Lithko Contracting, LLC Prevailing Wage Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1: Description of the Plan

The following description of the Lithko Contracting, LLC Prevailing Wage Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan covering hourly employees of Lithko Contracting, LLC (Company) whose employment is regulated by the Davis-Bacon Act or other prevailing wage laws. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company served as the trustee of the Plan through June 30, 2020. Beginning July 1, 2020, John Hancock Trust Company LLC serves as the trustee of the Plan.

Contributions

Each Plan year, the Company will make a prevailing wage contribution equal to \$2.50 per hour on behalf of any participant whose eligibility is regulated by the Davis-Bacon Act or other prevailing wage laws. Employee and rollover contributions are not permitted in the Plan.

Participant Investment Account Options

The Plan offers mutual funds, a stable pooled fund, an insurance contract and a common collective trust as investment options for participants. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Company's contribution and Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions, plus actual earnings thereon.

Lithko Contracting, LLC Prevailing Wage Plan

Notes to Financial Statements December 31, 2020 and 2019

Payment of Benefits

On termination of services due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments made over a period in monthly, quarterly, semiannual or annual installments. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

In March 2020, the Company implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 31, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Lithko Contracting, LLC Prevailing Wage Plan

Notes to Financial Statements December 31, 2020 and 2019

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Interest-bearing cash is carried at cost, which approximates fair value.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

The Diversified Investment Advisors Stable Pooled Fund is solely invested in the Wells Fargo Stable Return Fund W. This fund is a stable pooled fund, which is a commingled pool of the Wells Fargo Trust for Employee Benefit Plans. The fund may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities.

The Wells Fargo Galliard Stable Value Fund is a common collective trust. The fund may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

Prior to July 1, 2020, the Plan operated under a standardized adoption agreement in connection with a volume submitter plan and trust sponsored by Transamerica Retirement Solutions. This volume submitter plan document was filed with the appropriate agency and obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter plan constituted a qualified plan under Section 401 of the Internal Revenue Code. The Plan was amended since the volume submitter plan received the opinion letter. However, the Plan Administrator believed that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt through June 30, 2020.

After July 1, 2020, the Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by John Hancock Retirement Plan Services, LLC. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated May 18, 2015, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code. The Plan has been amended since this prototype plan received the opinion letter. However, the Plan Administrator believed that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust is tax-exempt as of the financial statement date.

Lithko Contracting, LLC Prevailing Wage Plan

Notes to Financial Statements December 31, 2020 and 2019

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan until June 30, 2020, and John Hancock Trust Company LLC, the trustee of the Plan since July 1, 2020, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2020

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Prior to July 1, 2020, certain Plan investments were shares of mutual funds, which were managed by Transamerica Corporation (Transamerica) including certain Transamerica mutual funds managed by Transamerica, and shares of a stable pooled fund (Diversified Investment Advisors Stable Pooled Fund), which was managed by Massachusetts Fidelity Trust Company (MFTC). Transamerica was the recordkeeper and MFTC is an Iowa Trust Company and an affiliated company of Transamerica. MFTC is the trustee of the Diversified Investment Advisors Stable Pooled Fund, and therefore, these transactions qualify as exempt party-in-interest transactions.

December 31, 2020 and 2019

After July 1, 2020, the Plan invests in an insurance contract, which is managed by John Hancock Life Insurance Company (U.S.A.) (John Hancock Life).

Fees paid to Transamerica for the investment management services totaled \$4,690 and \$5,350 for the years ended December 31, 2020 and 2019, respectively. Fees paid to John Hancock for the investment management services totaled \$25,625 for the year ended December 31, 2020 (none for the year ended December 31, 2019).

The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Notes to Financial Statements December 31, 2020 and 2019

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2020 and 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include the stable pooled fund and a common collective trust, which are valued based upon the quoted market prices of the underlying investments. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no assets classified as Level 3 securities at December 31, 2020 or 2019.

Mutual funds: Valued at quoted market prices in active markets.

Stable pooled fund: Valued at the net asset value (NAV) as reported by the funds daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Common collective trust: Valued at the net asset value (NAV) as reported by the funds daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Note 6: Investment Contract With Insurance Company

In 2020, the Plan entered into a fully benefit-responsive investment contract with John Hancock Life. John Hancock Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Notes to Financial Statements

December 31, 2020 and 2019

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by John Hancock Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract is considered a traditional investment contract.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 8: Subsequent Events

On March 19, 2021, the Company elected to merge this Plan into the Building your Benefits Retirement Savings Plan (another Plan sponsored by the Company).

Subsequent events have been evaluated through July 26, 2021, which is the date the financial statements were available to be issued.
