INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Verge Mobile 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Verge Mobile 401(k) Plan, which comprises the statements of net assets available for benefits as of December 31, 2020, and 2019, and the related statements of changes in net assets available for benefits for the periods then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, and 2019, and for the periods then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

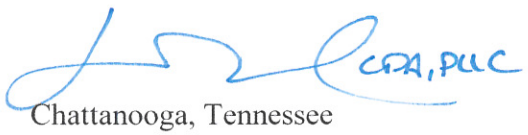

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplementary Information

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with GAAS and in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Verge Mobile 401(k) Plan

Notes to the Financial Statements

1. Description of Plan

The following description of the Verge Mobile 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, which became effective January 1, 2019, is a defined contribution plan covering substantially all employees of Verge Mobile, LLC (the "Company") who are age 18 or older. Eligible employees of the Company who have completed six months of service and are 18 or older are eligible to receive Company contributions, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to contribute up to the maximum of qualifying compensation, as defined by the plan. Elective deferrals will be pre-tax contributions unless participants designate all or a portion as Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans. These rollover amounts plus earnings thereon may be withdrawn from the Plan as a lump-sum distribution during employment. Participants direct the investment of their contributions into various investment options offered by the Plan.

Roth contributions do not reduce current taxable income or taxes. Because taxes are paid as Roth contributions are deferred, qualified Roth distributions, including contributions and earnings, are not taxed.

The Company may make matching contributions in a discretionary amount and percentage of participant's contributions. During 2020, Company matching contributions totaled $16,605, net of excess contributions. Additionally, the Company may make discretionary profit-sharing contributions to the Plan. The Plan did not make any discretionary profit-sharing contributions in 2020.

Participant and Company contributions may not exceed Internal Revenue Code (IRC) limitations.

Participant Accounts – Each participant's account is credited with the participant and Company contributions, and an allocation of investment earnings (losses) and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participants' accounts are participant-directed.

Vesting – Participants are fully (100%) vested in all participant contributions plus actual earnings thereon. They become 100 percent vested in the Company's contributions after three years of credited service.

A participant is fully vested in his entire account upon the attainment of normal retirement age or upon his death or total and permanent disability prior to termination.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's vested account and bear interest, as determined by the Plan Administrator, at rates which would be reasonable for a financial institution. Principal and interest is paid ratably through payroll deductions. Participants are limited to one outstanding loan at a time.

Payment of Benefits – On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a terminated participant's vested balance is less than or equal to $5,000, the amount may be automatically distributed in the form of a lump sum cash payment.

A Roth distribution is considered to be qualified if the distribution is made on or after age 59 ½, on or after death or disability as defined by the Internal Revenue Code and the distribution is made after the end of the 5th taxable year period beginning with the first taxable year in which a Roth elective deferral contribution was made to the Plan.

Hardship Withdrawals – The Plan permits distributions in the event of a hardship, as defined by the Plan. These distributions are taxable and subject to a tax penalty equal to 10% of the distribution amount if a participant in younger than age 59½. Hardship withdrawals are permitted from all vested participant pretax and Roth accounts. Effective January 1, 2020, elective deferrals will no longer be suspended for a period of six months on account of a hardship distribution.

Forfeited Accounts – When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. Forfeitures are used to offset future employer contributions or reduce Plan expenses. As of December 31, 2020, and 2019, there were no forfeited non-vested accounts. During the periods ended December 31, 2020, and 2019, no forfeitures were used.

2. Summary of Significant Accounting Policies

Date of Management's Review – Subsequent events were evaluated through July 19, 2021, which is the date the financial statements were available to be issued.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution

plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020, or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards

Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures," are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts – The net asset value ("NAV") of the units held in pooled separate accounts are based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. All of the Plan's pooled separate accounts are redeemable at NAV as of the measurement date. The pooled separate accounts can be redeemed on a daily basis and there were no unfunded commitments for the periods ended December 31, 2020 and 2019.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$180,073	-	-	$180,073

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$6,607	-	-	$6,607

4. Custodian Certification

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2020, and 2019, and investment income for the periods then ended, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan.

5. Investment Contract with Insurance Company

The Plan's investments include a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan, including merger, termination and other such matters; bankruptcy of the plan sponsor and other matters as defined. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting.

6. Related Party and Party In Interest Transactions

Parties-in-interest are defined under ERISA regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Fees paid directly to parties-in-interest amounted to $50 and $0 for the periods ended December 31, 2020, and 2019, respectively.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Company adopted a volume submitter 401(k) profit sharing plan sponsored by Alliance Benefit Group of Houston, Inc. The volume submitter plan sponsor has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions on the Internal Revenue Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Plan Trustees

The trustees of the Plan are Raheel Suria and Jawad Rawra.
