Contributions:

Participants may elect to contribute a percentage of their compensation into the Plan on a pre-tax or post-tax (Roth contribution) basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Organization may make matching contributions to each participant's account. Employees become eligible to receive the matching contribution when they complete 90 days of continuous employment. The matching contribution is based on a percentage of the participant's contribution. The Organization matched 50% of the participant's contribution limited to the first 6% of the participant's compensation in 2020 and 2019. Matching contributions totaled \$178,533 in 2020 and \$138,115 in 2019. Matching contributions receivable was \$8,705 at December 31, 2020 and \$6,582 at December 31, 2019.

Contributions from employers are net of payments of \$8,824 and is included on the statement of net assets available for benefits at December 31, 2020 (payment made in February 2021) and \$13,411 is included on the statement of net assets available for benefits at December 31, 2019 (payment made in February 2020) to active participants to return excess matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2020 and 2019.

The Organization may also make nonelective discretionary contributions to the Plan. The amount of the nonelective discretionary contributions is determined annually by the Organization. Employees must meet the same requirements as the matching contribution and be employed on December 31 to become eligible to receive the nonelective discretionary contributions. The Organization did not make a nonelective discretionary contribution for 2020 and 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of the Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained and each account is credited with participant and employer contributions. Plan earnings (losses) are allocated based upon account balances.

Vesting:

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Participants vest in employer matching and nonelective discretionary contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Payment of benefits:

Participants may elect to withdraw all or a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. If participants suffer serious financial hardship, as defined by the Plan, they may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain normal retirement age (defined at age 65), they may elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death, and will be distributed in a single lump sum, annuity or installment payments.

Benefit payments are recorded when paid.

Investment options:

Participants direct the investment of their contribution and employer matching and nonelective discretionary contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account (as defined) represents forfeiture. Forfeitures may be used to restore forfeitures, reduce the employer matching contribution or to pay administrative expenses of the Plan. Any remaining forfeitures will be held unallocated in a suspense account. Forfeited amounts used to pay administrative expenses of the Plan totaled \$9,317 in 2020 and \$9,000 in 2019. The forfeited account had a balance of \$3,041 at December 31, 2020 and \$555 at December 31, 2019.

YEARS ENDED DECEMBER 31, 2020 AND 2019

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Recently adopted accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, Changes to the Disclosure Requirements for Fair Value Measurements. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are stated at fair value, as provided by Ascensus Trust Company (Ascensus) at December 31, 2020 and 2019.

As provided by Ascensus, purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date, if any. The Plan's gains and losses on investments bought and sold, as well as held during the year, are reflected in the statements of changes in net assets available for benefits as net appreciation in fair value of investments.

3. Investments:

The following table presents the fair value of investments at December 31, 2020 and 2019. All investments of the Plan were participant directed at December 31, 2020 and 2019.

	<u>2020</u>	<u>2019</u>
Investments:

YEARS ENDED DECEMBER 31, 2020 AND 2019

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at net asset value or fair value on a recurring basis at December 31, 2020 were as follows:

	<u>(Level 1)</u>	<u>Total</u>
Mutual funds	<u>\$ 5,361,448</u>	<u>\$ 5,361,448</u>

4. Fair value (continued):

Assets measured at net asset value or fair value on a recurring basis at December 31, 2019 were as follows:

	<u>(Level 1)</u>	<u>Total</u>
Mutual funds	<u>\$ 4,224,587</u>	<u>\$ 4,224,587</u>

5. Expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Certain administrative functions are performed by employees of the Organization. No such employee or the Organization receives compensation from the Plan.

Additionally, investment related expenses are included in net appreciation in fair value of investments.

6. Information certified by custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, in accordance with Section 2520.103-5(c) of the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

7. Income tax status:

The Plan adopted a volume submitter plan that received an opinion from the Internal Revenue Service (IRS) dated March 31, 2017 stating that the plan is acceptable, and therefore, the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions.

During 2019, the Plan received correspondence from the IRS indicating that the Plan's year ended December 31, 2017 would be subject to an IRS examination. Additionally, the IRS selected several other prior year ends to be reviewed as part of the 2017 IRS examination. During July 2020, the examination was finalized and closed out by the IRS. There was no significant impact on the Plan nor to the Plan's qualified status as a result of the examination.

8. Plan termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

10. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through July 29, 2021, the date the Plan's financial statements were available to be issued.
