Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Lakeview Health Holdings Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019 and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in these financial statements. We have been informed by the plan administrator that the custodian holds the Plan's assets and executes transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. These financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Supplementary Information

The supplementary information as of and for the year ended December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following brief description of the Lakeview Health Holdings Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits to the employees of Lakeview Health Holdings, Inc. (the Company).

Employees are eligible to make pre-tax salary reduction contributions and to receive discretionary matching and profit-sharing contributions on the first day of the month after attaining 21 years of age and 60 days of service, as defined in the Plan document. Participants must be employed on the last day of the Plan year to receive discretionary profit-sharing contributions.

Contributions

Each year, participants may contribute up to 100% of the pre-tax annual eligible compensation, as defined by the Plan, subject to limits imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may also make discretionary matching and profit-sharing contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of a) the Company's discretionary matching and profit-sharing contributions and b) Plan earnings and losses. The Company's discretionary matching contributions are allocated among participants based on each eligible participant's elected salary deferral. The Company's discretionary profit-sharing contributions are allocated based on the eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Voya Retirement Insurance and Annuity Company (Voya).

Vesting

Participants are immediately vested in their participant contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions credited to participants' accounts is based on years of continuous service. Participants are 20% vested after one year of credited service, and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of 2% over the prime rate at the time of the loan. Notes receivable terms range from 1 to 5 years, unless the note is used for the purchase of a primary residence, in which case a longer term is permitted. All principal and interest payments must be made monthly through payroll deductions. Delinquent notes receivable are recorded as deemed distributions based on the terms of the Plan document.

As a result of the Coronavirus Aid, Relief, and Economic Security (CARES) Act signed on March 27, 2020, the Plan allowed participants to borrow from their accounts up to $100,000 or 100% of their vested account balance through September 2020. Repayments from any new or existing note receivable from participants may be delayed up to one year.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan requires that distribution payments between $1,000 and $5,000 be directly rolled over into an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option. Participants may also receive hardship and in-service distributions, as permitted in the Plan document. Benefits are recorded when paid.

As a result of the CARES Act, the Plan allowed early withdrawals for participants directly impacted by COVID-19. The 10% IRS penalty was waived for up to $100,000 for early withdrawals by participants directly impacted by COVID-19 through December 2020.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to reduce Company contributions or to pay Plan expenses. Forfeitures may also be reallocated as an additional Company contribution. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $146 and $139, respectively. In 2020 and 2019, no forfeitures were used.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared using the modified cash basis of accounting and present the net assets available for benefits and changes in those net assets. Under this accounting basis, revenue is recognized when collected rather than when earned, and expenditures are generally recognized when paid rather than when incurred. Consequently, contributions receivable, accounts payable and accrued expenses are not included in the financial statements. Accordingly, these financial statements are not presented in accordance with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans.*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America and the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value (See Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company invests in investment contracts though a guaranteed interest account.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications

Certain amounts in the 2019 financial statements have been reclassified to conform to the 2020 presentation.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 6, 2021, noting no items requiring disclosure.

3. Information Certified by Voya

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya, the custodian of the Plan, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

The following table presents the value of the participant-directed Plan assets that were certified by Voya as of December 31:

	2020	2019
Investments at Fair Value	$ 6,401,541	$ 5,628,065
Investments at Contract Value	20,584	15,819
	$ 6,422,125	$ 5,643,884

Voya has certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2020	2019
Net Appreciation in Fair Value of Investments	$ 829,458	$ 1,135,066
Interest and Dividends from Investments	3,065	2,536
Net Investment Income	$ 832,523	$ 1,137,602

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Pooled Separate Accounts: Valued at the Net Asset Value (NAV) of its underlying investments. The pooled separate accounts include underlying investments in mutual funds which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, *Fair Value Measurement*, allows NAV per share to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those requirements. Since the participants have the ability to redeem the accounts at NAV as of the measurement dates on a daily basis, the accounts are properly categorized as a Level 2 fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020.

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 6,401,541	$ -	$ 6,401,541

The following table presents by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2019.Lakeview FS

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 5,628,065	$ -	$ 5,628,065

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2020 and 2019, respectively:

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 6,401,541	None	Daily	1 Day

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 5,628,065	None	Daily	1 Day

5. Investment Contract with Insurance Company

The Plan has entered into an investment contract with Voya. Voya maintains the contributions in pooled separate accounts and guaranteed interest accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya.

The pooled separate accounts, as reported to the Plan by Voya, are included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

As the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is qualified as a profit-sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code of 1986, as amended.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution of account balances to participants would be made as soon as practicable after the termination date.

8. Related-Party Transactions

Certain Plan investments are pooled separate accounts with underlying shares in mutual funds and a guaranteed interest account managed by Voya. Voya is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions.
