San Pedro Fish Markets 401(k) Profit Sharing Plan and Trust

**Report on the Financial Statements**

We have audited the accompanying financial statements of San Pedro Fish Markets 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Supplemental Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## 1. Summary of significant accounting policies

The following is a summary of the significant accounting policies followed by San Pedro Fish Markets 401(k) Profit Sharing Plan and Trust (the Plan) which is sponsored by San Pedro Fish Markets. The policies conform with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

### a. Investments

Investments in insurance company pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents approximate fair value determined by quoted market price. Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on an accrual basis. Most investment options have management fees that reduce the overall return on assets. Net appreciation (depreciation) is inclusive of those fees.

### b. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. There were no loans during the Plan years ended December 31, 2018 and 2017.

### c. Investment and administrative expenses

Investment expenses are paid directly by the Plan, and certain administrative expenses are paid by the Company. However, the Company retains the right to discontinue paying expenses, in which case the expenses will be paid by the Plan.

### d. Income taxes

The Plan is utilizing a prototype document sponsored by Paychex Inc. The document sponsor received a favorable opinion letter dated April 10, 2014, from the Internal Revenue Service, which states that the Plan qualifies under the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. However the Plan is subject to examination by the Internal Revenue Service, generally for a period of three years.

## 1. Summary of significant accounting policies, continued

### d. Income taxes, continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### e. Concentrations of risk

The Plan provides for various investment fund options, which in turn invest in any combination of mutual funds and other investments. Investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the changes in net assets available for benefits.

## 2. Description of plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### a. General

The Plan, established January 1, 2011, is a defined contribution 401(k) plan covering employees with at least one year of service to the Company and who are age twenty one or older. Employees may become participants immediately following completion of the eligibility requirements. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

### b. Contributions

Each participant may make salary deferral contributions of up to 92% of his/her annual compensation, not to exceed the annual deferral limit set by the Internal Revenue Code. Catch-up contributions are permitted for participants age 50 and older. The Plan also allows participants to make rollover contributions.

The Company made a safe harbor matching contribution equal to 100% of each participant's salary deferral contribution up to the first 3% of the participant's eligible compensation and 50% of each participant's salary deferral contribution up to the next 2% of the participant's eligible compensation. For the plan years ended December 31, 2018 and 2017, the Company made safe harbor contributions of $35,276 and $21,883, respectively.

## 2. Description of plan, continued

### b. Contributions, continued

The Company may also make a discretionary contribution to all eligible participants. The exact percentage or amount is determined annually by the Company and is allocated based on each participant's proportionate share of the total compensation paid to all participants during the plan year. Participants who are actively employed on the last day of the plan year are eligible to receive an allocation of the discretionary contribution. For the plan years ended December 31, 2018 and 2017, the employer did not make any discretionary contributions.

### c. Vesting

Each participant is immediately vested in his/her salary deferral, safe harbor and catch-up contributions, and any earnings or losses on those contributions. The remainder of a participant's account balance is vested based on years of service. Participants vest at 20% after two years of service, and the percentage increases by 20% annually until the participant is fully vested after six years of service. Forfeited non-vested funds may be used to pay Plan expenses.

### d. Participant accounts

Each participant's account is credited with the participant's salary deferral, catch-up contributions, Company matching contributions, and Plan earnings/losses. Plan earnings/losses are allocated based on account balances, as defined in the Plan document. Each participant directs the investment of his/her account into various investment options offered by the Plan through Transamerica Financial Life Insurance Company.

### e. Payment of benefits

Each participant is entitled to Plan benefits equal to 100% of his/her vested account balance. Benefits begin upon the earliest of retirement age, termination of employment, total and permanent disability or death of the participant. Benefits are paid in a lump-sum, partial payments, installments, or annuities as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

### f. Loans

The Plan permits participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. The Plan had no loans for the years ended December 31, 2018 and 2017.

## 2. Description of plan, continued

### g. Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become fully vested in his/her account.

## 3. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: valued based on the NAV of the mutual fund(s) held by the pooled separate account (PSA), but the value of the PSA is not publicly quoted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 3. Fair value measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

| | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Pooled separate accounts: | $ - | 375,769 | - | $ 375,769 |

| | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Pooled separate accounts: | $ - | 302,935 | - | $ 302,935 |

## 4. Party-in-Interest transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Custodian of the Plan assets, record keeper, investment advisor and other service providers are considered parties-in-interest with respect to the Plan. Certain Plan investments are shares of mutual funds managed by the Custodian. The Plan issues loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest and related party transactions for which a statutory exemption exists.

## 5. Subsequent Events

Management reviewed the financial statements for subsequent events through May 18, 2021, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may impact the fair value of investments in the Plan. Other financial impact could occur though such potential impact is unknown at this time.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020. The CARES Act allows changes to Plan distributions and loans. The Plan is permitted to implement the provision now and retrospectively adopt those provisions. The Plan sponsor elected to adopt the loan and distribution provisions of the CARES Act.
