As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

1. Description of Plan

The following description of the Stanpac USA 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Stanpac USA, LLC and Stanpac NJ, LLC (collectively, the “Company”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant’s account within 10 years of the participant’s death.

Plan Restatement

Effective January 1, 2020, the Plan was amended and restated to permit in-service distributions, provided the participant attained age 59 ½.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan Management approved adding COVID-19-related distributions of up to \$100,000 for eligible participants. Additionally, as a result of the CARES Act, required minimum distributions were waived for the Plan year ended December 31, 2020.

Eligibility

Full-time employees are eligible to participate in the Plan upon hire.

Contributions

Participants may elect to contribute between 1% and 90% of their eligible compensation, as defined by the Plan, subject to certain Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Such contributions and any earnings thereon are nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

1. Description of Plan (continued)

Contributions (continued)

The Company may make discretionary matching contributions to the Plan. For the year ended December 31, 2020, the Company made discretionary matching contributions equal to 100% of employees' salary deferral amounts up to the first 3% of compensation for employees who have completed one year of service. The Company may also make discretionary profit sharing contributions to the Plan. There were no discretionary profit sharing contributions made by the Company for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and any Company contributions. Earnings are credited to each participant account based on the performance of the underlying investments. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Payment of Benefits

The Plan provides that upon normal retirement age, death, disability, or termination of employment of a participant, the Plan will commence distribution of the participant's vested account balance by a lump sum payment in accordance with the provisions of the Plan. Participants with account balances of less than \$5,000 at the time their employment is terminated will automatically have their balance rolled into an IRA of the Company's choosing or as a lump sum distribution upon the election by the participant. A Participant may withdraw part of the vested interest in his or her account upon attainment of age 65, subject to Plan provisions. Participants may also request hardship distributions if they can demonstrate an immediate and heavy financial need, as defined by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions (including rollovers) plus any earnings thereon. Participants vest in employer matching contributions, based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Loans

Participant loans are not permitted under the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

2. Summary of Significant Accounting Policies

Forfeited Accounts

During the year ended December 31, 2020, participants forfeited \$6,732 in prior employer contributions. These accounts will be used to offset Plan expenses or reduce future employer contributions. Forfeitures of \$6,732 and \$6,066 were used to reduce the Company's employer contribution for the years ended December 31, 2020 and 2019, respectively.

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

3. Information Certified by the Plan's Custodian (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (U.S.A), the custodian, as complete and accurate, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule:

As of December 31,	2020	2019
Investments, at fair value:		
Money market fund	\$ 812	\$ -
Pooled separate accounts	1,028,530	569,854
Total investments, at fair value	1,029,342	569,854

For the Year Ended December 31,	2020
Net appreciation in fair value of investments	\$ 116,007

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (or unit value) of the units held by the Plan at year-end based on information reported by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 812	\$ -	\$ -	\$ 812
Total investments, at fair value	\$ 812	\$ -	\$ -	\$ 812
Investments measured at NAV (a):				1,028,530
Total investments				<u>\$ 1,029,342</u>

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2020:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	\$1,028,530	N/A	Daily	12 months

As of December 31, 2019:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	\$569,854	N/A	Daily	12 months

5. Tax Status

The Plan uses a prototype plan document. The IRS has determined and informed the Plan sponsor by a letter dated July 1, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

6. Related-Party and Party in Interest Transactions

The Plan made direct payments to the record keeper, custodian, and other third party administrators totaling \$4,236 during the year ended December 31, 2020. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The plan sponsor paid directly any other fees related to the Plan's operations. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2020 and 2019, and for the Year Ended December 31, 2020

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

8. Risks and Uncertainties

The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

9. Reconciliation to the Form 5500
