INDEPENDENT AUDITORS' REPORT

To the Board of Directors of NPIC and the Participants of NPIC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NPIC 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter Supplementary Information

The supplemental schedule listed in the Table of Contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NPIC 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 1: Description of the Plan

General

The following description of the NPIC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan a defined contribution plan established by Natural Polymer International Corporation (the Company, or Plan Sponsor) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. Employees who complete 90 days of service are eligible to participate in the Plan except for the following:

- Members of a collective bargaining unit where retirement benefits were the subject of good faith bargaining;
- Non-resident aliens; and
- Leased employees.

Upon satisfying the eligibility requirements, the employee may participate in the Plan on the first day of the coinciding or following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as well as certain provisions of the federal income tax laws.

Contributions

Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral up to the maximum allowed by law. Participants may choose from two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

At the discretion of the plan administrator, participants may be permitted to deposit or "rollover" into the Plan distributions they have received from other plans and certain IRAs. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are not to exceed the limits imposed by Section 402(g) of the IRC.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals each payroll period. In applying the matching percentage, only salary deductions up to 2% of annual compensation will be considered. Participants are eligible to receive matching contributions regardless of the amount of service that is completed during the Plan Year. During 2020, the Company made discretionary contribution in the amount of $57,280.

The Company may also make a discretionary profit sharing contribution for the same percentage of compensation for all eligible participants. The percentage is determined by dividing the total profit sharing contribution by the total of all participants' compensation. Participants are eligible to receive discretionary profit sharing contributions regardless of the amount of service that is completed during the Plan Year. The Plan did not have profit sharing contributions for the Plan year 2020 and 2019. The profit sharing contribution does not apply to "catch-up" contributions.

Participant Account Balances

Each participant's account is credited with the participant's contribution, allocation of the Company's discretionary matching contributions and profit sharing contributions, Plan earnings or losses and charged with allocation of administrative expenses. Allocations may be charged based on either the size of the participant's account balance or equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for Company matching and profit sharing contributions is based on vesting periods of service. Participants are credited with a period of service for each twelve-month period from date of employment until the date of termination. A participant is always 100% in their Company matching and profit sharing contributions if they are employed on or after their normal retirement age or if they terminate employment on account of their death or disability. Participants are vested in Company matching and profit sharing contributions based on the following schedule:

Periods of Service	Percentage Vested
1 Year	33%
2 Years	66%
3 years	100%

Forfeitures

Forfeitures represent unvested portions of terminated participants' accounts. The forfeiture balance at December 31, 2020 and 2019 was $6,479.85 and $18,083.38, respectively, held in cash. At any time when accounts are forfeited, these accounts will first be used to pay any administrative expenses and then used to reduce any matching contributions. $0 was used to reduce administrative expenses or Company contributions during 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the plan administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Under the terms of the Plan agreement, participants are entitled to receive an in-service distribution as either a lump-sum equal to the value of the participant's vested interest in their account balance or a payment in the form of a joint account and survivor annuity commencing upon the participant's attainment of the normal retirement age; however, this distribution is not in addition to the participant's other benefits and will therefore reduce the value of the benefits received at retirement.

Participants may elect to receive a distribution from certain accounts prior to termination of employment provided they have attained the age of 59 ½, incurred a financial hardship, or incurred a disability. In the event of death before retirement while working for the Company, the participant's account balance is paid to the selected beneficiary.

Benefits paid to participants are recorded when paid. The Plan requires a distribution in the form of a single lump-sum cash payment for any distribution of an account balance that does

not exceed and has never exceeded $5,000.

On termination of service, death, disability, or retirement, a participant is entitled to receive a lump- sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan as defined in the Plan document.

Administrative Expenses

Certain administrative expenses are paid by the Plan as described in the Plan document and service agreements. The remaining expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's accounts in a manner permitted by the Plan document as soon as practicable.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to use estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 4 for discussion of fair value measurements.

Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes gains and losses on investments bought and sold as well as held during the year, and expenses related to the Plan's investment portfolio.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2020 and through June 28, 2021, the date which

the financial statements are available to be issued, for inclusion in the financial statements and footnotes.

Note 3: Investments and Investment Income

Information related to investments as of December 31, 2020 and 2019 and related investment income for the year ended December 31, 2020 was certified by John Hancock Life Insurance Company (U.S.A.), the trustee of the Plan (Trustee), as permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 4: Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	2020	2019
Level 1:		
Mutual funds	$ 1,540,176	$ 939,097
Total investments at fair value	$ 1,540,176	$ 939,097

Note 5: Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and common/collective trust funds managed by the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Certain fees paid to the Trustee for investment management services are incorporated into the expense ratios of the individual mutual funds are paid directly from investment fund balances thereby affecting fund earnings. Participants should refer to the individual fund's prospectus for additional information regarding fund fees.

Note 6: Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Note 7: Plan Tax Status

Effective January 1, 2008, the Plan Sponsor amended and restated the Plan by adopting a non-standardized prototype plan developed by the Trustee. The prototype plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. Plan management intends for the Plan to operate as a qualified Plan and will do whatever is necessary to maintain the tax qualified status of the Plan.

US GAAP requires the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015
