VNS Federal Services, LLC 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2020 and 2019

1. DESCRIPTION OF PLAN

The following description of the VNS Federal Services LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all full-time employees of the Company who have completed one month of employment. The Plan uses PNC Bank, NA, as the trustee.

Contributions

Employees are permitted to make salary deferral contributions to the Plan under a 401(k) arrangement up to the maximum allowable amount not to exceed limits of Code Section 401(k), 402(g), 404, and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan does not permit participant nondeductible contributions.

The Company provides employer matching contributions of 100% of the first 3% of compensation and 50% of Compensation between 3% and 5%.

The Plan accepts qualified rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. A participant is 100 percent vested in all employer matching contributions plus actual earnings thereon. Forfeitures of non-vested amounts are used to reduce the Company's contributions. Forfeitures were not applied in either 2020 or 2019.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loans at a given time. The loans are secured by the balance in the participant's account.

Loan terms range from one to five years and bear interest at a rate comparable to local prevailing rates as determined by the Plan trustee. Principal and interest is paid ratably through monthly payroll deductions.

Loans are treated in default if any scheduled payment remains unpaid more than 90 days.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum amount equal to the value of his or her vested benefit, substantially equal installments, or partial withdrawals. The Plan also allows for in-service distributions for participants who have attained age 59 1/2.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to have its financial statements prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Investment related expenses are included in net appreciation of fair value of investments

Subsequent Events

Subsequent events were evaluated through July 28, 2021, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets,• quoted prices for identical or similar assets or liabilities in in active markets,• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's mutual funds at fair value:

Fair Value Measurements at December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 27,704,561	\$ -	\$ -	\$ 27,704,561
Total investments	\$ 27,704,561	\$ -	\$ -	\$ 27,704,561

Fair Value Measurements at December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 23,651,569	\$ -	\$ -	\$ 23,651,569
Total investments	\$ 23,651,569	\$ -	\$ -	\$ 23,651,569

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

5. GUARANTEED INVESTMENT CONTRACT WITH T ROWE PRICE

The Plan has entered into a fully benefit responsive guaranteed investment contract with T Rowe Price. T Rowe Price maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net plan assets available for benefits. Contract value, as reported to the Plan, represents contributions made on the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all of a portion of their investment at contract value.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (included complete or partial Plan termination or merger with another plan) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

5. TAX STATUS

The IRS has determined and informed the Company by letter dated October 15, 2004, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax Counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related Trust is tax-exempt.

Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for the years prior to December 31, 2017.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a third-party administrator. Advising, record keeping and broker fees of were paid by the Plan in accordance with the Plan document. The Plan's investments were held by PNC Bank, NA, which is the custodian as defined by the Plan; therefore, these transactions, as well as forfeiture balances, qualify as exempt party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net depreciation in fair value of investments for the year ended December

31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by PNC Bank, NA, the trustee of the Plan.
