INDEPENDENT AUDITOR'S REPORT

To the 401(k) Investment Committee
Rodan & Fields, LLC 401(k) Plan
San Francisco, California

We were engaged to audit the accompanying financial statements of Rodan & Fields, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any audit procedures with respect to the information referred to in Note 3 which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustees ("Trustees") of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustees holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 1, on March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter-in-place orders. As a result, equity markets have experienced significant volatility. It is at least reasonably possible that this matter will negatively impact the Plan; however, the ultimate financial impact and duration cannot be reasonably estimated at this time. Our opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedules

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2020 and of assets (held at end of year) as of December 31, 2020, ("supplemental schedules") are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the ("Trustees"), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of Rodan & Fields, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Rodan & Fields, LLC (the "Company" or "Employer"), is designed to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan was established on January 1, 2008, and was restated effective July 29, 2019. The Plan is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reports and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws and the IRC.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused economic disruption through mandated and voluntary closings of businesses and shelter-in-place orders. As a result, equity markets have experienced significant volatility. In response, the U.S. Government enacted the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, which includes significant provisions to provide relief and assistance to affected organizations. While the disruption is currently expected to be temporary, and markets typically recover, there is considerable uncertainty surrounding the duration of the closings and shelter-in-place orders, the shorter term market volatility, and the ultimate impact of the CARES Act and other governmental initiatives. It is at least reasonably possible that this matter will negatively impact the Plan. However, the financial impact and duration cannot reasonably be estimated at this time.

In April 2020, the Plan adopted the provisions of the CARES Act. The adoption of the CARES Act did not have a material impact on the presentation of the Plan's financial statements.

Plan administration

The Company has designated the 401(k) Investment Committee (the "Committee") as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Company contracted with Great-West Life & Annuity Insurance Company ("Great-West") and Great-West Trust Company, LLC (collectively the "Trustees") to act as the assets custodian and directed trustee and an affiliate of the Trustees to perform record-keeping services.

Eligibility

All employees of the Company who have attained age 21 are immediately eligible to begin participating in the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants are allowed to contribute their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined in the plan documents, up to the annual contribution limit as defined in the IRC. The Plan also permits the automatic enrollment of newly eligible employees into the Plan with an initial pre-tax contribution rate of 3%, unless affirmatively elected otherwise. Participants are also allowed to make pre-tax and after-tax (as Roth) rollover contributions to the Plan from other qualified retirement plans.

Plan participants who have attained age 50 before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined in the IRC.

Employer contributions

The Plan allows the Company to make discretionary matching contributions and discretionary nonelective contributions to the Plan. During the year ended December 31, 2020, the Company made discretionary matching contributions of 100% of up to the first 4% of eligible compensation, as defined in the plan documents, contributed to the Plan by participants. Participants who are employed by the Company as of the last day of the Plan year are eligible to receive the Company's discretionary matching contributions and discretionary nonelective contributions. The Company made discretionary matching contributions of $2,399,773 and discretionary nonelective contributions of $108,966 for the Plan year ended December 31, 2020.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary matching contributions and discretionary nonelective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their contributions to the Plan and the Company's discretionary matching contributions, plus actual earnings thereon. Participants vest into the Company's discretionary nonelective contributions, if any, ratably over a period of five years, as defined in the plan documents.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow not less than $1,000 and up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Notes receivable from participants ("participant loans") must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment term may exceed five years. Participant loans are secured by the respective participant's vested account balance. Participant loans bear interest at a rate commensurate with local prevailing rates for instruments with similar characteristics at the time of issuance. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2020, bear interest at annual rates of between 4.25% and 6.25%.

Plan expenses

Fees and expenses charged under participant accounts impact retirement savings and fall into three basic categories. Investment fees are generally assessed as a percentage of assets invested and are deducted directly from investment fund balances. They can be in the form of sales charges, loads, commissions, or management fees. Plan administration and record-keeping fees cover the routine expenses for the services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Company, but permits certain expenses incurred to administer the Plan to be paid from Plan assets. Currently, the Company directly pays substantially all expenses incurred to operate and administer the Plan. Transaction-based fees are associated with optional services offered under the Plan, and are charged directly to participant accounts for particular Plan features that may be available, such as a participant loan or the maintenance of a terminated participant's account.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. Upon termination, if a participant's vested account balance is equal to or less than $1,000, the balance is immediately distributed as a lump-sum payment. Upon termination, if a participant's vested account balance is greater than $1,000 and less than $5,000, their balance shall be automatically rolled over into an individual retirement account designated by the Plan administrator, unless otherwise elected. Upon termination, if a participant's vested account balance is greater than $5,000, the participant (or beneficiary) may elect to receive a distribution of their account balance as a lump-sum payment, installment payments, or postpone payment to a later date and remain in the Plan. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan document.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited accounts

Forfeited non-vested accounts totaled $5,115 and $2,067 as of December 31, 2020 and 2019, respectively. In accordance with the provisions of the Plan, forfeitures may first be used to pay Plan expenses with any remaining amount reducing the employer contribution. Forfeitures of $2,075 were used to reduce employer contributions during the year ended December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management of the Plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein (Note 1).

Investment valuation and income recognition

The Plan's investments in mutual funds are reported at fair value. The Plan's investments in benefit-responsive investment contracts are reported at contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (Note 4).

Contract value is the relevant measurement for assets invested in benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (Note 5).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded by the Trustees on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make repayments and a distributable event occurs, the Plan administrator deems the participant note to be a distribution, the note receivable balance is reduced and a benefit payment is recorded if a distributable event has occurred.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Contributions from the Employer are recorded in the year earned to coincide with the year which the Employer records the contributions in its records. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded when received by the Trustee.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through August 6, 2021, the date the financial statements were available to be issued. No subsequent events have been occurred that would have material impact on the presentation of the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounting standards update

During August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments eliminate, add, and modify certain fair value disclosure requirements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The adoption of this standard did not have a material effect on the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustees have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2020.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are as follows:

- *Level 1* - Asset value is based on actual quoted prices in active markets for the identical security.

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 2* - Other significant observable inputs are used to arrive at fair value (including yield, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).
- *Level 3* - Significant unobservable inputs (including management's own assumptions) are used to arrive at fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 43,931,190	$ -	$ -	$ 43,931,190

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 35,718,801	$ -	$ -	$ 35,718,801

5. INVESTMENT CONTRACTS

The Key Guaranteed Portfolio Fund (the "Contract") is a guaranteed fixed annuity contract available as an investment option to Plan participants. Contributions into the Contract are held with the general account of Great-West. The Contract is fully and unconditionally guaranteed by Great-West.

For investment contracts that are benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the contract. Contract value represents accumulated cash contributions made under the contract, and interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Contract is a fully benefit-responsive investment contract, as defined.

The Plan administrator is not aware of reserves against contract value for credit risk of the Contract issuer or otherwise. The Contract provides a guarantee of principal and that the effective annual interest rate may not be less than 0%, while offering the opportunity for additional amounts of interest. When declared, additional amounts of interest remain in effect for the following calendar quarter. Additional interest is not guaranteed for future years.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

Either Great-West or the Plan administrator may terminate the Contract at any time with advance written notice provided to the other party.

6. INCOME TAX STATUS

The Plan adopted the Great-West Trust Company Defined Contribution Prototype Non-Standardized Plan that has received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the form of the prototype plan qualifies under applicable sections of the IRC. The Plan Administrator believes the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in these financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become immediately 100% vested in their accounts.

8. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by the Trustees, and their affiliates, including any fee offset or revenue-sharing agreements, qualify as exempt party-in-interest transactions. Purchases and sales of investments managed by either the Trustees, or their affiliates, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the plan documents and are specifically exempt under ERISA. Also, fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions.

The Trustees also earns compensation in the form of short-term interest (or "float") when funds are received either without investment instructions or past the point in a day when funds can be invested. Such amounts are held by a financial institution and earn interest at an interest rate provided by the financial institution from time to time.
