COMET SIGNS, LLC 401(k) & PROFIT SHARING PLAN
Notes to Audited Financial Statements
December 31, 2020 and 2019

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Comet Signs, LLC 401(k) & Profit Sharing Plan (the "Plan") are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles. The Plan was adopted effective March 1, 2014.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at the fair market value (net asset value), as determined by quoted prices in an active market. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation (depreciation) in fair value in the statement of changes in net assets available for plan benefits. Dividends are recorded on the ex-dividend date and are considered in the fair market value determination. Interest is recorded on the accrual basis. The benefit responsive fixed income account is stated at contract value.

Benefit Payments: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Recently Adopted Accounting Pronouncement: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modifies certain of the required fair value measurement disclosures. The Plan adopted this new pronouncement effective January 1, 2020. Adoption of this standard did not require significant modification to disclosures and did not have a material impact on the financial statements. No adjustments were made to prior periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE B - DESCRIPTION OF PLAN

The following description of the Comet Signs, LLC 401(k) & Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who are age twenty-one or older and have completed three months of service. Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Each year participants may elect to contribute up to 100% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a discretionary matching contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received. For the years ended December 31, 2020 and 2019, the Plan Sponsor elected to contribute 30% of the first 6% of compensation that a participant contributed to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested at all times in their voluntary contributions plus actual earnings thereon. A participant's interest in the discretionary contributions the employer makes to the Plan becomes 20% vested after one year of service and an additional 20% for each year of service thereafter until fully vested. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes 100% vested following 5 years of employment in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the total vested account balance is less than \$5,000, the participant will receive a single lump sum payment as soon as administratively possible following termination of employment. Hardship withdrawals are also available to participants subject to certain limitations and upon approval by Plan management.

Forfeited Accounts: Forfeited non-vested accounts totaled \$66,076 at December 31, 2020 and \$25,496 at December 31, 2019. Forfeitures may be used to pay administrative expense and reduce employer contributions. The Plan used forfeitures of approximately \$6,600 in 2020 and \$13,000 in 2019 towards administrative expenses and approximately \$21,000 in 2020 and \$0 in 2019 to reduce employer contributions

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, Plan investments at December 31, 2020 and 2019 and the related investment earnings for the years then ended, were certified and held by Voya Institutional Trust Company, the Trustee and were not audited by the independent auditor.

NOTE D - FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment option, the Voya Fixed Account, with a balance of \$44,471 at December 31, 2020 and \$21,545 at December 31, 2019. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

There is no maturity date for the contract. Voya has the right after five years to terminate this agreement provided the Plan is given 90 days written notice.

NOTE E – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by Voya, the Third Party Administrators. Therefore, these investments and transactions are considered party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE F - INCOME TAX STATUS

The Plan adopted a standardized prototype plan. The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, is tax exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is appropriately designed and is currently being operated in compliance with the applicable requirements of the IRS.

The Plan Administrator is not aware of any tax positions that would have a significant on the Plan's financial position. The Plan's federal returns since inception remain subject to examination.

NOTE G - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets in active markets, including pooled separate accounts
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

<u>December 31, 2020</u>	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,911,909	\$ -	\$ -	\$ 3,911,909
Investments measured at fair value	<u>\$ 3,911,909</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,911,909</u>
<u>December 31, 2019</u>				
Mutual Funds	\$ 3,287,682	\$ -	\$ -	\$ 3,287,682
Investments measured at fair value	<u>\$ 3,287,682</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,287,682</u>

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE I – COVID-19

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and a significant uncertainty in the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has been amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which changes the Plan to allow certain eligible individuals receive coronavirus-related distributions and suspend requirement minimum distributions. The Plan is in the process of being amended to implement certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) which delays the commencement date for required minimum distributions. A written amendment to the Plan to reflect operational changes will be adopted at a later date in accordance with the applicable law and IRS guidance.

December 31, 2020 and 2019

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Comet Signs, LLC 401(k) & Profit Sharing Plan (the "Plan") are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles. The Plan was adopted effective March 1, 2014.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at the fair market value (net asset value), as determined by quoted prices in an active market. Purchases and sales of securities are recorded on a trade-date basis. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation (depreciation) in fair value in the statement of changes in net assets available for plan benefits. Dividends are recorded on the ex-dividend date and are considered in the fair market value determination. Interest is recorded on the accrual basis. The benefit responsive fixed income account is stated at contract value.

Benefit Payments: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Recently Adopted Accounting Pronouncement: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modifies certain of the required fair value measurement disclosures. The Plan adopted this new pronouncement effective January 1, 2020. Adoption of this standard did not require significant modification to disclosures and did not have a material impact on the financial statements. No adjustments were made to prior periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participants also direct the investment of any matching contribution received. For the years ended December 31, 2020 and 2019, the Plan Sponsor elected to contribute 30% of the first 6% of compensation that a participant contributed to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested at all times in their voluntary contributions plus actual earnings thereon. A participant's interest in the discretionary contributions the employer makes to the Plan becomes 20% vested after one year of service and an additional 20% for each year of service thereafter until fully vested. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes 100% vested following 5 years of employment in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the total vested account balance is less than \$5,000, the participant will receive a single lump sum payment as soon as administratively possible following termination of employment. Hardship withdrawals are also available to participants subject to certain limitations and upon approval by Plan management.

Forfeited Accounts: Forfeited non-vested accounts totaled \$66,076 at December 31, 2020 and \$25,496 at December 31, 2019. Forfeitures may be used to pay administrative expense and reduce employer contributions. The Plan used forfeitures of approximately \$6,600 in 2020 and \$13,000 in 2019 towards administrative expenses and approximately \$21,000 in 2020 and \$0 in 2019 to reduce employer contributions

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, Plan investments at December 31, 2020 and 2019 and the related investment earnings for the years then ended, were certified and held by Voya Institutional Trust Company, the Trustee and were not audited by the independent auditor.

NOTE D - FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment option, the Voya Fixed Account, with a balance of \$44,471 at December 31, 2020 and \$21,545 at December 31, 2019. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

There is no maturity date for the contract. Voya has the right after five years to terminate this agreement provided the Plan is given 90 days written notice.

NOTE E – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by Voya, the Third Party Administrators. Therefore, these investments and transactions are considered party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE F - INCOME TAX STATUS

The Plan adopted a standardized prototype plan. The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, is tax exempt. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is appropriately designed and is currently being operated in compliance with the applicable requirements of the IRS.

The Plan Administrator is not aware of any tax positions that would have a significant on the Plan's financial position. The Plan's federal returns since inception remain subject to examination.

NOTE G - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets in active markets, including pooled separate accounts
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

<u>December 31, 2020</u>	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,911,909	\$ -	\$ -	\$ 3,911,909
Investments measured at fair value	<u>\$ 3,911,909</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,911,909</u>
<u>December 31, 2019</u>				
Mutual Funds	\$ 3,287,682	\$ -	\$ -	\$ 3,287,682
Investments measured at fair value	<u>\$ 3,287,682</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,287,682</u>

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE I – COVID-19

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and a significant uncertainty in the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has been amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which changes the Plan to allow certain eligible individuals receive coronavirus-related distributions and suspend requirement minimum distributions. The Plan is in the process of being amended to implement certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act) which delays the commencement date for required minimum distributions. A written amendment to the Plan to reflect operational changes will be adopted at a later date in accordance with the applicable law and IRS guidance.
