Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the Complex Chemical Co., Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a participant directed, defined contribution plan covering all employees of Complex Chemical Co., Inc. (the "Company"). The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and managed by Ascensus Trust Company, the custodian of the Plan, as of December 31, 2019 and for the period from December 20, 2019 to December 31, 2019 and were held previously by Nationwide Trust Company, FSB, the former custodian of the Plan, as of December 31, 2018 and for the period from January 1, 2018 to December 19, 2019, which invests contributions and Plan earnings, makes investments transactions and provides certain recordkeeping services. The custodians act as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

As a result of the change in custody of assets held in December 2019 (as discussed above), as of December 31, 2019 all funds were held in cash and cash equivalents and were not invested in individual investment funds and allocated to participant accounts until January 2020.

Eligibility

Employees may become a participant of the Plan who have attained the age of 21 and completed 2 consecutive months of employment or one year of service. An eligible employee may enter the Plan on the date on which they satisfy the eligibility requirements.

Contributions

Participants may make contributions to the Plan in the form of salary reductions subject to a maximum dollar limitation as determined by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options offered by the Plan. The discretionary profit sharing contribution is determined by the employer with respect to each Plan year. The discretionary contribution is contributed to each eligible participant in accordance with the nondiscriminatory formula determined by the employer. Employer discretionary profit sharing contributions of approximately \$50,000 were made for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Complex Chemical Co., Inc.
401(K) Profit Sharing Plan & Trust
Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their salary reduction contributions and are vested in employer discretionary profit sharing contributions after three years of service.

Notes Receivable from Participants

The Plan allows participants to take out a loan not to exceed one half of the vested balance of the participant's account, and also not to exceed \$50,000. The loans are secured by the balance in the participant's account. As of December 31, 2019, loans totaled \$126,001 with interest rates of 5.25% to 7.50%, and mature within 60 months. As of December 31, 2018, loans totaled \$107,323 with interest rates of 5.25% to 7.00%, and mature within 60 months. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Forfeitures are applied to pay administrative expenses. During 2019 and 2018, there were no forfeitures.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period not to exceed the life expectancy of the participant or his or her designated beneficiary.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Complex Chemical Co., Inc.
401(K) Profit Sharing Plan & Trust
Notes to Financial Statements

Note 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of U.S. GAAP financial statements requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Distributions to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses

During the year ended December 31, 2019, expenses of \$15,066 were paid by the Plan and allocated to participant accounts.

Complex Chemical Co., Inc.
401(K) Profit Sharing Plan & Trust
Notes to Financial Statements

Note 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities and instruments are exposed to various risks, such as interest rate, market and credit risks.

Due to the level of risks associated with certain investment securities and instruments and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in risks and values in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, July 30, 2021. See Note 8 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement: Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which includes guidance to address changes to the disclosure requirements for fair value measurement. The guidance is effective for all employee benefit plans in fiscal years beginning after December 15, 2019. The Plan is currently evaluating the impact of this guidance on the Plan's disclosures.

Note 3: INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

- B. Notes receivable from participants, included in the statement of net assets available for benefits at December 31, 2019.
- C. Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- D. All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- E. All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan uses GAAP's three-level hierarchy for the recognition and disclosure of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Cash and cash equivalents: The carrying value approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

December 31, 2018

Mutual funds	\$ 2,552,254	\$ -	\$ -	\$ 2,552,254
Total	\$ 2,552,254	\$ -	\$ -	\$ 2,552,254

Note 5: INCOME TAX STATUS

The Plan adopted is a prototype plan which meets the requirement of Section 401(k) of the Internal Revenue Service code and is exempt from taxation. The Plan administrator believes that the Plan, as amended, has been operated in a manner that does not jeopardize this tax status. Plan management believes the Plan is no longer subject to income tax examinations for tax returns filed in years prior to 2016.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan, including legal and accounting fees, are paid by the Employer. In addition, certain services to the Plan by the Employer were performed at no charge.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit-sharing contributions.

Note 8: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2019 through July 30, 2021, the date the Plan's financial statements were available to be issued. The following item occurred:

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, broad domestic and international stock market indices have declined and the Plan's fair value of investments has declined similarly. Such declines in the fair value of investments held by the Plan have impacted participants' account balances and may affect the amounts reported in future financial statements.
