CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

November 3, 2020 and December 31, 2019

(1) Description of the Plan

The following description of the Cardinal Solutions Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. General** – The Plan was a defined contribution plan covering all employees of Cardinal Solutions Group, Inc. (the "Company"), who were age twenty-one or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Fidelity Management Trust Company ("Fidelity") was the custodian and trustee and Fidelity Workplace Services LLC ("FWS") was the recordkeeper of the Plan. Fidelity held the Plan's investment assets, executed investment transactions and received daily feeds indicating the value of Plan assets. FWS provided services relating to the processing of distributions and notes receivable from participants, maintenance of account balances, and allocation of Plan earnings, losses, and contributions.

Effective July 31, 2018, the Company was acquired by Insight Enterprises, Inc. All active participants of the Plan became participants of the Insight Enterprises, Inc. 401(k) Plan, and as a result no contributions were made to the Plan from July 31, 2018 to November 3, 2020. On November 3, 2020, the final assets of the Plan were sent to the Pension Benefits Guaranty Corporation.

Beginning in April 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security (CARES) Act, specifically, allowing CARES Act distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution allowed Plan participants to withdraw up to \$100,000 due to adverse financial consequences from COVID-19. CARES Act loan deferments allowed impacted participants to freeze their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request and in cases where a participant's first minimum required distribution was for 2019 and deferred until 2020.

- B. Contributions** – Each year participants could contribute a percentage of their eligible compensation to the Plan, as defined in the plan document. Unless specifically instructed by the participant, the participant was automatically enrolled in the Plan deferring 2% of their pre-tax compensation. Participants could also roll over amounts representing distributions from other qualified defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. At the time of termination, the plan offered twenty-eight mutual funds and a common collective trust as investment options for participants. The Company, at its discretion, could make matching contributions to the Plan each year. For the periods ended November 3, 2020 and December 31, 2019, the Company made no matching contributions due to the termination of the Plan. Previously, Company could also elect to make discretionary contributions. There were no discretionary contributions for 2020 or 2019.
- C. Participant accounts** – Each participant's account was credited with the participant's contributions and allocations of (a) the Company's matching and discretionary contributions and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.
- D. Vesting** – Participants were vested immediately in their contributions, and earnings thereon. Effective July 31, 2018, participants became 100% vested in Company matching and discretionary contributions.

CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

November 3, 2020 and December 31, 2019

(1) Description of the Plan (continued)

E. Notes receivable from participants – Participants were able to borrow a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever was less. Loans were secured by the balance in the participant's account and bore a reasonable rate of interest based on the Prevailing rate at the time of the loan. Principal and interest were paid ratably through payroll deductions.

The Plan also implemented provisions of the CARES Act allowing borrowings up to a maximum equal to the lesser of \$100,000 or 100% of a participant's vested account balance.

F. Forfeitures – Participant forfeitures of Company contributions were first used to offset the plan administrative expenses and then Company contributions. At November 3, 2020 and December 31, 2019, forfeited non-vested accounts totaled \$0 and \$48,671, respectively. During 2020, forfeited non-vested accounts of \$9,777 were used to pay plan expenses and \$37,569 was allocated back to participants. During 2019, forfeited non-vested accounts of \$2,222 were used to pay plan expenses.

G. Plan termination – The Directors of the Company approved the termination of the Plan on July 31, 2018, at which time all participants' account balances became 100% vested.

H. Payment of benefits – On termination of service due to death, disability or retirement, or any other reason, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account or a series of payments in substantially equal installments.

(2) Summary of accounting policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires the Plan sponsor to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments in shares of registered investment companies are stated at net asset values. Net asset values are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. Investments in the common collective trust are stated at unit value, or the equivalent of net asset value, which is a practical expedient for estimating the fair value of these investments. The investments in the common collective trust may be redeemed daily with a notice period of one day and had no unfunded commitments as of December 31, 2019.

The net appreciation/depreciation in the fair value of investments reflects the change in fair value of the investments held at year end and realized gains and losses on investment transactions during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

November 3, 2020 and December 31, 2019

(2) Summary of accounting policies (continued)

Risks and uncertainties – The Plan utilizes various investment instruments, including mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Reasonable and necessary expenses incurred in the administration of the Plan are paid from Plan assets through the use of forfeited non-vested employer contributions. Expenses paid by the Company are not reflected in the accompanying statements of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through July 26, 2021, which is the date that the financial statements of the Plan were available to be issued.

(3) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(3) Fair value measurement (continued)

Due to the plan termination described in Note 1, there were no investments held by the Plan as of November 3, 2020.

The following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 37,403,783	\$ -	\$ -	\$ 37,403,783

(4) Information certified by trustee

The Plan Administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019
- Net total investment income and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the periods ended November 3, 2020 and December 31, 2019

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(5) Party-in-interest transactions

Certain plan investments are managed by Fidelity; therefore, these transactions qualify as party-in-interest. FWS manages participant activity including notes receivable and benefit payments. Administrative expenses paid to FWS during 2020 and 2019 were \$3,448 and \$4,627, respectively. Additionally, the Plan paid \$10,000 to another advisor during 2020.

(6) Tax status

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, was qualified under Internal Revenue Code (IRC) Section 401(a). Effective December 19, 2019, the Plan received a determination letter related to the termination of the Plan. The IRS determined that the termination of the Plan does not affect the Plan's qualification for federal tax purposes.

To the Investment Committee of

CARDINAL SOLUTIONS GROUP, INC. 401(k) PLAN

We have conducted a DOL limited-scope audit of the financial statements of **Cardinal Solutions Group, Inc. 401(k) Plan** (the "Plan") for the period from January 1, 2020 to November 3, 2020 and have issued our report thereon dated July 26, 2021. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements taken as a whole. We did, however, audit the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 20, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period ended November 3, 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant accounting estimates reflected in the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the plan termination disclosure in Note 1 to the financial statements. Effective August 1, 2018, the Company was acquired by Insight Enterprises, Inc., eligibility in the Plan ceased, and participants from the Company were immediately eligible participants of the Insight Enterprises, Inc. 401(k) Plan. The Plan filed for termination and participants of the Plan became 100% vested.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We noted no such misstatements during our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 26, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Investment Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
