SOLIDIFI 401(K) PLAN
Notes to Financial Statements
December 31, 2020 and 2019

(1) Description of Plan

The following description of the Solidifi 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan sponsored by Solidifi U.S., Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2009 and restated effective January 1, 2016 to comply with laws and regulations. Employees become eligible to participate and make elective deferrals after they reach age 21 and have completed six months of service with the Company.

In 2018, Plan management adopted a resolution to transfer the assets from the account balances of certain participants who are employees of Solidifi Title & Closing, LLC and the Solidifi Home Equity & BPO Services 401(k) Plans. Total assets transferred into the Plan during 2020 and 2019 amounted to $37,608 and $4,524,599, respectively.

(b) Contributions

Participants may make elective deferrals up to 100% of total compensation and up to the maximum annual limitations as provided by the Internal Revenue Service (IRS) when they become eligible to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified plans. Participants are also eligible to receive discretionary matching employer contributions. Participants direct the investment of their contributions into various investments offered by the Plan. The Company has elected to make a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of compensation, plus 50% of deferrals between 3% and 5% of compensation.

(c) Participant Accounts

Each participant's account is credited with (a) the participant's contributions and an allocation of (b) Company discretionary contributions, if any, (c) Plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

All participants are immediately 100% vested in their employee contributions and the investment earnings thereon. Participants become vested in discretionary matching employer contributions and the earnings thereon based upon a six year graded vesting schedule.

(1) Description of Plan, Continued

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of their vested balance, or $50,000. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate which provides the Plan with a return commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions. For the year ended December 31, 2020, the provisions of the CARES Act allowed for enhanced features, including adjusting loan limits and repayment schedules.

(f) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to the deadline.

(g) Payment of Benefits

Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, disability, or when they cease to be an employee of the Company. In addition, a participant can withdraw all or any portion of his or her vested account balance in the event of financial hardship subject to certain restrictions. For the year ended December 31, 2020, participants who had been impacted by the COVID-19 virus, and otherwise may not have been eligible for a distribution under the terms of the Plan, were able to request a Coronavirus-Related Distribution under the provisions of the CARES Act.

(h) Forfeited Accounts

Forfeitures of non-vested employer contributions, which remain after an employee has terminated employment, shall be used first to reduce future employer contributions, then to offset Plan expenses, and finally any remaining amounts will be restored to the participant's account. Forfeitures available as of December 31, 2020 and 2019 amounted to $946 and $18,087, respectively. For the year ended December 31, 2020, forfeitures of $12,115 and $5,000 were used to reduce employer contributions and offset Plan expenses, respectively. There was no reduction of employer contributions or offsetting of Plan expenses for year ended December 31, 2019.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Benefits

Benefits payments are recorded when paid.

(f) Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan administrator and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees for recordkeeping and other services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(g) Subsequent Events

The Plan has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

(3) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,447,205	-	-	8,447,205

(3) Fair Value Measurements, Continued

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,293,682	-	-	6,293,682

(4) Guaranteed Investment Contract

The Plan maintains a guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC) totaling $156,363 and $143,186 as of December 31, 2020 and 2019, respectively. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3%. The guaranteed investment contract does not permit the issuing company to terminate the agreement prior to the scheduled maturity date.

VRIAC's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The Plan's ability to receive amounts due is dependent on the issuers ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination, or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

(4) Guaranteed Investment Contract, Continued

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

VRIAC has the option to payout 100% of the current value of the contract after completion of five contract years.

(5) Financial Certification

The financial information relating to the Plan's assets at December 31, 2020 and 2019, as well as investment income and investment transactions for the years then ended, have been derived from information provided by VRIAC and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent auditors.

	2020	2019
Investments, at fair value - mutual funds	$ 8,447,205	6,293,682
Investments, at contract value - guaranteed investment contract	156,363	143,186
Total investments	$ 8,603,568	6,436,868

VRIAC also certified the completeness and accuracy of $1,350,081 and $993,091 in investment income for the years ended December 31, 2020 and 2019, respectively.

(6) Party-In-Interest Transactions

Investments include certain mutual funds and a GIC sponsored by Voya, who is also the custodian of the Plan; therefore, transactions with Voya qualify as party-in-interest. Amounts paid to Voya for the year ended December 31, 2020 and 2019 amounted to $5,833 and $4,583, respectively.

(7) Tax Status

The Plan is a prototype non-standardized profit sharing plan and obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Tax Status, Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested interest in their accounts.

(9) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of COVID-19 on a national, regional and local level are unknown, but have the potential to result in a significant economic impact. The impact of this situation on the Plan, its future results and its financial position, is not presently determinable.
