NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Calvary Design Team, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan covering substantially all employees of Calvary Robotics d/b/a Calvary Automation Systems, Inc. and the following entities related through common ownership: CGS Fabrication, LLC, CGS Webster Machining, LLC, OptiCool Technologies, LLC, OptiCool Solutions, LLC, Calvary Products, LLC, and WineCab, LLC (collectively referred to as the "Company"). All employees who have three months of service and are age 21 or older, as defined in the Plan Agreement, are eligible to participate in the Plan on the first day of the month following the completion of the service requirements. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may contribute a portion of their annual salary on a pre-tax and/or after tax basis, subject to the statutory limitation as provided for in the Internal Revenue Code ("IRC"), as defined in the Plan. Additionally, participants may direct the investment of their account balance into various investment options offered by the Plan. Participants may transfer amounts from other qualified plans into this Plan with the consent of the Plan Administrator. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan has a provision to increase the deferral rate of those participants which were automatically enrolled by 1% annually until the limit of 10% of compensation is reached, unless the participant elects otherwise. Upon reaching the 10% limit, the participant may elect to continue the automatic increase program to a maximum of 50% of compensation. The Plan has provisions allowing for discretionary employer contributions which are equal to 50% of the participant's salary deferral up to 5% of compensation. The matching Company contribution is invested as directed by the participant. There was a discretionary matching contribution made for the Plan year ended December 31, 2020 totaling $479,332 ($408,195 – 2019).

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, plus actual earnings on the contributions. Vesting in the Company's discretionary matching contribution portion of their accounts is based on the vesting schedule below:

Years of Service	Vested Percentage
Less than 2	0%
2	50%
3	100%

Notes Receivable from Participants: The Plan allows for loans to all qualifying participants. These loans must be applied for and are subject to review and approval. Participants may borrow $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve month period. Generally, loans must be repaid within five years, unless for the purchase of a primary residence. Prevailing interest rates will apply. A participant may have no more than two loans outstanding at any given time. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act ("CARES") Act enacted in March 2020, Plan participants could request a delay of loan repayments for repayments that occurred between April 5, 2020 and December 31, 2020. If a delay was granted, the participant's loan was re-amortized and included any interest accrued during the period of delay. Also pursuant to the CARES Act, Plan participants may request a loan up to the lesser of their vested loan balance or $100,000.

Withdrawals and Distributions: Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distribution at termination is a single lump sum payment. Subject to certain limitations, participants may withdraw all or part of their account balance upon attainment of age 59½. The Plan also allows hardship distributions under certain circumstances.

The Plan also permits participants to request up to $100,000 in Coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request Coronavirus related distributions under the CARES Act ceased as of December 31, 2020.

Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death or disability if their account balance is in excess of $1,000. If the participant elects to keep their vested interest in the Plan, the participant's account will continue to receive its earnings and losses.

Forfeitures: In accordance with the Plan document, forfeitures of non-vested employer contributions and earnings thereon are applied to pay administrative expenses and to reduce future employer contributions. Forfeitures in the amount of $7,500 were utilized to pay certain administrative fees for the plan during 2020 and 2019. At December 31, 2020, forfeited non-vested accounts totaled approximately $97,000 ($87,000 – 2019).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan's administrative expenses may be paid by either the Plan or the Company.

Subsequent Events: The Plan has evaluated subsequent events through July 30, 2021, the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets
b) Quoted prices for identical or similar assets or liabilities in inactive markets
c) Inputs other than quoted prices that are observable for the asset or liability
d) Inputs that are derived principally from or corroborated by observable market data correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund**:** A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	**$ 28,283,465**	**$ -**	**$ -**	**$ 28,283,465**
Common collective trust fund (a)	**-**	**-**	**-**	**5,124,181**
Investments at fair value	**$ 28,283,465**	**$ -**	**$ -**	**$ 33,407,646**

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 23,142,042	$ -	$ -	$ 23,142,042
Common collective trust fund (a)	-	-	-	2,955,768
Investments at fair value	$ 23,142,042	$ -	$ -	$ 26,097,810

(a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	$5,124,181	N/A	Daily	30 days

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust	$2,955,768	N/A	Daily	30 days

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment administrative services amounted to $10,532 for the year ended December 31, 2020 ($11,230 - 2019). Interest income from notes receivable from participants amounted to $19,678 for the year ended December 31, 2020 ($15,975 - 2019). Interest and dividend income earned on investments of Fidelity Management Trust Company amounted to $432,655 for the year ended December 31, 2020 ($398,528 – 2019). Net appreciation in fair value of investments of Fidelity Management Trust Company amounted to $816,308 for the year ended December 31, 2020 ($1,050,201 – 2019).

NOTE 5. FINANCIAL CERTIFICATION

The following unaudited financial information as of December 31, 2020 and 2019, and for the years then ended, has been furnished by the Plan Administrator and certified as accurate and complete by the trustee, Fidelity Management Trust Company. The incorporation of this financial information in the accompanying financial statements is based solely on their certification, and the information relating to assets has not been audited by independent accountants.

NOTE 5. FINANCIAL CERTIFICATION (CONTINUED)

Assets:		
Shares of registered investment companies	**$28,283,465**	$23,142,042

Interest income on notes receivable from participants	**$ 19,678**	$ 15,975

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the prototype standardized profit sharing plan adopted by the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
