INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan
Houston, Texas

We were engaged to audit the accompanying financial statements of Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Fidelity Management Trust Company, the trustee, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

To the Plan Administrator of
Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan
Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated July 10, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan (the Plan) is a qualified retirement plan adopted by Trendsetter Engineering, Inc. and an affiliate (collectively, the Company) on January 1, 2010, to enable eligible employees to save for retirement. Affiliated companies are defined as members of a controlled group of corporations or other entities that are under common control. An affiliated company of the Plan is Trendsetter Vulcan Offshore, Inc. The Plan was amended and restated effective May 7, 2020 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the terms of the plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company that have attained age 21 and have completed three months of service are eligible to become a participant in the Plan. Employees become an active participant on the first day of the month on or after meeting these requirements.

Contributions – Participants may elect to defer a percentage of their eligible compensation (up to 90%) into the Plan after they satisfy the Plan's eligibility requirements, and have that amount contributed as pre-tax contributions to an account in the Plan on their behalf, not to exceed the dollar limit set by law. A participant may elect to have all or a portion of their elective deferrals to be Roth elective deferrals when contributed to the Plan or may elect to contribute to the Plan on an after-tax basis. The Plan also contains an automatic enrollment feature. The Company will begin to automatically deduct 3% from an eligible employee's pay on a pre-tax basis as a deferral contribution to the Plan, following a 30-day notice. Participants may stop or change this automatic contribution at any time. Participants can create an annual increase program to gradually raise their contribution rate each year. If a participant is automatically enrolled, the Company may automatically increase their contributions annually until their contributions reach a maximum of 10%. In addition, participants who are projected to be age 50 or older by the end of the taxable year and who are making deferral contributions to the Plan may also make catch-up contributions. Participants may increase or decrease the amount they contribute as of the beginning of each payroll period. Participants may also completely suspend their contributions which they may resume on the first day of the beginning of each payroll period.

The Company has elected to make safe harbor matching contributions to all eligible participants in an amount equal to 100% of the first 3% of the participant's eligible compensation, and 50% of the next 2% of the participant's eligible compensation, contributed to the Plan as deferral contributions. Participants will be 100% vested in these contributions when made.

The Company may make discretionary nonelective contributions. Participants must complete at least 1,000 hours of service during the plan year to be eligible to receive any nonelective contributions that may be made for that plan year. For 2020, the Company did not make any discretionary nonelective contributions.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan as a rollover contribution into this Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trust funds, a money market fund, and a self-directed brokerage account as investment options. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting – Participants are always 100% vested in their rollover contributions, after-tax contributions, qualified nonelective contributions, deferral contributions, safe harbor matching employer contributions and any earnings thereon. Employer nonelective contributions and earnings shall be vested in accordance with a 6-year graded vesting schedule, in which participants will earn 20% vesting each year after 2 years of service.

Notes Receivable From Participants – Loans are made available under the Plan on a reasonably equivalent basis. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior one-year period. The loans are secured by the balance in the participant's account. Loans bear a reasonable interest rate. Principal and interest is paid ratably through monthly payroll deductions. The repayment period will not be longer than five years unless the loan is used to buy a principal residence.

Payment of Benefits – A distribution can be made to a participant, beneficiary, or beneficiaries if they request one due to their retirement, termination of employment from the Company and any related employer, or death. Participants may defer receipt of their distributions until a later date. However, a participant cannot postpone it if their vested account balance is $5,000 or less in which case the Company will direct Fidelity Management Trust Company, the trustee, that any account exceeding $1,000 be distributed to an IRA for their benefit. If a participant's vested account balance is $1,000 or less, the Company will direct the trustee to distribute it to the participant as a lump sum distribution without their consent. A participant's consent will be required for any distribution if their vested account balance is greater than $5,000.

Participants may take in-service distributions while still employed with the Company if they are age 59½ or older at the time of the distribution. If a participant has a financial hardship due to immediate and heavy financial need, they may also withdraw from their vested account.

Coronavirus-Related Distributions – On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act. The amendment for the CARES Act elections must be adopted by the end of calendar year 2022.

Forfeited Accounts – If a participant terminates employment with the Company and is less than 100% vested in their employer account, they may forfeit the non-vested portion of their employer account. A forfeiture will occur in the Plan year that the participant receives a distribution of their entire vested account. Forfeitures are retained in the Plan and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. At December 31, 2020 and 2019, forfeited accounts totaled $6,116 and $4,437, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through July 28, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money Market Fund – Valued at cost, which approximates fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds – Valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. In accordance with ASC 820-10, certain investments (common collective trust funds) that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value presented in the table below is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Self-Directed Brokerage Account – Primarily consists of money market funds, mutual funds, and common stocks that are valued on the basis of readily determinable market prices. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In early 2020, the global economy and major financial markets were negatively impacted by the coronavirus (the "virus" or COVID-19) pandemic and the measures taken to address and limit the spread of the virus. The effects of COVID-19 mitigation resulted in the recovery of the major financial markets by the end of 2020, but not the global economy. The Company was not significantly impacted by the broader effects of COVID-19. At this time, management is not aware of any material risk to the Plan's and cannot quantify the future impact the virus may have on the Plan's financial statements.

NOTE 8 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Co. The volume submitter plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any in progress tax periods.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	**$ 13,770,760**	$ 11,968,801
Employer contributions receivable	**(45,037)**	-
Excess participant contributions payable	**5,230**	-
Net assets available for benefits per Form 5500	**$ 13,730,953**	$ 11,968,801

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2020, to Form 5500:

Total contributions per the financial statements	$ 2,157,694
Less: employer contributions receivable at December 31, 2020	(45,037)
Add: excess participant contributions payable at December 31, 2020	5,230
Total contributions per Form 5500	$ 2,117,887
