Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Matrix Technologies Profit Sharing & Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

MATRIX TECHNOLOGIES PROFIT SHARING AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 1—Description of the plan

The following description of The Matrix Technologies Profit Sharing and Saving Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document and plan amendments for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees of Matrix Technologies, Inc. (the “Plan Sponsor”) are eligible to participate in the Plan if they have attained 21 years of age and have completed three months of service with exception for union employees, nonresident aliens, and Co-Op employees whom are not eligible to participant in the Plan.

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Participants may elect to contribute up to 75% of their base compensation, as defined in the plan document, subject to maximum tax-deferred limitations established by the Internal Revenue Code in the form of Roth elective deferrals and pre-tax elective deferrals. Each pay period the Plan Sponsor makes a safe harbor matching contribution equal to 100% of the first 5% of the participant’s contribution. Additionally, the Plan Sponsor may make a discretionary matching contribution and a profit sharing contribution. The Plan Sponsor did not make a profit sharing contribution in 2020.

New employees covered by the Plan are automatically enrolled in the Plan and will begin deferring 5% of their eligible compensation to the Plan, unless the participant revokes or changes this election.

Rollover contributions

Participants may contribute funds previously held in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contributions.

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and allocations of the Plan Sponsor’s safe harbor matching contribution, the Plan Sponsor’s discretionary contributions, the Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS—CONTINUED

Note 1—Description of the plan—continued

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000. The minimum note receivable amount is \$1,000 with the repayment schedule being no longer than 5 years unless used for a primary residence, which may have a term greater than 5 years, and only one note receivable can be outstanding at any time. The notes receivable shall bear a reasonable rate of interest. The interest rate is determined by the Plan Sponsor's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. Principal and interest are paid ratably through payroll deductions. The notes receivable are secured by the balance in the participant's account.

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are immediately vested in their Roth elective deferrals, pre-tax elective deferrals, employer safe harbor match, discretionary matching, and rollover contributions plus actual earnings (losses) thereon. Participants become vested in the Plan Sponsor's discretionary profit sharing contributions plus actual earnings (losses) based on the 3 year cliff vesting schedule. Participants are fully vested upon completion of three years of service.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the plan document, represents forfeiture. At December 31, 2020 and 2019, the forfeited non-vested accounts available totaled \$0 and \$14,487, respectively. During 2020, the Plan allocated \$14,589 from the forfeited non-vested amounts to pay fees for the Plan.

Distributions to participants

In the event of termination of service due to death, permanent disability, retirement or upon attainment of age 63, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Distributions to participants may be taken as a lump-sum amount, installment payments, or partial withdrawals. Distributions must commence by April 1 of the calendar year following the calendar year the participant reaches age 70½ and has separated from service.

In the event of hardship, as defined in the plan document, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Note 1—Description of the plan—continued

Distributions to participants—continued

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared under the accrual method of accounting. Participant withdrawals are recorded upon distribution.

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Investment transactions are accounted for on a trade-date basis and realized gains and losses on sales of securities are determined using the average cost method. Income from investments is recognized when earned. Purchases and sales of securities are recorded on a trade date basis. Interest income is rewarded on the accrual basis. Dividends are recorded on the ex-dividend basis.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor. Administrative services primarily consist of payments to third-party service providers for investment advisory, recordkeeping, and audit services. Expenses paid by the Plan are reported on the statements of changes in net assets available for benefits as administrative expenses.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 2—Summary of significant accounting policies—continued

Subsequent events

The Plan has evaluated subsequent events through August 10, 2021, the date the financial statements were available to be issued and has determined there are no subsequent events that require disclosure.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including mutual funds held and notes receivable from participants at December 31, 2020 and 2019, and net realized and unrealized appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Sponsor and certified by John Hancock Trust Company, (the Trustee), as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Under the terms of a trust agreement between the trustee and the Plan Sponsor, the trustee invests all contributions to the Plan in various fund options as directed by the individual participants.

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

MATRIX TECHNOLOGIES PROFIT SHARING AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 4—Fair value measurements—continued

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for each type of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Common/Collective Trust Fund – valued at the net asset value of units of a bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Description	Total	Fair Value Measurements at December 31, 2020		
		Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 51,877,257	\$ 51,877,257	\$ 0	\$ 0
Total investments in the fair value hierarchy	51,877,257	\$ 51,877,257	\$ 0	\$ 0
Investments measured at net asset value (a)	4,848,215			
Total investment assets at fair value	<u>\$ 56,725,472</u>			

MATRIX TECHNOLOGIES PROFIT SHARING AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 4—Fair value measurements—continued

Description	Total	Fair Value Measurements at December 31, 2019		
		Using		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 44,612,306	\$ 44,612,306	\$ 0	\$ 0
Total investments in the fair value hierarchy	44,612,306	\$ 44,612,306	\$ 0	\$ 0
Investments measured at net asset value (a)	4,524,648			
Total investment assets at fair value	<u>\$ 49,136,954</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Metlife Stable Value Fund has no unfunded commitments, has a daily redemption frequency and requires up to 1-day redemption period. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The Metlife Stable Value Fund's fair value, as measured at the net asset value or equivalent, is \$4,848,215 and \$4,524,648 at December 31, 2020 and 2019, respectively.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

Note 6—Tax status

On May 18, 2015, the IRS stated that the John Hancock prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code Section 401 (a), and therefore, the related trust is exempt from taxation. The Plan has not individually sought a determination from the IRS on its qualification status. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

MATRIX TECHNOLOGIES PROFIT SHARING AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2020 and 2019

Note 6—Tax status—continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Related party transactions and party in interest transactions

Certain Plan investments are shares of mutual funds or units of a common collective trust that are managed by the Trustee for certain fees and, accordingly, these transactions qualify as party in interest transactions. The Plan made direct payments to the Trustee in the amount of \$38,516 during 2020.
