INDEPENDENT AUDITORS' REPORT

Trustees of
The Eli's Cheesecake Company 401(k) and Profit Sharing Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of The Eli's Cheesecake Company 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of October 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Eli's Cheesecake Company 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended October 31, 2020, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Eli's Cheesecake Company 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's

election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Eli's Cheesecake Company 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Eli's Cheesecake Company 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Eli's Cheesecake Company 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our responsibility is to express an opinion on the 2019 financial statement based on conducting an audit in accordance with auditing standards generally accepted in the United States of America. **Disclaimer of Opinion**
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2019 financial statement.

### 2. Contributions

Contributions include employee contributions that range from 1 to 100 percent of pretax annual compensation, and an employer matching contribution of 25% of the first 4% of the employee's compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts and an insurance investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 4% of eligible compensation. Contributions are automatically invested in a designated fund until changed by the participant. Contributions are subject to certain statutory limitations. The Company may also make a discretionary contribution to the Plan. No discretionary contributions were made for the years ended October 31, 2020 and 2019.

### 3. Participants' Accounts

Participants' accounts are credited with their contributions, the employer matching contribution, an allocation of the Company discretionary contribution, if any, and Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. The Company's discretionary contribution is allocated based upon each participant's compensation, as defined by the Plan. Plan earnings (losses) are allocated based on participants' account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 4. Vesting

Participants are immediately vested in their contributions, and earnings thereon. A participant is 100 percent vested in the Company's matching and discretionary contribution portions of their account after four (4) years of credited service. A participant becomes fully vested upon death or disability.

### 5. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE A – DESCRIPTION OF PLAN - CONTINUED

In response to COVID-19 and as permitted by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), qualified participants are allowed a one-year extension of loan repayments and the maximum participant loan amount was temporarily increased up to $100,000 or 100% of their vested account.

6. Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum or periodic payments, or to leave the funds in the plan trust until a later date. If an active employee dies or becomes totally disabled, the value of the participant's account will be paid in either a lump sum or periodic installments at the option of/ the participant or beneficiary.

7. Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to pay plan expenses, reduce future employer contributions or reallocated to participants in the same manner as employer discretionary contributions. During the years ended October 31, 2020 and 2019 no forfeitures were used to pay plan expenses and $1,341 and $430, respectively, of forfeitures were used to reduce employer matching contributions. As of October 31, 2020 and 2019, there were no unallocated forfeiture balances.

8. Certification

The Plan custodian is Principal Life Insurance Company (Principal). The Plan custodian has certified to the accuracy of the investment transactions, recognition of income, expenses, and assets held as of October 31, 2020.

9. Plan Amendments and Other Plan Changes

Effective for hardship withdrawals taken on and after January 1, 2020, the Plan was amended in accordance with the U.S. Bipartisan Budget Act of 2018 to allow for several changes to hardship withdrawal provisions.

NOTE B – SUMMARY OF SIGNIFICANT ACOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an

NOTE B – SUMMARY OF SIGNIFICANT ACOUNTING POLICIES - CONTINUED

asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Date of Management's Review of Subsequent Events
Subsequent events were evaluated through August 11, 2021, which is the date the financial statements were available to be issued.

5. Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in fees when incurred. As of October 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. There were no amounts due from related parties included in notes receivable from participants at October 31, 2020 and 2019.

6. Payment of Benefits
Benefits are recorded when paid.

7. Administrative Expenses
Certain expenses are absorbed by the Plan Sponsor, including audit and filing fees, and are excluded from these financial statements. Custodial and transaction fees are paid out of the Plan's assets and included in administrative expenses.

NOTE C – RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

NOTE D – COLLECTIVE INVESTMENT TRUST (CIT)

The Plan includes a CIT as an investment option for its participants. The Principal Stable Value Fund (the Fund) is a CIT for collective investment in contracts issued by insurance companies or other institutions

NOTE D – COLLECTIVE INVESTMENT TRUST (CIT) – CONTINUED

(collectively referred to as Stable Assets) that are designed for stability of principal. The Fund primarily invests in Conventional Guaranteed Investment Contracts (GICs) issued by insurance companies and synthetic contracts or wrap contracts issued by insurance companies or banks. GICs issued by insurance companies are primarily nonparticipating, wherein the contract holder does not participate in any gains and losses incurred due to performance of the underlying portfolio relative to the book value at times of withdrawals. Conversely, synthetic investment contracts or wrap contracts issued by insurance companies or banks, are primarily participating, wherein the contract holder participates in gains and losses incurred due to the performance of the underlying portfolio relative to book value at times of withdrawals. Gains and losses are amortized through future credit rate resets. Participating structures are the most common structure utilized in the Fund. GICs are typically issued with a fixed credit rate and a fixed maturity date that does not change over the life of the contract. Credit rates on wrap contracts typically reset on a monthly or quarterly basis as negotiated with the wrap issuer and wrap contracts do not have a final stated maturity date. The wrap contracts in the Fund are predominately reset on a monthly basis with a one month look back for the portfolio statistics. The wrap contract issuer guarantees a minimum 0% crediting rate; however, a wrap does not absorb any loss for credit defaults in an underlying portfolio.

Contract value is the relevant measurement attribute for the Fund. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts, the ability of the parties to the contracts to perform in accordance with the terms of the contracts and the likelihood of default by the issuer of an investment security. Contract value represents contributions made under the fund plus earnings minus participant withdrawals and administrative expenses.

As of January 1, 2020, the Principal Stable Value Fund was wholly invested in the Morley Stable Value Fund. With this new structure, there is no look-through to the underlying holdings of the Morley Stable Value Fund for fund reporting and thus, fair value is to be determined using net asset value (NAV) at the fund level. Based on the Director of Labor (DOL) guidance that a plan's filing should follow the fund's reporting method, there was no adjustment necessary from contract value to fair value for the Principal Stable Value Fund for the plan year ended October 31, 2020.

NOTE E – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

*Level 1 Fair Value Measurements*

1. *Mutual funds*. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual

NOTE E – FAIR VALUE MEASUREMENTS- CONTINUED

funds held by the Plan are deemed to be actively traded.

2. *Pooled separate accounts.* Invests primarily in mutual funds and/or stocks whose values are determinable and published, and are the basis for current transactions in a manner that is similar to that of a mutual fund. Thus, the pooled separate accounts held by the Plan do have a readily determinable fair value—the net asset value is available to current investors and is the basis for current transactions.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of October 31, 2020 and 2019:

| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) |
|---|---|---|
| October 31, 2020 | | |
| Pooled Separate Accounts | 2,707,474 | 2,707,474 |

In the event of Plan termination, participants would become 100% vested in their employer contributions.

## NOTE I - TAX STATUS

The Plan Sponsor has received, from the Internal Revenue Service (IRS), an opinion letter dated March 31, 2014, stating that the written form of the underlying prototype plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Sections 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving this letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

NOTE I - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset for any uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions that would require recognition of a liability or asset or disclosure in the financial statements and has determined that there are no unrecognized tax benefits at October 31, 2020 and 2019. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J – RELATED-PARTY/ PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are mutual fund accounts and pooled separate accounts managed by Principal Life Insurance Company ("Principal"). Principal is the custodian of the Plan and, therefore, these transactions are party-in-interest transactions; however, are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for contract administrator services during the years ended October 31, 2020 and 2019 amounted to $3,032 and $2,775, respectively.

NOTE K – COVID RESPONSE

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping. The Plan Sponsor is still in the process of reviewing these provisions with Principal, the custodian of the Plan.

On March 11, 2020, the World Health Organization characterized an outbreak of a novel strain of coronavirus (COVID-19) as a pandemic. Due to the COVID-19 outbreak in the United States, as of March 27, 2020, Congress passed the CARES Act that included numerous employee benefit plan provisions to assist plan sponsors and participants. On April 8, 2020, the Plan Sponsor signed a letter of intent to amend the Plan for features impacting retirement programs. This included COVID-19 related distributions, COVID-19 related participant loans and required minimum distributions (RMD's) affecting participants impacted by COVID-19.
