Independent Auditor's Report

To the Trustees and Plan Administrator of the Mercuria Energy America, LLC 401(k) Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mercuria Energy America, LLC 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the Fidelity Management Trust Company ("FMTC"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, as of December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the plan

The following brief description of the Mercuria Energy America, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Mercuria Energy America, LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed and intended to operate as a safe harbor 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and discretionary matching and safe harbor nonelective contributions by the Company. The Plan, which commenced effective April 22, 2008 and was amended and restated effective January 1, 2020 covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan upon date of hire and may enter the plan on the first of the month following date of hire. Excluded from the class of eligible employees are leased and union employees, nonresident aliens who have no earned income from sources within the United States and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan amendments

The Plan was amended and restated effective January 1, 2020 to change the Plan Sponsor from Mercuria Energy Trading, Inc. to Mercuria Energy America, LLC and to change the Plan name from Mercuria Energy America, LLC 401(k) Plan to Mercuria Energy America, LLC 401(k) Plan. On March 27, 2020 the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law as part of the response to the novel coronavirus ("COVID-19") global pandemic. As permitted by the CARES Act, the Plan adopted the distribution provision of the CARES Act which allows Plan participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. As of the date of the financial statements, the Plan has not adopted any other provision as permitted by the CARES Act.

Effective July 1, 2019, the Plan was amended and restated to include service earned with Aegean employees for eligibility purposes. Additionally, the plan was amended on September 23, 2019 to merge the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust into the Plan and to remove Mercuria Transportation as a participating employer.

On April 3, 2019, Mercuria Energy purchased Aegean Marine Petroleum and the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust merged into the existing Mercuria plan effective September 23, 2019. Accordingly, the value of participant account balances in the amount of $1,319,327.28 was transferred into the plan from the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) discretionary matching and safe harbor nonelective employer contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants'

contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to 90% of their annual eligible compensation, as defined by the Plan Document, in the form of pre-tax contributions. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a separate deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation. Participants may defer up to 100% of any bonuses paid during the year.

Employer contributions

The Plan is a safe harbor plan providing nonelective employer contributions under a basic matching contribution formula. During 2020 and 2019, the Company matched 100% of participant's contributions up to 3% of each participant's eligible compensation. The Company safe harbor nonelective employer contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching contributions in an amount determined by the Company. During 2020 and 2019, the Company matched 100% of participant's contributions up to the first 3% of each participant's eligible compensation.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are immediately and fully vested in their voluntary contributions and safe harbor nonelective employer contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contributions and earnings thereon is based on years of continuous service. Additionally, a participant will become fully vested in the Company discretionary matching contribution portion of their account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company's discretionary matching contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 1	0%
1	33%
2	66%
3	100%

The vesting schedule for the Company's discretionary matching contributions and earnings for terminated participants merging in from Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust on September 23, 2019 is determined as follows:

Years of Service:	Percentage
Less than 3	0%
3	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer matching contributions for the Plan year. During 2020 and 2019, the Company applied $175,626 and $62,439, respectively, from the forfeiture balance to reduce employer matching contributions and $27 and $25, respectively, to pay administrative expenses. As of December 31, 2020 and 2019, the unallocated forfeiture balance was $8 and $23,717.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct Fidelity Management Trust Company ("FMTC") ("the Custodian") that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Certain expenses such as advisory, audit and tax return preparation are paid by the Company. Administrative expenses totaled $102,224 and $1,618 for the years ended December 31, 2020 and 2019, respectively.

The plan maintains a plan expense account which holds revenue sharing funds the Plan receives from the Custodian pursuant to the revenue-sharing arrangement. On a quarterly basis, revenue sharing payments received from certain of the Plan's investment options are deposited into the dedicated plan expense account. These payments are reported as an increase in other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2020 and 2019, $101,197 and $78,474 was used to pay Plan expenses, respectively. During 2020 and 2019, the Company allocated $0, respectively, to participants. At December 31, 2020 and 2019, there was $48,859 and $0, respectively, remaining in the plan expense account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2020, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2020 and 2019, the Plan's investments were held by Fidelity Management Trust Company ("FMTC") ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2020	12/31/2019
Mutual funds	$ 41,450,213	$ 32,471,227
Money market account	2,820,073	2,477,266
Total investments	**$ 44,270,286**	**$ 34,948,493**

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $6,203,187.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 41,450,213	$ -	$ -	$ 41,450,213
Money market fund	2,820,073	-	-	2,820,073
	$ 44,270,286	**$ -**	**$ -**	**$ 44,270,286**

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 32,471,227	$ -	$ -	$ 32,471,227
Money market fund	2,477,266	-	-	2,477,266
	$ 34,948,493	**$ -**	**$ -**	**$ 34,948,493**

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) managed by Fidelity Management Trust Company ("FMTC") who has been designated as the custodian of the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer discretionary matching contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net assets available for benefits per the financial statements	$ 44,392,764	$ 35,067,564
Employer contributions receivable	(48,326)	(48,976)
Participant contributions receivable	(74,152)	(70,095)
Net assets available for benefits per Schedule H of Form 5500	**$ 44,270,286**	**$ 34,948,493**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net increase in net assets available per the financial statements	$ 9,325,200	$ 7,925,019
Contributions receivable at December 31, 2020	(122,478)	-
Contributions receivable at December 31, 2019	119,071	(119,071)
Contributions receivable at December 31, 2018	-	100,893
Net increase in net assets available per Schedule H of Form 5500	**$ 9,321,793**	**$ 7,906,841**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within four (4) days during the 2015 plan year. Any remittance to the plan greater than four (4) days is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2015 plan year. Late remittances amount to $842,648 in 2015. The Company fully corrected the 2015 delinquent contributions in 2019 and believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

In accordance with FASB ASC Topic 855, Subsequent Events, the Company evaluated subsequent events through June 10, 2021, the date the financial statements were available to be issued. With the exception of those matters noted below, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

Effective April 1, 2021, ADP Retirement Services was selected to serve as the Plan Recordkeeper and Reliance Trust Company was selected to be the Custodian of the Plan replacing Fidelity Management Trust Company ("FMTC"). On April 1, 2021, the assets of approximately $39 million were transferred to Reliance Trust Company. The majority of the investment funds held previously were reinvested into corresponding investment funds with the Custodian that had similar investment objectives. As part of this conversion, the Plan Sponsor amended and restated the Plan effective April 1, 2021 into the Automatic Data Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan document. Moreover, the Plan adopted a year-end true-up provision for 2021 and removed the provision that allows separate bonus pay deferral election.

Independent Auditor's Report

To the Trustees and Plan Administrator of the Mercuria Energy America, LLC 401(k) Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mercuria Energy America, LLC 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the Fidelity Management Trust Company ("FMTC"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, as of December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the plan

The following brief description of the Mercuria Energy America, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Mercuria Energy America, LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed and intended to operate as a safe harbor 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and discretionary matching and safe harbor nonelective contributions by the Company. The Plan, which commenced effective April 22, 2008 and was amended and restated effective January 1, 2020 covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan upon date of hire and may enter the plan on the first of the month following date of hire. Excluded from the class of eligible employees are leased and union employees, nonresident aliens who have no earned income from sources within the United States and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan amendments

The Plan was amended and restated effective January 1, 2020 to change the Plan Sponsor from Mercuria Energy Trading, Inc. to Mercuria Energy America, LLC and to change the Plan name from Mercuria Energy America, LLC 401(k) Plan to Mercuria Energy America, LLC 401(k) Plan. On March 27, 2020 the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law as part of the response to the novel coronavirus ("COVID-19") global pandemic. As permitted by the CARES Act, the Plan adopted the distribution provision of the CARES Act which allows Plan participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. As of the date of the financial statements, the Plan has not adopted any other provision as permitted by the CARES Act.

Effective July 1, 2019, the Plan was amended and restated to include service earned with Aegean employees for eligibility purposes. Additionally, the plan was amended on September 23, 2019 to merge the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust into the Plan and to remove Mercuria Transportation as a participating employer.

On April 3, 2019, Mercuria Energy purchased Aegean Marine Petroleum and the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust merged into the existing Mercuria plan effective September 23, 2019. Accordingly, the value of participant account balances in the amount of $1,319,327.28 was transferred into the plan from the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) discretionary matching and safe harbor nonelective employer contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants'

contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to 90% of their annual eligible compensation, as defined by the Plan Document, in the form of pre-tax contributions. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a separate deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation. Participants may defer up to 100% of any bonuses paid during the year.

Employer contributions

The Plan is a safe harbor plan providing nonelective employer contributions under a basic matching contribution formula. During 2020 and 2019, the Company matched 100% of participant's contributions up to 3% of each participant's eligible compensation. The Company safe harbor nonelective employer contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching contributions in an amount determined by the Company. During 2020 and 2019, the Company matched 100% of participant's contributions up to the first 3% of each participant's eligible compensation.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are immediately and fully vested in their voluntary contributions and safe harbor nonelective employer contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contributions and earnings thereon is based on years of continuous service. Additionally, a participant will become fully vested in the Company discretionary matching contribution portion of their account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company's discretionary matching contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 1	0%
1	33%
2	66%
3	100%

The vesting schedule for the Company's discretionary matching contributions and earnings for terminated participants merging in from Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust on September 23, 2019 is determined as follows:

Years of Service:	Percentage
Less than 3	0%
3	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer matching contributions for the Plan year. During 2020 and 2019, the Company applied $175,626 and $62,439, respectively, from the forfeiture balance to reduce employer matching contributions and $27 and $25, respectively, to pay administrative expenses. As of December 31, 2020 and 2019, the unallocated forfeiture balance was $8 and $23,717.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct Fidelity Management Trust Company ("FMTC") ("the Custodian") that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Certain expenses such as advisory, audit and tax return preparation are paid by the Company. Administrative expenses totaled $102,224 and $1,618 for the years ended December 31, 2020 and 2019, respectively.

The plan maintains a plan expense account which holds revenue sharing funds the Plan receives from the Custodian pursuant to the revenue-sharing arrangement. On a quarterly basis, revenue sharing payments received from certain of the Plan's investment options are deposited into the dedicated plan expense account. These payments are reported as an increase in other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2020 and 2019, $101,197 and $78,474 was used to pay Plan expenses, respectively. During 2020 and 2019, the Company allocated $0, respectively, to participants. At December 31, 2020 and 2019, there was $48,859 and $0, respectively, remaining in the plan expense account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2020, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2020 and 2019, the Plan's investments were held by Fidelity Management Trust Company ("FMTC") ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2020	12/31/2019
Mutual funds	$ 41,450,213	$ 32,471,227
Money market account	2,820,073	2,477,266
Total investments	**$ 44,270,286**	**$ 34,948,493**

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $6,203,187.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 41,450,213	$ -	$ -	$ 41,450,213
Money market fund	2,820,073	-	-	2,820,073
	$ 44,270,286	**$ -**	**$ -**	**$ 44,270,286**

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 32,471,227	$ -	$ -	$ 32,471,227
Money market fund	2,477,266	-	-	2,477,266
	$ 34,948,493	**$ -**	**$ -**	**$ 34,948,493**

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) managed by Fidelity Management Trust Company ("FMTC") who has been designated as the custodian of the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer discretionary matching contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net assets available for benefits per the financial statements	$ 44,392,764	$ 35,067,564
Employer contributions receivable	(48,326)	(48,976)
Participant contributions receivable	(74,152)	(70,095)
Net assets available for benefits per Schedule H of Form 5500	**$ 44,270,286**	**$ 34,948,493**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net increase in net assets available per the financial statements	$ 9,325,200	$ 7,925,019
Contributions receivable at December 31, 2020	(122,478)	-
Contributions receivable at December 31, 2019	119,071	(119,071)
Contributions receivable at December 31, 2018	-	100,893
Net increase in net assets available per Schedule H of Form 5500	**$ 9,321,793**	**$ 7,906,841**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within four (4) days during the 2015 plan year. Any remittance to the plan greater than four (4) days is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2015 plan year. Late remittances amount to $842,648 in 2015. The Company fully corrected the 2015 delinquent contributions in 2019 and believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

In accordance with FASB ASC Topic 855, Subsequent Events, the Company evaluated subsequent events through June 10, 2021, the date the financial statements were available to be issued. With the exception of those matters noted below, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

Effective April 1, 2021, ADP Retirement Services was selected to serve as the Plan Recordkeeper and Reliance Trust Company was selected to be the Custodian of the Plan replacing Fidelity Management Trust Company ("FMTC"). On April 1, 2021, the assets of approximately $39 million were transferred to Reliance Trust Company. The majority of the investment funds held previously were reinvested into corresponding investment funds with the Custodian that had similar investment objectives. As part of this conversion, the Plan Sponsor amended and restated the Plan effective April 1, 2021 into the Automatic Data Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan document. Moreover, the Plan adopted a year-end true-up provision for 2021 and removed the provision that allows separate bonus pay deferral election.

Independent Auditor's Report

To the Trustees and Plan Administrator of the Mercuria Energy America, LLC 401(k) Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mercuria Energy America, LLC 401(k) Plan which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by the Fidelity Management Trust Company ("FMTC"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, as of December 31, 2020 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the plan

The following brief description of the Mercuria Energy America, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Mercuria Energy America, LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed and intended to operate as a safe harbor 401(k) plan that provides retirement savings benefits to eligible employees of the Company through voluntary contributions by employees and discretionary matching and safe harbor nonelective contributions by the Company. The Plan, which commenced effective April 22, 2008 and was amended and restated effective January 1, 2020 covers substantially all employees of the Company. Participation in the Plan is voluntary. Employees are eligible to participate in the Plan upon date of hire and may enter the plan on the first of the month following date of hire. Excluded from the class of eligible employees are leased and union employees, nonresident aliens who have no earned income from sources within the United States and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Company is the designated administrator of the Plan and Fidelity Management Trust Company ("FMTC") is the custodian of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Plan amendments

The Plan was amended and restated effective January 1, 2020 to change the Plan Sponsor from Mercuria Energy Trading, Inc. to Mercuria Energy America, LLC and to change the Plan name from Mercuria Energy America, LLC 401(k) Plan to Mercuria Energy America, LLC 401(k) Plan. On March 27, 2020 the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law as part of the response to the novel coronavirus ("COVID-19") global pandemic. As permitted by the CARES Act, the Plan adopted the distribution provision of the CARES Act which allows Plan participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. As of the date of the financial statements, the Plan has not adopted any other provision as permitted by the CARES Act.

Effective July 1, 2019, the Plan was amended and restated to include service earned with Aegean employees for eligibility purposes. Additionally, the plan was amended on September 23, 2019 to merge the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust into the Plan and to remove Mercuria Transportation as a participating employer.

On April 3, 2019, Mercuria Energy purchased Aegean Marine Petroleum and the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust merged into the existing Mercuria plan effective September 23, 2019. Accordingly, the value of participant account balances in the amount of $1,319,327.28 was transferred into the plan from the Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) discretionary matching and safe harbor nonelective employer contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants'

contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to 90% of their annual eligible compensation, as defined by the Plan Document, in the form of pre-tax contributions. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a separate deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation. Participants may defer up to 100% of any bonuses paid during the year.

Employer contributions

The Plan is a safe harbor plan providing nonelective employer contributions under a basic matching contribution formula. During 2020 and 2019, the Company matched 100% of participant's contributions up to 3% of each participant's eligible compensation. The Company safe harbor nonelective employer contributions are 100% vested immediately and invested in the same manner as the participant has directed for their contributions.

Additionally, each Plan year, the Company may make discretionary matching contributions in an amount determined by the Company. During 2020 and 2019, the Company matched 100% of participant's contributions up to the first 3% of each participant's eligible compensation.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of shares of registered investment companies (mutual funds). Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan's investment funds.

Vesting

Participants are immediately and fully vested in their voluntary contributions and safe harbor nonelective employer contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contributions and earnings thereon is based on years of continuous service. Additionally, a participant will become fully vested in the Company discretionary matching contribution portion of their account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company's discretionary matching contributions and earnings is determined as follows:

Years of Service:	Percentage
Less than 1	0%
1	33%
2	66%
3	100%

The vesting schedule for the Company's discretionary matching contributions and earnings for terminated participants merging in from Aegean Bunkering USA 401(k) Profit Sharing Plan and Trust on September 23, 2019 is determined as follows:

Years of Service:	Percentage
Less than 3	0%
3	100%

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer matching contributions for the Plan year. During 2020 and 2019, the Company applied $175,626 and $62,439, respectively, from the forfeiture balance to reduce employer matching contributions and $27 and $25, respectively, to pay administrative expenses. As of December 31, 2020 and 2019, the unallocated forfeiture balance was $8 and $23,717.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution equal to the value of the participant's vested account balance, a direct rollover distribution, or a combination of a cash distribution and direct rollover distribution. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct Fidelity Management Trust Company ("FMTC") ("the Custodian") that any amount exceeding $1,000 be distributed to the participant, without consent, into an IRA for their benefit. If the vested account balance is $1,000 or less, the account will be distributed to the participant without consent as a lump-sum distribution in cash.

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Certain expenses such as advisory, audit and tax return preparation are paid by the Company. Administrative expenses totaled $102,224 and $1,618 for the years ended December 31, 2020 and 2019, respectively.

The plan maintains a plan expense account which holds revenue sharing funds the Plan receives from the Custodian pursuant to the revenue-sharing arrangement. On a quarterly basis, revenue sharing payments received from certain of the Plan's investment options are deposited into the dedicated plan expense account. These payments are reported as an increase in other income in the Statement of Changes in Net Assets Available for Benefits. Amounts deposited in this account are used to pay qualified plan administrative expenses. During 2020 and 2019, $101,197 and $78,474 was used to pay Plan expenses, respectively. During 2020 and 2019, the Company allocated $0, respectively, to participants. At December 31, 2020 and 2019, there was $48,859 and $0, respectively, remaining in the plan expense account.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, *"Fair Value Measurements and Disclosures"* except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2020, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Risks and uncertainties

The Plan provides for various investment options in shares of registered investment companies (mutual funds). Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

At December 31, 2020 and 2019, the Plan's investments were held by Fidelity Management Trust Company ("FMTC") ("the Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	12/31/2020	12/31/2019
Mutual funds	$ 41,450,213	$ 32,471,227
Money market account	2,820,073	2,477,266
Total investments	**$ 44,270,286**	**$ 34,948,493**

During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $6,203,187.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 41,450,213	$ -	$ -	$ 41,450,213
Money market fund	2,820,073	-	-	2,820,073
	$ 44,270,286	**$ -**	**$ -**	**$ 44,270,286**

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 32,471,227	$ -	$ -	$ 32,471,227
Money market fund	2,477,266	-	-	2,477,266
	$ 34,948,493	**$ -**	**$ -**	**$ 34,948,493**

Note E – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds) managed by Fidelity Management Trust Company ("FMTC") who has been designated as the custodian of the Plan. These specific investments issued or managed by FMTC qualify as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

Note F - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer discretionary matching contributions allocated to their accounts.

Note G - Tax status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note H - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net assets available for benefits per the financial statements	$ 44,392,764	$ 35,067,564
Employer contributions receivable	(48,326)	(48,976)
Participant contributions receivable	(74,152)	(70,095)
Net assets available for benefits per Schedule H of Form 5500	**$ 44,270,286**	**$ 34,948,493**

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2020 and 2019:

	12/31/2020	12/31/2019
Net increase in net assets available per the financial statements	$ 9,325,200	$ 7,925,019
Contributions receivable at December 31, 2020	(122,478)	-
Contributions receivable at December 31, 2019	119,071	(119,071)
Contributions receivable at December 31, 2018	-	100,893
Net increase in net assets available per Schedule H of Form 5500	**$ 9,321,793**	**$ 7,906,841**

Note I – Nonexempt Transactions

Department of Labor ("DOL") Regulation 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. The Plan sponsor demonstrated that the funds withheld from employees could be reasonably segregated and remitted to the Plan within four (4) days during the 2015 plan year. Any remittance to the plan greater than four (4) days is considered a prohibited transaction and in violation of the provisions of ERISA and the Internal Revenue Code.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's ("DOL") Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company during the 2015 plan year. Late remittances amount to $842,648 in 2015. The Company fully corrected the 2015 delinquent contributions in 2019 and believes that with the completion of these corrections, the Plan will continue to be in compliance with applicable requirements of the Code.

Note J – Subsequent Events

In accordance with FASB ASC Topic 855, Subsequent Events, the Company evaluated subsequent events through June 10, 2021, the date the financial statements were available to be issued. With the exception of those matters noted below, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

Effective April 1, 2021, ADP Retirement Services was selected to serve as the Plan Recordkeeper and Reliance Trust Company was selected to be the Custodian of the Plan replacing Fidelity Management Trust Company ("FMTC"). On April 1, 2021, the assets of approximately $39 million were transferred to Reliance Trust Company. The majority of the investment funds held previously were reinvested into corresponding investment funds with the Custodian that had similar investment objectives. As part of this conversion, the Plan Sponsor amended and restated the Plan effective April 1, 2021 into the Automatic Data Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan document. Moreover, the Plan adopted a year-end true-up provision for 2021 and removed the provision that allows separate bonus pay deferral election.
