INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
West-Camp Press, Inc. Employee Stock Ownership Plan
Westerville, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the West-Camp Press, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets (deficit) available for benefits as of October 31, 2020 and 2019, and the related statement of changes in net assets (deficit) available for benefits for the year ended October 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of the Plan as of October 31, 2020 and 2019, and the changes in its net assets (deficit) available for benefits for the year ended October 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the West-Camp Press, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

West-Camp Press, Inc. (Company) established the Plan effective as of November 1, 2014. The Plan operates as a leveraged employee stock ownership plan (ESOP), is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan is administered by an ESOP Administration Committee comprised of two persons appointed by the Sponsor Company's Board of Directors. Wilmington Trust, National Association, independent third party, is the Plan's trustee.

The Plan purchased 100,000 shares of the Company's common stock at a price of \$281.89 per share using the proceeds of a loan from the Company (Note 5), which was funded by the Company primarily through a bank borrowing, and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of 30 years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended October 31, 2020 and 2019 present separately the assets, liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated stock (Allocated)
- b. stock not yet allocated to employees (Unallocated)

Eligibility - Employees of the Company are generally eligible to participate in the Plan if they have completed at least 12 months of continuous service, providing they worked at least 1,000 hours during the plan year. However, for the initial year of the Plan, all employees who were employed as of October 31, 2015 were deemed eligible and enrolled in the Plan regardless of hours worked.

Payment of Benefits - Distributions from the Plan will be made when a participant retires, dies or sustains a disability. Distributions will be made equal to the participant's vested account balance and will be made as soon as practicable but no later than one year after the end of the plan year in which the participant terminates. In the event a participant terminates from service with the Company for reasons other than death, disability or retirement, distribution of his/her vested account balance will commence no later than the end of the sixth plan year following the plan year in which the participant terminates from service. The standard form of distribution is lump-sum cash, in substantially equal annual installments not to exceed five years. During 2020, approximately \$1,284,000 of terminated employee vested account balances were recycled and allocated to participants for 2020.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Cash distributions or conversions into cash are made from the stock account at the most recent valuation date of the Plan, which is the last day of the plan year (i.e., October 31) or any other date the Plan administrator designates as a valuation date.

Voting Rights - The stock acquired by the Plan is owned by the trust. The trustee of the trust, appointed by the Board of Directors of the Company, is the legal representative of the trust's assets, and all stock held by the trust is voted by the trustee in accordance with instructions from the Plan administrator. Each participant (or his/her beneficiary) is entitled to direct the voting of any shares of stock allocated to his/her stock account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all of the assets of the Company. The Plan administrator shall direct the trustee on the voting of any unallocated shares or on any allocated shares for which a participant has failed to vote in a timely manner.

Plan Termination - The Company has the right to terminate or amend the Plan at any time, but such action will not act to deprive the participant the amount that his/her nonforfeitable account has accrued to him/her under the Plan at the time of such an event. The Plan must be approved by the Internal Revenue Service (IRS). Thus, certain Plan changes may be required. If the Plan is terminated, the accounts of all affected participants will become 100% vested. After termination of the Plan, the trust will be maintained until the accounts of all participants have been distributed in accordance with the terms of the Plan. Accounts may be distributed as soon as administratively feasible following termination of the Plan or distributions may be made following the participant's separation from service with the Company, in accordance with the terms of the Plan, as the Company shall determine. If accounts will be distributed after the Plan is terminated, the distribution may be delayed until IRS approval of the Plan's termination is received. In the event that stock is sold in connection with the termination of the Plan or the amendment of the Plan to become a qualified plan that is not a stock bonus plan, all accounts will be distributed in cash.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants shall begin vesting at the rate of 20% upon completion of the second vesting year, 40% after completion of the third, 60% upon completion of the fourth, 80% after completion of the fifth, and 100% upon completion of the sixth vesting year.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

WEST-CAMP PRESS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2020 AND 2019

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account. In the sixth year, the percentage changes to 50%.

Forfeitures - Employer contributions and Plan forfeitures are allocated to each participant's account based on the relation of the participant's compensation to total compensation for the plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at October 31, 2020 totaled approximately \$177,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by management in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations - The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Risks and Uncertainties - The Plan investments consist of the Company's stock, which is exposed to various risks such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such determinants. Due to the level of risk associated with the investment in the stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan's investment in the common stock of the Company of \$2,800,000 and \$2,725,000 represents 100,000 shares valued at \$28.00 and \$27.25 per share, at October 31, 2020 and 2019, respectively, and is presented at estimated fair value. See Note 8 for discussion of fair value measurement. The net depreciation in fair value of investments consists of the net change in fair value and realized gains (losses) upon sale of investments. Investment dividends and interest are recorded as earned.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, which changes the fair value measurement disclosure requirements of Fair Value Measurement (Topic 820): Disclosure Framework - Change to Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-13 is effective for annual periods beginning after December 15, 2019, and early adoption is permitted under the guidance. Plan management has adopted ASU 2018-13 as of October 31, 2020 and concluded that this policy has no significant impact on the financial statements.

The Plan has evaluated subsequent events through August 11, 2021, the date the financial statements were available to be issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - TAX STATUS

The IRS has determined and informed the Sponsor Company by a letter dated August 23, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 4 - INVESTMENTS

The Plan's investments at October 31, 2020 and 2019 are as follows:

	2020		2019

NOTE 5 - NOTE PAYABLE

In 2014, the Plan entered into a \$28,188,991 promissory note with the Company. The proceeds were used to purchase Company common stock. Unallocated shares are collateral for the loan. The note provides for the loan to be repaid over 30 years. The loan bears interest at a fixed rate of 2.58%. This was a related-party and party-in-interest transaction.

The scheduled amortization of the loan for the next five years and thereafter is as follows:

<u>Year Ending</u> <u>October 31</u>	<u>Amount</u>
2021	\$ 939,633
2022	939,633
2023	939,633
2024	939,633
2025	939,633
Thereafter	<u>15,940,974</u>
	<u>\$ 20,639,139</u>

NOTE 6 - EMPLOYER CONTRIBUTIONS

The Company is obligated to make contributions to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. These contributions are made to the Plan only by the Company in cash, stock, other securities or other property as determined by the Board of Directors.

NOTE 7 - OTHER CONTRIBUTIONS

The Department of Labor (DOL) investigated certain ESOP transactions that occurred prior to September 23, 2017, in which Wilmington Trust served as the trustee. As a result of the investigation of Wilmington Trust, the DOL filed three lawsuits alleging that Wilmington Trust violated provisions of Title I of ERISA in connection with certain ESOP transactions. Wilmington Trust disputed the allegations, and the DOL did not allege that Wilmington Trust impermissibly benefited from its services as a trustee. There was no determination made as to the merits of the issues, but it was agreed that Wilmington Trust would pay a settlement amount to 21 retirement plans, including the ESOP sponsored by West-Camp. On June 18, 2020, Wilmington Trust deposited \$5,637,037 into the Plan, which, pursuant to general guidance outlined between the DOL and Wilmington Trust, was allocated to the participants' balances as of October 31, 2020.

NOTE 8 - FAIR VALUE MEASUREMENT

Generally accepted accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2020 or 2019.

Common Stock: The fair value of the Company's common stock held by the Plan is valued at estimated fair value based on an independent valuation. This valuation was based on a combination of market and income valuation techniques and took into account historical and projected debt-free net income and distributable cash flows, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

NOTE 9 - PLAN TERMINATION

During 2020, the Plan experienced a 26% reduction of active participants. Under ERISA and the IRC, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. In Revenue Ruling 2007-43, the IRS established that 20% or greater turnover rate in the applicable period creates a rebuttable presumption that a partial plan termination occurred. During 2020, the Consolidated Appropriation Act of 2021 (the Act) was signed into law. Under the Act, a plan shall not be treated as having a partial plan termination during any plan year that includes the period beginning on March 13, 2020 and ending on March 31, 2021 if the number of active participants covered by the plan on March 31, 2021 is at least 80% of the number of active participants covered by the plan on March 13, 2020. As of March 31, 2021, the number of active participants in the Plan did not total 80% of active participants as of March 13, 2020; therefore, the participant reduction during 2020 qualifies as a partial plan termination.

As a result of the partial plan termination, full vesting in the employer's matching contribution is required for the affected participants, but the remaining participants' vesting continues to be determined based on the Plan document. All affected employees who were participants in the Plan were fully vested in their account balances as of December 31, 2020.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness with the Company as disclosed in Note 5. In addition, the Plan has various service providers. Such parties are parties-in-interest under ERISA.

NOTE 11 - FORM 5500 RECONCILIATION

The following is a reconciliation of net assets and changes in net assets available for benefits per the financial statements to the Form 5500 as of October 31, 2020 and for the year then ended:

	<u>2020</u>
Net deficit per financial statements:	\$ (13,530,831)
Plus: Current-year accrued expenses	<u>7,667</u>
Net Deficit Per The Form 5500	\$ <u>(13,523,164)</u>
Increase in net deficit per financial statements:	\$ 5,363,453
Plus: Current-accrued expenses	<u>7,667</u>
Net Increase Per The Form 5500	\$ <u><u>5,371,120</u></u>
