Aptiv Selected Employee Benefit Plans

Notes to Financial Statements

December 31, 2020

1. Description of Plans

The following descriptions of the Aptiv Salaried Retirement Savings Program (the Program or the SRSP) and the Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States (the Plan or the PSP, and together with the SRSP, Aptiv Selected Employee Benefit Plans or the Plans) provide only general information. Participants should refer to the applicable plan documents for more complete information.

Aptiv PLC (Aptiv) is a public limited company formed under the laws of Jersey on May 19, 2011 as Delphi Automotive PLC, which, through its subsidiaries, acquired certain assets of the former Delphi Corporation and completed an initial public offering on November 22, 2011.

The Board of Directors of Aptiv Corporation (formerly Delphi Corporation prior to May 30, 2018) (incorporated on October 7, 2009), a U.S. subsidiary of Aptiv, acts as a named fiduciary and delegates to various employees and committees who control and manage the operation and administration of the Plans subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). NEPC, LLC is the investment advisor to the Plans. Fidelity Investment Institutional Operations Company, Inc. (Fidelity or Recordkeeper) acts as the Plans' recordkeeper and Fidelity Management Trust Company (Fidelity or Trustee) serves as the Plans' trustee.

Aptiv offers the same investment options to the salaried and hourly participants in the Plans. The investment option structure features the following investment options: custom target date retirement portfolios, equity portfolios, stable value fund and a self-directed brokerage account (SDBA). With these investment options, plan fees are paid through an expense accrual that is deducted from the net asset value (NAV) of the custom investment portfolios. Participants with assets in an SDBA incur a similar expense accrual, but these fees are deducted from their non-brokerage assets (participants can only invest up to 90% of the value of their account in an SDBA). See Note 4 for additional information regarding these investment options.

1. Description of Plans (Continued)

Aptiv Salaried Retirement Savings Program

General

The Program was established effective January 1, 1999, as a defined contribution plan in connection with Aptiv's spin-off from General Motors (GM). Aptiv Corporation is the sponsor of the Program.

Eligibility

Salaried employees in the United States (U.S.) are eligible to participate in the Program upon their date of hire and as soon as administratively practicable.

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible salary, as defined in the Program, up to the annual pretax/Roth limit (\$19,500 in 2020). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum Internal Revenue Service (IRS) limits (\$6,500 in 2020). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Participants may also contribute amounts representing eligible rollover distributions from other qualified programs. Employee contributions vest immediately. Contributions are subject to certain IRS limitations. Newly eligible employees are automatically enrolled in the Program at a pretax contribution rate of 7%. Unless otherwise designated by the participant, the automatic 7% contributions are invested in the age-appropriate target date retirement portfolio. Employees may elect to change their rate of contributions or suspend their contributions at any time.

Employer Contributions

The Program sponsor provides both a non-elective and a matching company contribution to each eligible employee. The non-elective company contribution equals 4% of each eligible employee's total eligible salary, as defined in the Program, which includes base salary, incentive compensation (including sales incentive), and merit-based recognition awards.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

The matching contribution equals \$0.50 for every dollar an employee contributes to the Program, capped at 7% of an employee's total compensation. The participant may direct the investment of contributions into one or a number of options available under the Program. Prior to 2021, employer contributions vested on an annual basis for the first three years of participation in the Program and subsequently were immediately vested. Beginning in 2021, employer contributions began vesting immediately upon contribution to the Program. Contributions are subject to certain IRS limitations.

As a result of the COVID-19 pandemic, which originated in late 2019 and was later declared a pandemic by the World Health Organization in March 2020, certain actions were undertaken by Aptiv to strengthen Aptiv's liquidity position during 2020. Effective April 1, 2020, Aptiv suspended both the non-elective company contribution of 4% of each employee's total eligible salary, as defined in the Program, and the company matching contribution. Both the non-elective and company matching contributions were reinstated effective January 1, 2021.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the Program.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the Program document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals and loans under all applicable programs maintained by Aptiv. The amount that may be withdrawn for a financial hardship is limited as defined in the Program. The funds that represent a financial hardship withdrawal must conform to conditions required by the IRS.

If a participant terminates employment, the participant may elect to: (1) receive installment payments, (2) receive partial withdrawals, (3) receive a total settlement, or (4) defer the distribution of assets in such participant's account. If the participant fails to make an election, the participant's assets shall remain in the participant's account until the earlier of the participant's

request for settlement or attainment of age 72 (when required minimum distributions must commence), which was increased from age 70½ effective January 1, 2020 in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019.

If the total of the participant's account at the time of termination is not greater than \$1,000, then the participant will receive a distribution of the entire account balance. If a participant terminates employment and the value of the participant's vested assets is more than \$1,000 (including amounts attributable to rollover contribution accounts) but less than \$5,000 (excluding amounts attributable to rollover contribution accounts) and the participant fails to return the distribution election forms provided by the administrator within the election period, a participant's entire Program account balance will be automatically rolled over to an Individual Retirement Account (IRA). The administrator will select the IRA institution, and such amounts will be invested in accordance with rules and regulations established by the Department of Labor and the IRS.

Transfers of Program Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan: (1) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (2) permits such transfers.

Investment Options

Participants must direct, in 0.1% increments, how their contributions are to be invested. If participants do not direct how their contributions are to be invested, both participant and employer contributions will automatically be invested in the participants' respective age-appropriate target date retirement portfolio.

From time to time, certain funds may impose a redemption fee if an investment is held for less than a stated period. If applicable, these fees are disclosed in the individual mutual fund prospectus, which contains additional information about each fund. The redemption fees are paid to the respective funds and help protect the funds' performance and shareholders by discouraging frequent trading in response to short-term market fluctuations.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of both of the employer's contribution and Program earnings and is charged with an allocation of administrative expenses as further described in Note 5. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Once each year, participants may borrow an amount within a range of \$1,000 to the lesser of \$50,000 or 50% of their vested account balance. Loan maturities generally range from six months to five years but can be extended up to ten years for the purchase or construction of a primary residence, provided a participant may not elect a term that will result in monthly repayments of less than \$50. Loans will bear a rate of interest which will be the prime rate as of the last business day of the calendar quarter immediately preceding the date the participant gives appropriate direction for a loan to the recordkeeper. The interest rate will remain the same throughout the term of the loan. Repayment of loans is generally made through after-tax payroll deductions and is invested in the same discretionary investment options that the participant selected for the participant's savings contributions. A participant may be granted a loan no more frequently than one time each calendar year and may have no more than three loans outstanding at any one time of which one loan may be for the purchase or construction of a primary residence.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$1,209,000 and \$328,000, respectively. These accounts may be used to reduce future employer contributions or pay Program expenses. No amounts were used to reduce employer contributions in 2020.

Administrative Expenses

Certain costs of Program administration are paid from the Program's assets or by the Program's sponsor on behalf of the Program, as further described in Note 5. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of

those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

Joint Venture Transaction

On March 26, 2020, Aptiv completed a transaction with Hyundai Motor Group to form a joint venture (the JV) focused on the design, development and commercialization of autonomous driving technologies. On March 31, 2020, certain salaried employees were separated from Aptiv Corporation in connection with their new employment with the JV. Following their transfer of employment, these employees were no longer able to contribute to the Plan or receive employer contributions, but are eligible to rollover their account to separate plans administered by the JV. The net assets attributable to Plan participants whose employment transferred to the JV on March 31, 2020 was approximately \$16,600,000.

Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States

General

Aptiv established the PSP effective May 28, 1999, as a defined contribution plan in connection with its spin-off from GM. Aptiv Corporation is the sponsor of the PSP.

Eligibility

Generally, eligible U.S. hourly-rate full-time and part-time employees may participate and accumulate savings under the PSP upon their date of hire and as soon as administratively practicable.

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible earnings as defined in the PSP up to the annual pretax/Roth limit (\$19,500 in 2020). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum IRS limits (\$6,500 in 2020). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Employee contributions vest immediately. Contributions are subject to certain IRS limitations.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements (Continued)

1. Description of Plans (Continued)

Employer Contributions

For certain employees, Aptiv contributes an amount equal to a stated percentage (based on the local union benefit agreements) of eligible weekly earnings to such participants' accounts entirely into the participant's respective target date retirement portfolio. Participants can immediately redistribute these contributions to other funds. Such participants must participate in the PSP for at least three years to be vested in employer contributions. Contributions are subject to certain IRS limitations.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the PSP.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the PSP document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals and loans under all applicable plans maintained by Aptiv. The amount that may be withdrawn for a financial hardship is limited as defined in the PSP. The funds that represent a financial hardship withdrawal must conform to conditions required by the IRS.

If a participant terminates employment, the participant may elect to: (1) receive installment payments, (2) receive partial withdrawals, (3) receive a total settlement, or (4) defer the distribution of assets in such participant's account. If the participant fails to make an election, the participant's assets shall remain in the participant's account until the earlier of the participant's request for settlement or attainment of age 72 (when required minimum distributions must commence), which was increased from age 70½ effective January 1, 2020 in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019.

The administrator will select the IRA institution, and such amounts will be invested in accordance with rules and regulations established by the Department of Labor and the IRS.

Transfers of PSP Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan: (1) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (2) permits such transfers.

Investment Options

Participants must direct, in 0.1% increments, how their contributions are to be invested. Loan maturities generally range from 12 months to five years but can be extended to 10 years for the purchase or construction of a primary residence, provided a participant may not elect a term that will result in repayments of less than \$10 per pay period. At December 31, 2020 and 2019, forfeited non-vested accounts totaled approximately \$159,000 and \$93,000, respectively. These accounts may be used to reduce future employer contributions. In 2020, forfeited non-vested accounts reduced employer contributions by approximately \$58,000.

Administrative Expenses

Certain costs of Plan administration are paid from the Plan's assets or by the Plan's sponsor on behalf of the Plan, as further described in Note 5. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

1. Description of Plans (Continued)

Excess Participant Contributions Refundable

The PSP failed the elective deferral non-discrimination test for the years ended December 31, 2020 and 2019. Excess contributions in 2020 and 2019 of approximately \$16,000 and \$46,000, respectively, are recorded as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions. During 2021 and 2020, the PSP refunded the respective excess contributions to its participants as required by law.

Coronavirus Aid, Relief, and Economic Security Act (applicable to both the SRSP and PSP)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was signed into law. The CARES Act contained several provisions that temporarily impacted 401(k) type plans, including penalty-free coronavirus-related distributions of up to \$100,000 per individual, increasing the maximum participant loan limit to the lesser of \$100,000 or 100% of the participant's vested account balance, allowing the suspension of loan payments on outstanding loans for one year, as well as the waiver of required minimum distributions for 2020. During 2020, the Plan Sponsor incorporated these provisions into the Plans to allow certain eligible individuals to receive COVID-19 relief available under the CARES Act in the form of coronavirus-related distributions and a delay in the due date for repayments for outstanding plan loans occurring during the period beginning on March 27, 2020 and ending on December 31, 2020 for one year, as provided in the CARES Act. The Plans will execute a formal amendment within the timeframe required by law.

2. Summary of Accounting Policies

The significant policies followed in preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plans have been prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Aptiv Selected Employee Benefit Plans

2. Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates and disclosures of contingent assets and liabilities.

Recently Adopted Accounting Pronouncements

The Plans adopted Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, in 2020. The amendments relate primarily to the elimination or modification of certain fair value disclosures, while requiring additional disclosures primarily related to the development of inputs for fair value measurements categorized within Level 3 of the fair value hierarchy. The adoption of this guidance did not have a significant impact on the Plans' financial statements.

Investment Valuation and Income Recognition

The Plans' investments are stated at fair value. Refer to Note 4 for additional disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Net appreciation (depreciation) includes the Plans' gains (losses) on investments bought and sold, as well as held during the year and is recorded on the accompanying statement of changes in net assets available for benefits as net investment income (loss) from the Aptiv Corporation Savings Trust (the Master Trust). Interest income is recognized as earned. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

Aptiv Selected Employee Benefit Plans

2. Summary of Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Information Certified by Trustee and Custodian

The Plans' administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain investment information disclosed in the accompanying financial statements and supplemental schedules including investments held and notes receivable from participants at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information provided and certified as complete and accurate by Fidelity, the Trustee of the Plans.

4. The Master Trust

The Master Trust was established pursuant to a trust agreement between the Plans' sponsor and Fidelity, as Trustee of the Master Trust, in order to permit the commingling of trust assets of multiple employee benefit plans for investment and administrative purposes.

Employee benefit plans participating in the Master Trust as of December 31, 2020 and 2019 are the SRSP and the PSP.

Investment income (loss) and expenses related to the Master Trust are allocated to the individual Plans daily based on each participant's account balance within each investment fund option.

The target date retirement, stable value fund and equity portfolios are made up of common/collective trusts, common stock, and mutual funds according to the respective portfolio investing criteria. Participants may also directly invest in a variety of investments, including mutual funds, listed stocks, options, bonds and foreign securities through the brokerage option.

Fair Value Measurement of Investments Within the Master Trust

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as “the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.” The definition of fair value is based on an exit price rather than an entry price, regardless of whether the entity plans to hold or sell the asset, and fair value should be based on assumptions that market participants would use, including non-performance risk. ASC

Notes to Financial Statements (Continued)

4. The Master Trust (Continued)

820 also establishes a fair value hierarchy to prioritize inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs, other than quoted prices in active markets, which are observable either directly or indirectly.
- Level 3 – Unobservable inputs for which there is little or no market data, thereby requiring the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques noted in ASC 820:

- *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost).
- *Income approach*: Techniques to convert future amounts to a single present amount based upon market expectations (including present value techniques, option-pricing and excess earnings models).

4. The Master Trust (Continued)

- Common/collective trusts are valued at the closing price reported by the market in which they are traded.
- Mutual funds, common stock and non-interest bearing cash accounts are publicly traded on an open market and are valued at the closing price reported by the market in which they are traded.
- SDBA investments are traded on open markets and are valued at the closing price of the investments in which the participant invests. These investments include mutual funds, common and preferred stock, rights, warrants, options, certificates of deposit, corporate debt securities and cash and other short-term marketable securities.

5. Expense Accruals

The Plans' sponsor assessed a fee accrual of 13 basis points for the PSP and 4.5 basis points for the SRSP to cover administrative expenses for the Plans. This accrual is deducted from the daily net asset value of the investment portfolios. The accruals are accumulated in the respective Fidelity investment portfolios maintained by the Trustee pending receipt of invoices from service providers for the Plans.

The expense accruals and the Plans' expenses were reported on the statement of changes in net assets available for benefits for the year ended December 31, 2020, as other contributions and administrative expenses, respectively, as follows:

		SRSP		PSP
		<i>(In Thousands)</i>		
Expense accruals assessed.....	\$	671	\$	396
Plans' expenses.....		637		277

6. Related-Party Transactions

Certain of the Plans' investments are managed by Fidelity. Fidelity is the Recordkeeper and Trustee as defined by the Plans, and therefore, these transactions qualify as party-in-interest transactions. Participant loans for the SRSP and PSP also qualify as party-in-interest transactions. Transactions with Fidelity and participant loans for the Plans are exempt from the prohibited transaction rules under ERISA.

7. Termination of the Plans

Although it has not expressed any intent to do so, the Plans' sponsor has the right to terminate the Plans subject to the provisions of ERISA and the appropriate collective bargaining agreement. Such termination of the Plans, if any, would not affect a participant's interest in assets already in the Plans. If terminated, participants become 100% vested in their accounts in the SRSP and PSP.

8. Tax Status

The Plans have received determination letters from the IRS dated May 10, 2017 (for the PSP) and April 17, 2017 (for the SRSP), stating that the Plans are qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to these determinations by the IRS, the PSP and SRSP were amended. Once qualified, the Plans are required to operate in conformity with the Code to maintain their qualified status. The Plans' administrator has indicated that it will take the necessary steps, if any, to bring the Plans' operations into compliance with the Code.

Accounting principles generally accepted in the United States require plans' management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plans' administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plans have recognized no interest or penalties related to uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions.

9. Risks and Uncertainties

The Plans invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

10. Subsequent Events

Aptiv evaluated the effects of all events that occurred subsequent to December 31, 2020 through July 30, 2021 , the date that the accompanying financial statements were available to be issued. As a result, there were no significant changes or updates to disclose.
