Note 1: Description of the Plan

The following description of the Lucky Eagle Casino 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering employees of the Lucky Eagle Casino (the "Casino"), who have attained the age of 18 and completed three months of service. The Plan has two features: a salary deferral feature and an employer match feature. The Plan became effective on January 1, 1999 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective May 1, 2016, the Plan elected to offer a Roth 401(k) feature. Effective March 1, 2017, the Plan elected to remove suspension of elective deferrals for hardship distributions. The Casino is the Plan's sponsor and serves as plan administrator.

Contributions – Each year, participants may contribute a percentage of their annual compensation, up to established Internal Revenue Service (IRS) limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan includes an automatic salary deferral feature in which 3% of the participant's compensation is automatically withheld and contributed to the Plan once the participant meets the eligibility requirements. A participant may elect not to participate in the Plan upon notification to the Plan sponsor. The Plan allows for the Casino to make employer matching contributions up to 3% of participant compensation.

Investments – Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options anytime throughout the year. The Plan offers several investment choices through investments held with Standard Insurance Company. If a participant does not elect an investment option at the time of enrollment, their contributions are invested in the applicable lifecycle fund based on the participant's age until the participant changes their election. The Casino's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts – Each participant's account is credited with the participant's salary deferral contribution, the Casino's matching contribution, and the allocation of the Plan earnings (losses). The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting – Participants are immediately vested in their voluntary contributions and earnings thereon. The Casino's matching contributions and actual earnings thereon become vested as follows:

Service Period	Vesting Percentage
Less than 2 years	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and charge interest at the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 1: Description of the Plan (Continued)

Payment of Benefits – Upon disability, retirement, death, or termination of employment, a Plan participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the account, equal installments over a period of time, or a different form of commercial annuity.

Forfeited Accounts – At December 31, 2020 and 2019, forfeited amounts available to offset employer contributions totaled $49,518 and $196,670, respectively. During the years ended December 31, 2020 and 2019, the Casino utilized $4,468 and $4,524, respectively, in forfeitures to offset Plan expenses. During the year ended December 31, 2020, the Casino utilized $191,669 in forfeitures to fund the employer match.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB) as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Employee Benefit Plans.*

During 2020, the Plan implemented GASB Statement No. 84, *Fiduciary Activities*, the objective of which is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. Implementation of this statement did not have a significant impact on the Plan's financial statements.

In May 2020, GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, effective immediately. The objective of this statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by extending the effective dates of certain accounting and financial reporting provisions in Statements and Implementation Guides that were first effective for reporting periods beginning after June 15, 2018 and later. Implementation of this statement extended the effective date of GASB Statement No. 92.

In January 2020, GASB issued Statement 92, *Omnibus 2020.* The objective of this statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements. GASB Statement No. 92 becomes effective for the Plan for the 2022 reporting period.

The effect of the future adoption of GASB Statement No. 92 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received and credited to the participants' accounts. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value, as certified by the Plan's custodian, Standard Insurance Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fully benefit-responsive investments are reported at contract value. Contract value is the most relevant measurement attribute because it is the amount that participants in a plan would receive in a permitted participant-initiated transaction.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan recognizes benefit payments in the period the benefits are paid.

Administrative Fees

All administrative fees of the Plan may be paid out of the Plan assets, if the Casino does not pay the fees directly. Fees related to the administration of notes receivables from participants are charged directly to the participant's account and are included in administrative fees.

Date of Management's Review

Subsequent events were evaluated through July 23, 2021, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments, excluding the fully benefit-responsive contract, are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements (Continued)

GASB Statement No. 72, *Fair Value Measurement and Application,* provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available to the Plan. There were no Level 1 or 3 inputs available to the Plan.

Level 2 Fair Value Measurements

The fair value of the mutual funds held in the pooled separate accounts are based on inputs other than quoted prices included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Fair value of the investments is based on the net asset value of the fund as reported by the investment advisor. Net asset valuation is computed by dividing the total assets minus liabilities, allocated to each share class by the number of shares outstanding for that class at the close of each business day that the New York Stock Exchange is open. Level 2 inputs may also include insignificant adjustments to market inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

December 31, 2020	Fair Value	Inputs Other Than Quoted Prices in Active Markets for Identical Assets (Level 2)
Mutual funds:		
Growth equity funds	$ 1,091,916	$ 1,091,916
Blend equity funds	2,611,220	2,611,220

Bond funds	808,176	808,176
Total investments, at fair value	$ 8,130,946	$ 8,130,946

Note 3: Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

December 31, 2019	Fair Value	Inputs Other Than Quoted Prices in Active Markets for Identical Assets (Level 2)
Mutual funds:		
Growth equity funds	$ 1,211,386	$ 1,211,386

Bond funds	1,011,329	1,011,329
Total investments, at fair value	$ 8,417,872	$ 8,417,872

Note 4: Investments

Investments representing 5% or more of net position available for benefits consisted of the following as of December 31:

	2020	2019
Stable Asset Fund	$ 1,059,750	$ 1,124,528
Dodge & Cox Income	$ 789,036	$ 993,617

T. Rowe Price Growth Stock I	$ 653,976	$ 710,658
Vanguard Target Retir 2050 Inv	$ 509,064	N/A

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,030,029 and $1,672,065 for the years ended December 31, 2020 and 2019, respectively. Those changes in the Plan's investments were due to the mutual funds held by the Plan.

Note 5: Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit responsive investment contract with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 5: Guaranteed Investment Contract with Insurance Company (Continued)

The guaranteed investment contract meets the fully benefit-responsive criteria and; therefore, is reported at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the fully benefit-responsive investment at December 31, 2020 and 2019, was $1,059,750 and $1,124,528, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 9: Related Party Transactions / Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Standard. Standard is the custodian as defined by the Plan. Certain investment advisory services are provided by Financial Advocate Investments, while certain record keeping services are performed by StanCorp Financial Group. These transactions qualify as related party/party-in-interest transactions. Fees paid by the Plan for these services amounted to $39,592 and $39,368 for the years ended December 31, 2020 and 2019, respectively. Also, certain administrative functions are performed by employees of the Plan sponsors on behalf of the Plan.

Note 10: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from income tax. The Plan has obtained a favorable tax determination letter dated March 31, 2008, from the Internal Revenue Service, covering the Plan offered by the trustees. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11: Plan Termination

Although it has not expressed any intention to do so, the Casino has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

Note 13: ERISA Fidelity Bond

ERISA requires that every employee benefit plan obtain a fidelity bond to protect the Plan against theft of Plan assets by fiduciaries and other Plan officials. The amount of the bond is fixed at the beginning of the Plan year, in an amount that is not less than 10% of the Plan assets as of the beginning of the Plan year, up to a maximum bond requirement of $500,000. Bonds were in place during the years ended December 31, 2020 and 2019.

Note 14: COVID-19 Considerations

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (WHO). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participants eligibility criteria. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Extended the period for loan repayments, if applicable, up to one year

Note 15: Restatement of Financial Statements

During the year ended December 31, 2020, the Plan used $191,669 in forfeitures to reduce the amount of the employer receivable and employer contributions of $442,454 as previously reported. Net position available for benefits, as previously reported for December 31, 2019, was decreased by $191,669, the amount of forfeitures.
