CERTIFIED PUBLIC ACCOUNTANTS

Report of Independent Auditors

To the Plan Administrator and Participants,
Litex Industries, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Litex Industries, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Report on Supplementary Information
The supplemental schedule, which is composed of the Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2020 and 2019, and for the Year ended December 31, 2020

1. Description of Plan

The following brief description of the Litex Industries, Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution retirement plan sponsored by Litex Industries, Inc. (the "Company") for the benefit of the employees. The Plan was established on February 1, 1996. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to $100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.

Eligibility
Employees who have attained the age of 21 and have completed one year of service (1,000 hours) are eligible to participate in the Plan.

Contributions
Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan.

The Company's matching contribution is set at a fixed uniform rate of 25% of participant deferrals up to a maximum of 6% of compensation. Catch-up participant deferrals are eligible for the Company's matching contribution. The Plan also provides for employer non-elective contributions, at the discretion of the Company. No such discretionary contributions were made during the plan year ended December 31, 2020.

Investment Options
Participants may direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

1. Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's matching and discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions over six years at a rate 20% after the first two years and 20% each year thereafter.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account. The interest rates for loans are based on the prime rate as published in the Wall Street Journal on the first business day of the month before the loan is originated plus 2%. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for loans up to the lesser of $100,000 or 100% of a participants vested account balance.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to all or a portion of the value of the participant's vested interest in his or her account in the form of a lump sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements. A participant may withdraw the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. For account balances less than $5,000 but greater than $1,000, a single lump sum payment will be made automatically into an individual retirement account of the plan administrator's choosing. The Plan Document further stipulates that account balances less than $1,000 are to be automatically paid to the participant even without consent. In addition, the Plan permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. During 2020, in conjunction with the enactment of the CARES Act, the Plan allowed for eligible participants, as defined in the CARES Act, to request distributions up to $100,000 from their participant account, without being subject to the 10% early distribution tax under the IRS. Participants may elect to repay same or all of their distribution within three years.

1. Description of Plan (continued)

Forfeitures
Employees are always 100% vested in their contributions and any earnings thereon. Participants become 100% vested in any employer contributions upon completion of six years of service. Forfeitures resulting from terminations may be used to reduce future employer contributions or plan expenses. For the year ended December 31, 2020, forfeitures were $8,600. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $1,830 and $1,128, respectively. These amounts will be used to reduce future expenses incurred by the Plan or employer contributions. For the year ended December 31, 2020, $8,090 in forfeitures were used to reduce Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Expenses
The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

3. Information Certified by the Trustee (unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan as of and for the years ended December 31, 2020 and 2019, respectively, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedules:

As of December 31,		**2020**		2019
Investments, at fair value:				
Mutual funds	**$**	**18,393,963**	$	16,887,623
Collective trust funds		**1,266,512**		762,672
Total investments		**19,660,475**		17,650,295
Notes receivable from participants	**$**	**411,179**	$	484,739

For the year ended December 31,	**2020**
Net appreciation in fair value of investments	**$ 2,008,174**
Interest and dividend income	**602,165**
Other income	**142**
Interest income from notes receivable from participants	**32,622**

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2020:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Fund	$1,266,512	N/A	Daily	12 months

As of December 31, 2019:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trust Fund	$762,672	N/A	Daily	12 months

5. Related Party and Party-In Interest Transactions

The Plan made direct payments to the third party administrator totaling $10,159, for the year ended December 31, 2020. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The plan sponsor pays directly any other fees related to the Plan's operations.

Certain plan investments are managed by JP Morgan. JP Morgan Asset Management is the recordkeeper of the Plan, therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' account balances will become fully vested and non-forfeitable.

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan with cash or deferral arrangement sponsored by Great-West Trust Company, which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the Plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. The Plan itself has not received a determination letter from the IRS. However, Plan Management believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

4. Fair Value Measurements (continued)

Collective trust fund: The collective trust fund is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value of the common collective trust fund. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 month's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,393,963	$ -	$ -	$ 18,393,963
Total assets in fair value hierarchy	18,393,963	-	-	18,393,963
Investments measured at net asset value (a)				1,266,512
Total investments, at fair value				$ 19,660,475

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds:	$ 16,887,623	$ -	$ -	$ 16,887,623
Total assets in fair value hierarchy	16,887,623	-	-	16,887,623
Investments measured at net asset value (a)				762,672
Total investments, at fair value				$ 17,650,295

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available of benefits.

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

9. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	**2020**	2019
Net assets per financial statements	**$ 20,064,297**	$ 18,135,034
Add: excess contribution payable	**7,357**	-
Net assets per Form 5500	**$ 20,071,654**	$ 18,135,034

The following is a reconciliation of the net increase per the financial statements to the Form 5500:

For the year ended December 31,	**2020**
Net increase per financial statements	**$ 1,929,263**
Add: current year excess contributions payable	**7,357**
Net increase per Form 5500	**$ 1,936,620**
