NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

The following description of the Splay Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering generally all employees of SPLAY, Inc. (the "Company"), who are at least 21 years of age and complete three months of service. Employees become eligible to participate in the Plan on a monthly basis on the first day of the calendar month immediately following the completion of the age and service requirement. Leased and union employees, if any, are generally not eligible to participate in the Plan

The Plan, originally adopted effective January 1, 2009 and most recently amended on October 15, 2018, is intended to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Basis of Accounting – The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Administration – The Company is the Plan Administrator. The Company has appointed an Administrative Committee to control the operation and administration of the Plan. The Company has also appointed an Investment Committee to determine the investment options available to participants and to monitor the performance of those investments on at least an annual basis. All expenses incurred for administering the Plan are paid by the Company, with the exception of loan request fees. Mid Atlantic Trust Company ("MATC") acted as custodian. A group of designated officers of the Company act as trustees.

Contributions - Participants may elect to contribute from 1% to 90% of their pre-tax contribution, as defined in the Plan's provisions, to the Plan, up to an amount not in excess of certain limitations prescribed by Internal Revenue Code ("IRC") section 402(g). The Plan also allows for qualified rollover contributions, Company matching, profit sharing, or qualified non-elective contributions made at the discretion of management. There were no matching or profit sharing contributions for the year ended December 31, 2020.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (Continued)

Vesting – Participants are immediately vested in their voluntary contributions and employer matching contributions, plus actual earnings thereon. Vesting with respect to employer non-elective contributions, if any, plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of service.

Forfeitures - Forfeitures may be used to reduce any employer matching contributions or non-elective contributions immediately following the Plan Year in which the forfeiture occurs. Unallocated forfeitures at December 31, 2020 and 2019 totaled $8,208 and $8,169, respectively. No forfeitures were used to reduce employer contributions during the year ended December 31, 2020.

Investments - Investments of the Plan are invested in mutual funds and money market funds based solely upon instructions from participants. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual fund and money market fund investments are valued at fair market value as of the last day of the Plan year, as measured by quoted market prices on an established exchange.

The Plan's investments are valued at fair value in accordance with U.S. GAAP, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (Continued)

Investments (continued) - The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth the Plan's assets at fair value as of December 31:

	2020	2019
Mutual funds – Level One	$ 4,681,300	$ 4,828,738
Money market fund – Level One	166,517	115,458
Total investments, at fair value	$ 4,847,817	$ 4,944,196

Participant Accounts - The participants' accounts are credited with their contributions and an allocation of (a) Company contributions, if any, and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account balances into various investment options offered under the Plan.

Payment of Benefits - Benefits are recorded when paid. Upon termination or at the request of the terminated participant, benefits are paid in full in a lump-sum amount equal to the value of the participant's account. There were no terminated participants awaiting distributions at December 31, 2020 or 2019.

Effective January 1, 2020, under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, the 10% early distribution penalty tax (for distributions made before age 59 ½) did not apply to a distribution that otherwise qualifies as a Coronavirus related distribution.

Effective January 1, 2020, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), all 2020 required minimum distributions ("RMDs") may be waived. This waiver would also apply to 2019 RMDs that are due by April 1, 2020, for individuals who turned age 70 ½ last year and have not already taken their RMD.

Notes Receivable from Participants - The Plan provides a provision that allows a participant to borrow up to the lesser of $50,000 or 50% of their vested account balance. Such loans bear interest at the available market financing rates. The term of the loan cannot exceed five years except when the loan proceeds are used to purchase the participant's principal residence, in which case the maximum term is thirty years.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (continued) - A participant may not have more than one loan outstanding at any time, unless the loan originated prior to 2011. The loans are secured by the participant's vested balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

Effective January 1, 2020, under the CARES Act, any individual with an outstanding loan balance from the date of the CARES Act enactment through December 31, 2020 can delay their loan payment due to dates by one year. All subsequent payments will be adjusted to take into account the delay and the interest accrued during such delay.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

Subsequent Events – Management has evaluated events and transactions occurring subsequent to year end through July 27, 2021, the date the financial statements were available to be issued.

2. CERTIFIED INFORMATION

MATC certified the following information regarding the fair values of assets held at December 31, 2020 and 2019, and investment activities for the year ended December 31, 2020:

	2020	2019
Investments, at fair value	$ 4,847,817	$ 4,944,196
Investment income:		
Net appreciation in fair value of investments	$ 435,232	
Interest and dividend income	$ 169,230	

3. INCOME TAX STATUS

The Internal Revenue Services (IRS) has determined and informed the Company in writing by a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC

4. PRIORITIES ON TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by MATC, the Plan's custodian. Therefore, investment transactions involving these investments qualify as party-in-interest transactions as defined by ERISA.

6. CONCENTRATION OF CREDIT RISK

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of individual mutual funds and a money market fund. As the portfolio is well diversified and issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.
