Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Retirement Services, a division of Great-West Life & Annuity Insurance Company, the custodian for the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2020 and for the year then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

Prior Year Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by other auditors whose report, dated October 14, 2020, did not express an opinion on the 2019 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2019 financial statements, other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedules

The supplemental schedule, as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Board of Directors of Rhino Energy LLC, the Plan Sponsor, terminated the Plan effective September 10, 2020, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2019 financial statements to the liquidation basis used in presenting the 2020 financial statements. Our disclaimer of opinion is not modified with respect to this matter.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Rhino Energy LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Rhino Energy LLC, as well as CAM Mining LLC, Sands Hill Mining LLC, Rhino Resource Partners L.P., Rhino Coalfield Services LLC, Triad Roof Support Systems LLC, Rhino Technologies LLC, Rhino Trucking LLC, Rhino Services LLC, Rhino Oil Field Services, McClane Canyon Mining, Castle Valley Mining LLC, Rhino GP LLC, The Elk Horn Coal Company LLC, Pennyrile Energy LLC, Rhino Oilfield Services LLC, Rhino Eastern LLC, Hopedale Mining, LLC, and Jewell Valley Mining LLC the co-sponsors (collectively, the Plan Sponsor). Management of the Plan Sponsor control and manage the operation and administration of the Plan. Empower Retirement Services (Empower), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as applicable sections of the Internal Revenue Code (IRC).

Effective September 6, 2019, the Plan was amended and restated to add Jewell Valley Mining LLC as a participating employer.

Plan Termination

Effective September 10, 2020, the Plan Sponsor elected to terminate the Plan subject to the provisions set forth in ERISA. Final distribution of the assets was completed in June 2021.

On September 18, 2020, the Plan Sponsor provided the Plan's participants with a notice of the Plan's termination, subject to the provisions set forth in ERISA. The projected distribution of funds was by December 10, 2020; however, not all funds were distributed by December 31, 2020. The optional forms of benefit available to a participant, including any inactive participant, affected by termination of the Plan are as follows:

- To receive vested account balance as a single lump sum payment, subject to applicable taxes and penalties unless an exception applies.
- To rollover vested account balance directly to another eligible retirement plan or to an individual retirement account (IRA) of the participant's choice.

If participants do not timely make a distribution election, then their vested account balance will be distributed as follows:

- Vested account balances that exceed \$1,000 will be rolled over to an IRA established by the Plan Sponsor on the participant's behalf. Pursuant to federal law, the funds would be invested in an investment product designed to preserve principal and provide a reasonable rate of return and liquidity. The Plan Sponsor selected Empower as the IRA provider and Great-West Government Money Market Fund as the default investment product.

Plan Termination, continued

- Vested account balances less than \$1,000 will be distributed in a lump sum payment, subject to applicable taxes and penalties unless an exception applies, by check sent to the address on file with Empower.

If the distribution checks are returned as undeliverable or if the participant does not cash the check within 180 days from the issuance date, the Plan Sponsor directs Empower to distribute the unresponsive participant's account to the unclaimed property fund of the state of the participant's last known address.

Eligibility

Employees are eligible to participate in the Plan upon attainment of age 18. Eligible participants can enter the Plan on the first day of the month on or following the date the eligibility conditions are met. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer nonelective contributions.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan Sponsor make safe harbor enhanced matching contributions of 100% of each participant's elective deferrals not exceeding 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. The Plan Sponsor made safe harbor matching contributions of \$964,074 for the year ended December 31, 2020.

In addition, the Plan Sponsor may make a discretionary nonelective contribution. This contribution is allocated as a uniform percentage of eligible compensation that is uniformly determined by the employer for all eligible participants. A participant must be employed by the Plan Sponsor on the last day of the Plan year in order to receive a contribution, unless the participant dies, becomes disabled, or has reached normal retirement age (defined as age 65) by the end of the Plan year. There were nonelective contributions of \$1,069 made by the Plan Sponsor during 2020.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsor's contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan adoption agreement. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Plan Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon, and the Plan Sponsor's contributions. A participant is 100% vested in all funds upon their entry date into the Plan.

Participant Loans

Participants may borrow up to a maximum of the lesser of \$50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

CARES Act Provisions

In late March 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the worldwide coronavirus pandemic (COVID-19). Several provisions from the CARES Act that affect the Plan are:

- Participants that are directly impacted by COVID-19 are allowed to take distributions of up to \$100,000, without a 10% early withdrawal penalty, through December 31, 2020. A COVID-19 related distribution may be repaid by the participant, at any time, within three years from receiving such distribution.

Notes to the Financial Statements, continued

1. Description of the Plan, continued

CARES Act Provisions, continued

- Participants are allowed to borrow up to \$100,000, or 100% of the non-forfeitable portion of the participant's balance, which are increases from the previously allowed limits of \$50,000, or 50% of the non-forfeitable portion of the participant's balance. Additionally, the due date for any loan repayments during the period beginning on the date of the enactment of the CARES Act and ending on December 31, 2020 may be delayed for one year. Subsequent repayments will be adjusted to reflect the delay including interest during such delay.
- Temporarily suspends the required minimum distribution rules for calendar year 2020.

Forfeited Accounts

All forfeitures are applied to safe harbor contributions and Plan expenses. As of December 31, 2020 and 2019, forfeited accounts totaled \$667 and \$3,990, respectively. During 2020, \$12,624 of forfeitures were used to pay administrative expenses. Forfeited participant balances during 2020 totaled \$9,176.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment management and advisor expenses are included in administrative expenses. All other administrative expenses are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through July 29, 2021, the date that the financial statements were available to be issued.

3. Information Certified and Provided by Custodian

The Plan's asset information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Empower, the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that asset information provided to the Plan Administrator by the custodian related to the asset information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the supplemental schedule.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

3. Information Certified and Provided by Custodian, continued

The following table presents the fair value of assets (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by Empower.

	<u>2020</u>	<u>2019</u>
Guaranteed investment contract	\$ 3,053	\$ 9,056,212
Mutual funds	<u>120,446</u>	<u>25,880,484</u>
Total	<u>\$ 123,499</u>	<u>\$ 34,936,696</u>

Empower, the custodian, certified to the completeness and accuracy of \$1,313,353 of net realized and unrealized appreciation in the fair value of mutual funds and \$333,673 of interest and dividends related to the investments for the year ended December 31, 2020.

Empower also certified to the completeness and accuracy of \$126,323 and \$1,811,728 of notes receivable from participants for 2020 and 2019, respectively, and \$29,463 in interest on notes receivable from participants for the year ended December 31, 2020.

4. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract with GWLA that comprises a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The total contract value of the traditional investment contract as of December 31, 2020 and 2019 is \$3,053 and \$9,056,212, respectively.

The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, not less than 0% as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

4. Fully Benefit-Responsive Investment Contract, continued

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; or
2. Amendments to Plan documents, including complete or partial termination or merger with another plan; or
3. Changes to the Plan's prohibition on competing investment options; or
4. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Fair Value Measurements

The Plan has determined the fair value of investments through the application of U.S. GAAP related to fair value measurements and disclosures. Investments valued using Level 1 inputs are based on unadjusted quoted prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar investments in active or inactive markets. Investments valued using Level 3 inputs are valued based on management's assumptions about the assumptions market participants would utilize in pricing the investments.

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used to measure fair value at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RHINO ENERGY LLC 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2020</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>120,446</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>120,446</u>
<u>2019</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>25,880,484</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>25,880,484</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

6. Tax Status

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions. Dean Dorton Allen Ford, PLLC (Dean Dorton) is the external auditor for the Plan.

Administrative expenses of \$170,263 for the year ended December 31, 2020 are comprised of fees paid by the Plan to GWLA, Empower, MCF Advisors, LLC, and Advised Asset Group for investment management services and withdrawal charges and Dean Dorton for audit fees.

Additionally, indirect fees are paid to the custodian based on investment account values. These fees range from 0.04% to 0.95% of the investment account value. These fees reduce net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

RHINO ENERGY LLC 401(K) PLAN
