1. DESCRIPTION OF PLAN

The following description of the Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan's prototype plan document and related adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Glenn Thurman, Inc. and its wholly owned subsidiaries, Thurman Transportation, Inc., and GTI Energy Services, LLC (collectively, the "Company" or "Employer"). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan was adopted to enable eligible employees to defer their compensation and share in Employer contributions to save and invest those funds for retirement. Great-West Life and Annuity Insurance Company (the "Custodian") is responsible for asset custody, executing investment transactions on behalf of the Plan and its participants and is responsible for record keeping of participants' accounts. RetirementPlans.com, formerly known as Pension Analysis Bureau, Inc., is the Plan's third party administrator (TPA) responsible for preparing the Plan's Form 5500 and performing certain administrative transactions between the Plan and Custodian.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter-in-place orders and financial market disruption resulting in significant volatility to the Plan's investments. In response, the U.S. government enacted the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which includes significant provisions to provide relief and assistance to affected organizations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and shelter-in-place orders and the ultimate impact of the CARES Act and other governmental initiatives. It is at least reasonable possible that this matter will negatively affect the Plan. However, the ultimate financial impact and duration cannot be reasonably estimated by management at this time.

Effective March 27, 2020, the Plan adopted the provisions of the CARES Act related to participant loans and participant distributions. See payment of benefits and participant notes receivable disclosures for a description of the provisions adopted by the Plan.

Eligibility

All employees of the Company who have completed one year of service, with more than 1,000 hours during a twelve-month period, are eligible to participate in the Plan upon the last day of the twelve-month period.

1. DESCRIPTION OF PLAN (continued)

Employer contributions

As a safe-harbor matching contribution, the Company matches one hundred percent (100%) of employee contributions to the Plan, limited to three percent (3%) of compensation, and an additional fifty percent (50%) of employee contributions to the Plan, limited to two percent (2%) of compensation. In addition, the Company may, at the discretion of the Company's board of directors, make discretionary non-elective contributions. The Company made no discretionary non-elective contributions for the year ended December 31, 2020.

Employee contributions

Participants may contribute up to 100% of their annual compensation as defined in the Plan. All contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to IRS limits. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, any Employer contributions, and an allocation of investment interest, if any. Investment gains or losses applied to a participant's account are based on the units held by the participant in the applicable fund(s) or another method as prescribed by the plan document. Participants may direct their account balances into any of the investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, the Company's safe-harbor matching contributions, any discretionary non-elective contributions, and any income thereon made after January 1, 2015. The Company's match contributions, any discretionary non-elective contributions, and any income thereon, made prior to January 1, 2015 is subject to the vesting schedule as follows:

Years of Service	Vested Percentage
1 year	- %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more years	100 %

1. DESCRIPTION OF PLAN (continued)

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon a participant's termination of service due to death, disability, or retirement, the participant may take a distribution from the Plan in the form of a lump sum or periodic payment. Cash out provision of the Plan allows the Plan upon termination of employment, to distribute vested account balances of less than $5,000 without the participant's consent. Account balances exceeding $1,000 may be distributed to an Individual Retirement Account for the benefit of the participant. Account balances less than $1,000 may be distributed as a lump sum distribution. Hardship distributions of pre-tax elective distributions are permitted.

With the adoption of the CARES Act, qualified participants were able to take coronavirus-related distributions up to $100,000 or 100% of their vested account balance from March 27, 2020 through December 31, 2020. Mandatory tax withholdings and early withdrawal penalties were waived and ordinary income taxes may be paid over a three-year period. Participants are permitted to repay the distribution over a three-year period. In addition, required minimum distributions for individuals who have reached age 70 ½ were waived.

Administrative expenses

Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets.

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest account managed by affiliates of the Custodian for which certain fees paid to the Custodian for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting Plan earnings.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to reduce administrative expenses. Forfeited accounts available for the Employer to reduce future administrative expenses totaled $65 and $0 at December 31, 2020 and 2019, respectively. During the year ended December 31, 2020, no forfeitures were applied to reduce administrative expenses.

1. DESCRIPTION OF PLAN (continued)

Participant notes receivable

Loans may be made to participants at their request subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No more than two loans may be outstanding at any one time, with the second loan available only for the purchase of a primary residence. Loan terms may range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and accrue interest at a rate based on the prime rate of interest published by Federal Reserve Bank as of the date of the loan, plus 2%. Interest rates on participant notes outstanding as of December 31, 2020, range from 5.25% to 7.50%. Participant loans are recorded at their unpaid principal balance plus any unpaid accrued interest.

With the adoption of the CARES Act, qualifying participants impacted by COVID-19 were able to borrow up to $100,000 or 100% of their vested account balance. The notes receivable limit increase was available through September 23, 2020. Additionally, repayments of outstanding notes receivable for qualifying participants were able to be suspended for up to one year for payments due from March 27, 2020 through December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for benefits and changes in those assets.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. See discussion below of significant estimates used to measure fair value of investments.

Accounting standards update

During August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments eliminate, add, and modify certain fair value disclosure requirements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The adoption of this standard did not have a material effect on the Plan’s financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and Plan's financial statements.

Investment valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including pooled separate accounts (PSAs) and in Key Guaranteed Portfolio Fund, a guaranteed interest account (GIA). The Plan's investment in PSAs is stated at net asset value (NAV), as a practical expedient to fair value, as determined by the Custodian. The Plan's investment in the GIA is a fully benefit responsive investment contract valued at contract value as reported by the Custodian. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Contributions and contribution receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer matching contributions and non-elective contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for Company contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

3. GROUP ANNUITY CONTRACT

The Plan has a Group Annuity Contract (the "contract") with the Custodian under which the Custodian maintains certain participant directed contributions in the GIA, which is commingled with the general assets of the Custodian. The GIA is considered a fully benefit-responsive guaranteed interest contract and is reported at contract value on the Plan's financial statements, as determined by the Custodian. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The GIA can be terminated by the Custodian if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. The GIA can also be terminated by either the Company or Custodian for additional reasons as defined in the contract. Certain events, such as the premature termination of the GIA by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian. The plan administrator believes the occurrence of such events (which would also limit the Plan's ability to transact at contract value with Plan participants) is not probable.

The average crediting interest rate for the contract at December 31, 2020 and 2019 was 1.04% and 1.20%, respectively. Interest earned on the GIA value is compounded daily to the effective annual interest rate. The interest rate to be credited to the contract holder will be determined by Great-West Life & Annuity Insurance Company prior to the last day of the previous calendar quarter.

4. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity specific measurement. US GAAP establishes a three-level valuation hierarchy based upon observable and unobservable inputs. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

4. FAIR VALUE MEASUREMENTS (continued)

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment in a GIA is valued at contract value and is not disclosed in the fair value hierarchy under US GAAP.

The Plan invests in PSAs under its contract with the Custodian. Investment in PSAs are valued at estimated fair value using the net asset value per share of the investment as a practical expedient. The PSAs are not required to be categorized within the fair value hierarchy.

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such an election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the Plan's investment information and notes receivable from participants information, and related activity, certified by the Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

The Custodian has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	2020	2019
Investments:		
Pooled separate accounts, at estimated fair value	$ 5,954,464	$ 5,028,235
Guaranteed interest account, at contract value	1,429,858	1,133,621
Participant notes receivable	237,051	264,231
	$ 7,621,373	$ 6,426,087

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED) (continued)

Investment income and interest on notes receivable from participants certified by the Custodian for the year ended December 31, 2020:

Investment income:	
Interest	$ 14,527
Interest on participant loans receivable	15,017
Net appreciation in fair value of investments	741,728
	$ 771,272

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would have various options for the disposition of their 100% vested accounts as defined in the plan document.

7. INCOME TAX STATUS

Effective January 1, 2009, the Plan adopted the prototype plan document sponsored by the TPA. The TPA received an opinion letter from the IRS dated March 31, 2008, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. PARTIES-IN-INTEREST

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Custodian and its affiliates, including fund fees and revenue sharing arrangements, qualify as party-in-interest transactions. The Plan's sponsor pays certain fees and expenses on behalf of the Plan; these transactions qualify as party-in-interest transactions.

The Custodian retains as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 30, 2021, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
