1. DESCRIPTION OF PLAN

The following description of The Pike Company 401(k) Savings and Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by The Pike Company, Inc. (Pike). The Pike Companies Limited (Pike LTD), Structural Services of New York (SSNY) and LeCesse Construction Services (LCS) are related companies that participate in the Plan. The Plan contains both 401(k) and profit-sharing components. Except where otherwise indicated, the provisions for both components are identical. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Unified Trust Company, N.A., is the trustee of the Plan and custodian of the Plan's assets.

Plan Changes

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan has implemented include, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

Generally, employees who have attained twenty-one (21) years of age and completed six months of continuous service are eligible to participate in the Plan and receive employer matching and profit-sharing contributions. Employees are eligible to participate as of the first quarterly Plan entrance date following satisfaction of the Plan's eligibility requirements.

Contributions

Participants may make contributions up to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code. The Plan provides an automatic enrollment provision in which newly eligible participants are enrolled to contribute 4% of their annual salary, unless the participant elects otherwise. The Plan has an automatic increase provision in which a participant's elective deferral amount will automatically increase 1% per year, at the beginning of each Plan year, not to exceed 10%, unless otherwise directed by the participant. Pike, Pike LTD, SSNY, and LCS (together, the Company) provide matching contributions equal to 50% of salary deferrals not to exceed 4% of the employee's salary deferral. Participants may direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

The Company may also make discretionary profit-sharing contributions to the Plan. The Company made a discretionary profit-sharing contribution of $649,923 and $654,102 for the years ended December 31, 2020 and 2019, respectively.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, employer matching contributions and actual earnings/losses thereon. Profit-sharing contributions are allocated to each participant's account based on compensation while investment income and losses and Plan expenses are allocated to each participant's account based on account balances.

Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon. Discretionary profit-sharing contributions and earnings/losses thereon vest 20% per 1,000 service hours worked, commencing with the second year of service.

Benefit Payments
Upon termination due to retirement, death, resignation or permanent and total disability, the value of the participant's account may be paid in a lump sum or rolled over to another qualified plan. The normal retirement date for participants is age 65, although the Plan allows early retirement for participants who have attained age 55. In-service distributions of fully vested accounts may be made to participants who have not separated from service provided the participant has attained age 59 ½. Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Following the enactment of the CARES Act, qualifying participants were allowed to borrow up to $100,000 or 100% of the participants vested accounts for those loans established from March 27, 2020 through September 22, 2020. Loan terms range from one to five years, but are extended if the proceeds are used for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2% per annum.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from fully-vested accounts.

Administrative Expenses
The Plan permits the payment of Plan expenses to be made from the Plan's assets. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself.

Forfeitures
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $13,578 and $4,754, respectively. Forfeitures of non-vested account balances are to be used to first pay Plan administrative expenses and then to reduce any employer contributions. Forfeitures of $34,017 and $29,579 were used to pay for administrative expenses in 2020 and 2019, respectively. Forfeitures generated during 2020 and 2019 totaled $42,841 and $29,248, respectively.

Plan Termination
Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan Document. As of December 31, 2020 and 2019, no allowance for credit losses had been recorded.

Fair Value Measurement - Definition and Hierarchy

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the Plan's investments within the hierarchy is provided in Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, economic conditions, world affairs, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Benefit Payments
Benefit payments are recorded when paid.

Use of Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the trustee of the Plan's assets as of and for the year ended December 31:

	2020	2019
Investments, at fair value	$ 58,267,873	$ 52,139,081
Notes receivable from participants	$ 714,812	$ 738,595
Investment income	$ 6,483,641	$ 8,812,753
Interest income on notes receivable from participants	$ 49,308	$ 41,649
Schedule of assets (held at year end)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31:

2020:	Level 1	Level 2	Level 3	Total
Mutual funds	$ 49,670,869	$ -	$ -	$ 49,670,869
Common trust fund, at net asset value				8,597,004
Total investments, at fair value				$ 58,267,873

2019:	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,233,349	$ -	$ -	$ 44,233,349
Common trust fund, at net asset value				7,905,732
Total investments, at fair value				$ 52,139,081

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at fair value based on quoted market prices when active markets are available.

Common trust fund: Valued at fair value using the net asset value per share practical expedient based on the value of underlying investments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Investment in Entities that Calculate Net Asset Value
The Plan is invested in a common collective trust that calculates net asset value on a daily basis. Units are issued and redeemed as of the end of each day at the daily net asset value.

The trust's primary investment objectives are to seek income while preserving principal and provide daily liquidity at contract value for participant withdrawals and transfers. Redemptions are generally restricted to processing on a valuation date at the daily net asset value per unit computed on that date. There are currently no redemption restrictions on this investment. The trust does not have any unfunded commitments.

5. INCOME TAX STATUS

In December 2013, the Plan was amended and restated to remain compliant with the Pension Protection Act of 2006. Following the amendment and restatement, the Plan began using a prototype plan document sponsored by Unified Trust Company, N.A. Unified Trust Company, N.A. received an opinion letter from the Internal Revenue Service (IRS) dated March, 31, 2014, which states that the prototype plan document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the code. Therefore, no provision for income taxes has been included in the financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Unified Trust Company, N.A. Because Unified Trust Company, N.A. is the custodian of the Plan's assets and the trustee of the Plan, these transactions qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants also qualify as party-in-interest transactions.
