NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN:

The following description of the Dunkin' Brands 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Dunkin' Brands Group, Inc. (the "Company") who become eligible to participate on the first date of the first calendar month following their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

During 2020, the Plan has implemented and also adopted certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, delay the commencement date for required minimum distributions and allows the Plan's participants to take a COVID-19 related distribution up to \$100,000. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

On December 15, 2020, Inspire Brands, Inc. acquired all of the issued and outstanding shares of Dunkin' Brands Group, Inc. common stock.

Contributions

Upon meeting eligibility requirements, participants may contribute up to 80% of their plan compensation on a pre-tax or after-tax Roth basis, subject to Internal Revenue Code ("IRC") limitations. Employees who do not make an election will be automatically enrolled in the plan at a deferral rate of 2% of eligible compensation. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Unless otherwise determined and communicated by the Company in advance of a Plan year, matching contributions will be made equal to 100% of a participant's contributions, up to the first 4% of a participant's eligible compensation. However, the Company may suspend matching contributions for any period beginning after such suspension is communicated. During 2020, the Company suspended the match from April 26, 2020, to October 15, 2020, and made matching contributions equal to 100% of a participant's contributions, up to the first 4% of a participant's eligible compensation for the remaining months. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements.

The Company may elect to contribute a discretionary non-elective amount in addition to matching contributions. Discretionary contributions are allocated based on the ratio of each eligible participant's compensation to the total of all eligible participants' compensation. The Company did not make a non-elective discretionary contribution for 2020.

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account.

Vesting

Participants are immediately vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions, and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions, and earnings thereon vests according to the following schedule:

<u>Completed Years of Service</u>	<u>Percent Vested</u>
less than 1 year	0%
1 year	25%
2 years	50%
3 or more years	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account will be restored. Forfeitures are used first toward such restoration of any participant accounts, and then used to reduce future employer contributions or pay plan administrative expenses. During 2020, there were no forfeitures used for administrative expenses, and \$248,818 was used to reduce employer contributions. Unapplied forfeitures remaining as of December 31, 2020 and 2019 were \$209,013 and \$324,387, respectively.

Unallocated Assets

The Plan holds assets in an unallocated account which receives contributions as a result of a revenue sharing agreement with Charles Schwab Bank. During 2020, there were no contributions that were made to this account. Funds in the account are used to pay plan expenses. During 2020, \$14,207 was used to pay Plan expenses. Unallocated assets were \$15,995 and \$28,312 at December 31, 2020 and 2019, respectively.

Distribution of Benefits

Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums, a partial distribution, or installment payments.

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship", as defined in the plan document. Participants may withdraw from their rollover account at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than one loan may be outstanding at any time. Principal and interest is generally paid ratably through payroll deductions each pay period.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Expenses of the Plan

Substantially all expenses incurred in the administration of the Plan are paid by the Plan. Participant transactions, some investment expenses, and annual administrative fees incurred by the Plan are paid by the participants. Investment related expenses are included in net appreciation of fair value of investments. Expenses that are paid by the Company are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Common collective trust – Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Dunkin' Brands Group, Inc. common stock fund – Valued at the closing price reported on the active market on which the individual security is traded.

Common stocks, exchange traded funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage accounts – Holds common stock, mutual funds, and exchange traded funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Galliard Retirement Income Fund, a stable value common collective trust held by the Plan as of December 31, 2020 and 2019 has an objective of providing safety of principal, adequate liquidity, and competitive yield with low return volatility. To achieve this objective, the trust invests in the Wells Fargo Synthetic Stable Value Fund. One year of notice is required to redeem the trust at contract value. Participant directed redemptions are allowed daily with no restrictions.

The Plan held multiple T Rowe Price common collective trusts as of December 31, 2020 and 2019, each of which has an objective to invest over time primarily in a diversified portfolio of underlying trusts that represent various asset classes and sectors with an allocation to equity-based underlying trusts becoming increasingly conservative over time. Unitholders may be required to provide up to 30-days advance written notice to redeem the trust units. The trustee may shorten or waive the notice period at their sole discretion.

D. PLAN TERMINATION:

The Plan was established with the intention that it will continue indefinitely. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

F. TAX STATUS:

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 25, 2014 that the Prototype plan document and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

DUNKIN' BRANDS 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, no auditing procedures with respect to the information certified by Charles Schwab Trust Bank, the trustee of the plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedules. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2020, the investment earnings and other investment-related transactions of the Plan, and the information contained in the Schedule H, line 4(i) - Schedule of Assets (Held at End of Year).

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The specific impact of the COVID-19 global pandemic on the Plan's investment securities is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through July 27, 2021, the date these financial statements were available for issuance.
