NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the JG Media, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:
The Plan is a defined contribution plan covering substantially all full-time employees of JG Media, Inc. (the Sponsor) who have completed two months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee of the Sponsor is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which contained several provisions that temporarily impacted retirement plan sponsors and their participants. The provisions of the CARES Act included the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan repayment pause option. The Plan opted into the provisions of the CARES Act, and some participants took advantage of the new hardship withdrawal option. These temporary provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2022 deadline.

Contributions:
Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor may make discretionary matching contributions to each participant based on his or her elective deferrals. The Sponsor elected to match 25% of the first 6% of participant contributions from January 1, 2020 through March 31, 2020. On April 1, 2020, the Sponsor temporarily suspended the discretionary employer matching contributions as part of the Sponsor's overall strategy to reduce costs in response to the adverse impact of COVID-19. Contributions are subject to certain IRS limitations.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. Participants are 20% vested in the Sponsor's contributions upon completion of one year of service and continue to vest at 20% per year until fully vested.

Notes receivable from participants:
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The term of the loan shall not exceed five years and a participant may have no more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at 2% over the prime rate published in the Wall Street Journal on the first business day of the month the loan is originated. Loan repayments are made through payroll deductions and each payment, which includes interest, is credited to the participant's loan account.

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death, or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits - continued:
Withdrawals from the Plan may also be made upon circumstances of financial hardship, disability, or qualified reservist distributions, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available alternatives prior to requesting a hardship withdrawal. The provisions of the CARES Act included a new hardship withdrawal option that some participants took advantage of during the year ended December 31, 2020. These participants have the option to pay back the funds during a three year period without the withdrawal being recognized as income for tax purposes.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeited accounts:
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $5,046 and $1, respectively. These accounts are used to reduce future employer contributions or expenses. Forfeitures used for employer contributions during the year ended December 31, 2020 amounted to $5,835.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 7 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment valuation and income recognition - continued:
Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable:
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The excess contributions payable balances were returned by the Plan to the participants prior to IRS deadlines.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:
The Plan's management has evaluated subsequent events through July 30, 2021, the date on which the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Sponsor and the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, and Great-West Life and Annuity Insurance Company, the Trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019, with the exception of the Key Guaranteed Portfolio Fund (see Note 8) which is certified at contract value as of December 31, 2020 and 2019.
- Total investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Notes receivable from participants outstanding as of December 31, 2020 and 2019.
- Interest income on notes receivable from participants for the year ended December 31, 2020.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2020 and 2019. However, due to the addition of common collective trusts during 2020, the fair value measurement level now includes investments at net asset value (NAV).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of underlying investments of participant units held by the Plan as of the last trading day of the period, as reported by the managers of the trust.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,340,874	$ -	$ -	$ 3,340,874
Investments measured at NAV[1]				
Common collective trusts				517,714
Investments at fair value				$ 3,858,588

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

Assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,064,785	$ -	$ -	$ 3,064,785
Investments at fair value				$ 3,064,785

[1]In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statements of Net Assets Available for Benefits.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Great-West Life and Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer and was 1.04% for the year ended December 31, 2020. Such interest rates are reviewed on a quarterly basis for resetting.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligation. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The following transactions qualify as party-in-interest transactions under ERISA:

- Investments managed by Great-West Trust Company, LLC, the Plan's Record-keeper and Trustee,
- Investment in the Key Guaranteed Portfolio Fund provided through Great-West Life and Annuity Insurance Company,
- All service providers including those paid by the Sponsor, and
- Notes receivable from participants.
