverse effects on the Plan's investments, the long-term effects of the pandemic cannot be determined at this time.

Note 8 - Risks, uncertainties and concentrations (continued)

At December 31, 2020 and 2019, approximately 19% and 20% of the Plan's investments were invested in the Vanguard Total Bond Market Index Fund, respectively.

Note 9 - Subsequent events

The Plan has evaluated subsequent events through July 23, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure.
