#### Note 1. Plan Description

The following brief description of the Testa Produce, Inc. (the Company) Profit-Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of the Company. Additionally, Testa Properties LLC, Capitol Wholesale Produce, Inc., Testa Management, LLC, and Testa Retail LLC are participating employers in the Plan. Additionally, effective January 1, 2020, Testa Transportation, LLC became a participating employer in the Plan. Employees must complete 4 months of service and must be age 21 or older to participate in the Plan. Employees may enter the plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percent of annual compensation, as defined in the Plan, up to 60 percent of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover).

The Plan includes an auto-enrollment provision whereby eligible employees, as specified in the Plan document, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Such deferral percentage shall be increased by 1 percent annually unless the employee affirmatively elects otherwise. Automatic deferrals are limited to 10 percent of employee's eligible compensation. Employees covered by a collective bargaining agreement (CBA) are excluded from automatic enrollment provisions.

Company nonelective contributions are subject to a CBA between the Company and International Brotherhood of Teamsters Local 703. The CBA requires that the Company provide company contributions for full-time bargaining unit employees except for employees employed in the buyer or management classification who shall participate in a separate non-bargained for 401(k) plan. For employees hired before May 2016, the Company will contribute a maximum contribution of \$275.00 per month on behalf of its employees employed in the Full-Scale Driver and Full-Scale Warehouse classifications (as defined in the CBA) in addition to the amounts set forth below during the term of the agreement, however, this contribution may be less depending on whether or not the employee converted a portion of this contribution to wages. All non-probationary food service employees hired before May 2016 shall receive a maximum contribution of \$86.50 per month to the employees' 401(k) account, however. Employees hired after May 2016 are not entitled to receive a Company contribution. No discretionary matching contribution was approved during 2020. Additionally, employees who are not subject to the CBA, have also not had any discretionary match approved in 2020. Contributions are subject to limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution, Company matching and/or nonelective contributions, if any, and Plan earnings/losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, Company nonelective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 4 years of credited service. Participants who attain retirement age 55 or who terminate employment due to death or disability are 100 percent vested in their account balances.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loan repayment period is not to exceed 5 years except for the purchase of a principal residence, in which case the repayment period is not to exceed 10 years. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to January 15, 2021 and 2020, respectively.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may receive a distribution from the plan while actively employed upon hardship, attainment of age 59 ½, or as an in-service withdrawal of vested amount attributable to Company contributions maintained in a participant's account for at least 24 months.

Forfeited accounts: At October 31, 2020 and 2019, forfeited non-vested accounts totaled none and \$13, respectively. Forfeited non-vested accounts may be used to pay for Plan expenses. Forfeitures of contributions that are not used to pay plan expenses are to be used to reduce Company contributions. In 2020, \$454 was used to pay Plan's administrative expenses and none to reduce Company contributions.

Plan amendment: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security Act (C.A.R.E.S.) allowing Coronavirus related distributions, relief of required minimum distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

#### Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 21, 2021 the date these financial statements were available to be issued.

#### Note 3. Investments Certified or Provided by Fidelity Management Trust Company

Fidelity Management Trust Company (Fidelity), the trustee, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held and notes receivable from participants at October 31, 2020 and 2019 and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended October 31, 2020. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the trustee from the scope of their audit.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2020 and 2019.

#### Note 4. Fair Value Measurements (Continued)

*Shares of registered investment companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2020 and 2019:

|                                           | 2020         |         |         | Total        |
|-------------------------------------------|--------------|---------|---------|--------------|
|                                           | Level 1      | Level 2 | Level 3 |              |
| Shares of registered investment companies | \$ 6,117,150 | \$ -    | \$ -    | \$ 6,117,150 |

|                                           | 2019         |         |         | Total        |
|-------------------------------------------|--------------|---------|---------|--------------|
|                                           | Level 1      | Level 2 | Level 3 |              |
| Shares of registered investment companies | \$ 6,433,061 | \$ -    | \$ -    | \$ 6,433,061 |

#### Note 5. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

#### Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Co., which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since the adoption date. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## Testa Produce, Inc. Profit-Sharing Plan and Trust

### Notes to Financial Statements

---

#### Note 1. Plan Description

The following brief description of the Testa Produce, Inc. (the Company) Profit-Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of the Company. Additionally, Testa Properties LLC, Capitol Wholesale Produce, Inc., Testa Management, LLC, and Testa Retail LLC are participating employers in the Plan. Additionally, effective January 1, 2020, Testa Transportation, LLC became a participating employer in the Plan. Employees must complete 4 months of service and must be age 21 or older to participate in the Plan. Employees may enter the plan immediately upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percent of annual compensation, as defined in the Plan, up to 60 percent of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contributions plans (rollover).

The Plan includes an auto-enrollment provision whereby eligible employees, as specified in the Plan document, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Such deferral percentage shall be increased by 1 percent annually unless the employee affirmatively elects otherwise. Automatic deferrals are limited to 10 percent of employee's eligible compensation. Employees covered by a collective bargaining agreement (CBA) are excluded from automatic enrollment provisions.

Company nonelective contributions are subject to a CBA between the Company and International Brotherhood of Teamsters Local 703. The CBA requires that the Company provide company contributions for full-time bargaining unit employees except for employees employed in the buyer or management classification who shall participate in a separate non-bargained for 401(k) plan. For employees hired before May 2016, the Company will contribute a maximum contribution of \$275.00 per month on behalf of its employees employed in the Full-Scale Driver and Full-Scale Warehouse classifications (as defined in the CBA) in addition to the amounts set forth below during the term of the agreement, however, this contribution may be less depending on whether or not the employee converted a portion of this contribution to wages. All non-probationary food service employees hired before May 2016 shall receive a maximum contribution of \$86.50 per month to the employees' 401(k) account, however. Employees hired after May 2016 are not entitled to receive a Company contribution. No discretionary matching contribution was approved during 2020. Additionally, employees who are not subject to the CBA, have also not had any discretionary match approved in 2020. Contributions are subject to limitations.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contribution, Company matching and/or nonelective contributions, if any, and Plan earnings/losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, Company nonelective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 4 years of credited service. Participants who attain retirement age 55 or who terminate employment due to death or disability are 100 percent vested in their account balances.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loan repayment period is not to exceed 5 years except for the purchase of a principal residence, in which case the repayment period is not to exceed 10 years. The loans are secured by the balance in the participant's account. The loan interest rate is set by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to January 15, 2021 and 2020, respectively.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may receive a distribution from the plan while actively employed upon hardship, attainment of age 59 ½, or as an in-service withdrawal of vested amount attributable to Company contributions maintained in a participant's account for at least 24 months.

Forfeited accounts: At October 31, 2020 and 2019, forfeited non-vested accounts totaled none and \$13, respectively. Forfeited non-vested accounts may be used to pay for Plan expenses. Forfeitures of contributions that are not used to pay plan expenses are to be used to reduce Company contributions. In 2020, \$454 was used to pay Plan's administrative expenses and none to reduce Company contributions.

Plan amendment: Effective April 2020, the Plan enacted the Coronavirus Aid, Relief, and Economic Security Act (C.A.R.E.S.) allowing Coronavirus related distributions, relief of required minimum distributions, and additional loan provisions. The deadline to formally adopt the Plan for these provisions is December 31, 2022. The Plan has not yet been formally amended.

#### Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Note 2. Summary of Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through July 21, 2021 the date these financial statements were available to be issued.

#### Note 3. Investments Certified or Provided by Fidelity Management Trust Company

Fidelity Management Trust Company (Fidelity), the trustee, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplemental schedule related thereto. This information includes investments held and notes receivable from participants at October 31, 2020 and 2019 and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended October 31, 2020. In accordance with the procedures stated in 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the trustee from the scope of their audit.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2020 and 2019.

#### Note 4. Fair Value Measurements (Continued)

*Shares of registered investment companies:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2020 and 2019:

|                                           | 2020         |         |         | Total        |

#### Note 5. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

#### Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

#### Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management & Research Co., which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since the adoption date. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
