Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Medieval Times 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Medieval Times 401(k) Plan, which are comprised of the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee & Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Medieval Times 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2003 and qualifies as a defined contribution retirement plan for Medieval Times Entertainment, Inc. (the "Company" or "Employer") eligible employees. The Plan was established for the purpose of providing retirement benefits to eligible employees. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(a) of the Internal Revenue Code ("IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees, or equivalent, is responsible for the oversight of the Plan. The Investment Committee, or equivalent, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. The Plan suspended Required Minimum Distributions during the 2020 Plan year as a result of the provisions of the CARES Act.

Participant Eligibility

All employees of the Company are eligible to participate in the Plan except for those classified as Directors, employees above Directors and employees who are residents of Puerto Rico. Each of the Company's eligible employees may participate in the Plan after the completion of one year of service and upon reaching age 18. One year of service is defined as a 12-month period in which an employee has completed 1,000 hours of service. Matching contributions are allocated to all eligible employees who are eligible on the last day of the Plan year. Participants may enter the Plan on the first day of each calendar month.

Note 1. Description of the Plan (continued)

Contributions

Under the provisions of the Plan eligible employees, may make pre-tax elective deferral contributions up to 100% of their compensation subject to the limitations set forth by the IRC. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations set forth by the IRC. Participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The Plan permits the Company to make discretionary matching contributions to eligible participants' accounts, to be determined as of the end of the Plan year. The Company elected to not make a matching contribution for the year ended December 31, 2020.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related Company contributions, as well as each participant's share of the Plan's income less an allocation of investment and operating expenses charged to the Plan. Allocations of the Plan income and expenses are based on either participant account balances or participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contribution Funding

The Company funds its participant contributions on a bi-weekly concurrent with each pay period and funds its Company matching contributions annually.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Participant Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the investment options offered to the Plan.

Note 1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their deferral contributions plus earnings on those contributions. Participants become vested in their Company matching contributions and any earnings on these contributions as follows:

Years of Vested Service	Percentage
Less than one year	0%
At least one year, but less than two	20%
At least two years, but less than three	40%
At least three years, but less than four	60%
At least four years, but less than five	80%
Five years or more	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contributions and earnings on those contributions may be used to pay Plan level administrative expenses or to reduce Company contributions. During the year ended December 31, 2020, approximately $4,300 and $2,500 of forfeitures were used to pay administrative expenses and reduce the 2019 Company matching contributions, respectively. As of December 31, 2020 and 2019, there were approximately $1,700 and $2,700 of forfeitures available, respectively.

Payment of Benefits

Plan benefits are distributed in a lump sum or in the form of a deferred payout upon normal retirement age of 65, death or total disability prior to retirement. Upon termination of employment by reason other than retirement, death or total disability, a participant may request to receive a cash distribution of his or her account.

Active participants may withdraw in a single sum any part of their vested account resulting from rollover contributions at any time, any part of their vested account resulting from elective deferral contributions in the event of undue financial hardship, or any part of their account upon attainment of age 59 ½.

Upon termination, a participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than $1,000 but less than $5,000 that is made without the participant's consent will be rolled over to an individual retirement account.

Note 1. Description of the Plan (continued)

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration expense. Additionally, plan recordkeeping fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) of fair value measurements.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee, or equivalent, determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and investment contract issuer. See Note 5 for discussion of fair value measurements and Note 3 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan before the Plan's year end, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Significant Accounting Policies (continued)

Concentrations

As of December 31, 2020 and 2019, a single investment in a common/collective investment fund accounted for approximately 23% and 24% of the Plan's net assets, respectively.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2020, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued, and has identified the following event requiring disclosure:

On February 1, 2021, substantially all assets of the Plan were transferred to an investment custodian.

Note 3. Insurance Contract

Guaranteed Interest Account

The Plan participates in a contract with Principal Life Insurance Company ("Principal") whereby the assets of the Plan are part of the general assets of Principal. This contract is identified and accounted for as a guaranteed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is considered to be a fully benefit-responsive investment contract (as described in Note 2). Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 4. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Delaware Charter Guarantee & Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee of the Plan to information included in the Plan's financial statements and supplemental schedule:

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 5. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Common/collective investment funds: These investments are valued using Net Asset Value ("NAV") of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective investment fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidation will be carried out in an orderly business manner.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following table set for by level within the fair value hierarchy the investments held by the Plan as of December 31, 2020 and 2019:

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,748,571	$ ---	$ ---	$ 1,748,571
Total investments categorized in the fair value hierarchy	$ 1,748,571	$ ---	$ ---	1,748,571
Common/collective investment funds measured at NAV*				5,763,215
Total investments, at fair value				$ 7,511,786

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,587,303	$ ---	$ ---	$ 1,587,303
Total investments categorized in the fair value hierarchy	$ 1,587,303	$ ---	$ ---	1,587,303
Common/collective investment funds measured at NAV*				6,306,533
Total investments, at fair value				$ 7,893,836

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The common/collective investment funds have no redemption restrictions and are subject to the redemption frequency of daily. There were no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the common/collective investment funds as of December 31, 2020 and 2019.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be fully vested and non-forfeitable at the time of termination.

Note 8. Tax Status

The Plan has adopted a non-standardized prototype plan document sponsored by Principal. Principal has received a favorable opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS"). The IRS opinion letter provides that an employer adopting the prototype plan document may rely on the opinion letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The Plan has been restated since receiving the opinion letter. However, the plan sponsor and Principal believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

Certain Plan investments are in common/collective investment funds which are managed by Principal Life Insurance Company ("Principal") and its subsidiary. The Plan also has an investment in a guaranteed interest account which is part of the general assets of Principal and mutual funds for which Principal is the issuer. The Delaware Charter Guarantee & Trust Company is a wholly owned subsidiary of Principal Life Insurance Company and is the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager, The Principal Life Insurance Company and its affiliates, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses were paid directly to Principal and/or its affiliates and are included in administration expenses. Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA, and these fees are included in administration expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
