Independent Auditors' Report

Participants, Plan Administrator, and Retirement Plan Committee
Ellucian Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellucian Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i), Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

1. Description of the Plan

The following description of the Ellucian Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the employees of Ellucian (the "Company") covering all U.S. eligible employees on a voluntary participation basis. Employees are eligible for participation upon one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and advises on Plan administration, which is managed by the Plan administrator.

Contributions

Contributions consist of participant contributions and Company matching contributions.

Each year, participants may contribute from 1% to 100% of their eligible wages on a combined pre-tax and/or Roth after-tax basis as defined in the plan document. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions, on a combined pre-tax and Roth after-tax basis. The maximum rate of contribution is 100% of eligible compensation up to the IRS combined limit of \$19,500 and \$19,000 for the 2020 and 2019 plan years, respectively (\$26,000 and \$25,000 for participants 50 and older, respectively).

The Company matching contributions are made on pre-tax and Roth after-tax contributions at 50% of each participant contribution up to 6% that each participant contributes to the Plan on a combined basis. These contributions are allocated among the investment options in a manner consistent with participant contributions. Participants are fully vested immediately in all contributions plus earnings thereon. New employees are automatically enrolled in the Plan at a pre-tax savings rate of 3% via payroll deduction with contributions being directed to a target date retirement fund, chosen based on the employee's age and projected retirement date. Employees have the option to opt out of this program or to contribute an amount different than the automatic contribution amount and to invest in funds other than the Plan's qualified default investment alternative. Effective April 16, 2020, the Company temporarily suspended employer matching contributions under the discretionary match provision of the Plan. Participant accounts will continue to be maintained with participants having the ability to make elective contributions, direct investments, obtain loans and take withdrawals. Effective October 15, 2020, the Company reinstated discretionary matching contributions at 100% of each participant contribution up to 6% that each participant contributed to the Plan for the last fiscal quarter of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as well as the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Loans are available to participants based, with certain limitations, on the lesser of 50% of the participant's aggregate vested account balance or \$50,000 with a minimum request of \$1,000. Participant loans are secured by the balance in the participant's account and bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2020 ranged from 4.25 percent to 10.25 percent, with the maturity ranging from 2021 to 2035. Loans are repayable within five years unless the loan was taken for the purpose of acquiring the participant's principal residence, in which case the term of the loan may be for a period longer than five years.

Repayments of loan principal are made through semi-monthly payroll deductions. Payments of interest on loans, also made through semi-monthly payroll deductions, are allocated to the participant's investment funds in a manner consistent with the allocation of the participant's elective contributions.

Payment of Benefits

Distributions from the Plan are permitted upon retirement, death, permanent disability, termination of employment, qualified hardship, age 59½ or partial distribution of vested accounts.

Distributions in excess of \$1,000 are made in either single lump sum payments or installments as designated by the participant. Distributions of less than \$1,000 are made in single lump sum payments.

Forfeited Accounts

Forfeitures consist of changes to Company matching contributions as a result of participant contribution adjustments during the year. Forfeitures may be used to reduce future Company matching contributions or defray administrative expenses borne by the Plan. At December 31, 2020 and 2019, forfeitures totaled \$55,318 and \$157,781, respectively. Forfeited account balances of \$27,639 and \$12,698 were used to offset Company contributions and administrative expenses in 2020 and 2019, respectively.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 31, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation in the fair value of investments consists of gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through August 12, 2021, the date the financial statements were available to be issued. On June 14, 2021, the Company announced that Blackstone and Vista Equity Partners entered into a definitive agreement to acquire the Company from TPG Capital and Leonard Green Partners. The transaction is not expected to have any impact on the Plan.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily quoted net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust fund in order to ensure that securities liquidations will be carried out in an orderly business fashion.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Vanguard Fiduciary Trust Company, the trustee of the Plan ("Trustee"), and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan adopted a Prototype Non-standardized Profit Sharing Plan document, which received an opinion letter dated February 12, 2019, in which the IRS stated that the Plan is designed in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Prototype Non-standardized Profit Sharing Plan opinion letter may constitute reliance for an employer adopting the approved plan. Although the Plan has been amended since receiving this opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019, the Plan had no investments that represented more than 10% of total investments.

9. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019.

Ellucian Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellucian Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i), Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

1. Description of the Plan

The following description of the Ellucian Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the employees of Ellucian (the "Company") covering all U.S. eligible employees on a voluntary participation basis. Employees are eligible for participation upon one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and advises on Plan administration, which is managed by the Plan administrator.

Contributions

Contributions consist of participant contributions and Company matching contributions.

Each year, participants may contribute from 1% to 100% of their eligible wages on a combined pre-tax and/or Roth after-tax basis as defined in the plan document. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions, on a combined pre-tax and Roth after-tax basis. The maximum rate of contribution is 100% of eligible compensation up to the IRS combined limit of \$19,500 and \$19,000 for the 2020 and 2019 plan years, respectively (\$26,000 and \$25,000 for participants 50 and older, respectively).

The Company matching contributions are made on pre-tax and Roth after-tax contributions at 50% of each participant contribution up to 6% that each participant contributes to the Plan on a combined basis. These contributions are allocated among the investment options in a manner consistent with participant contributions. Participants are fully vested immediately in all contributions plus earnings thereon. New employees are automatically enrolled in the Plan at a pre-tax savings rate of 3% via payroll deduction with contributions being directed to a target date retirement fund, chosen based on the employee's age and projected retirement date. Employees have the option to opt out of this program or to contribute an amount different than the automatic contribution amount and to invest in funds other than the Plan's qualified default investment alternative. Effective April 16, 2020, the Company temporarily suspended employer matching contributions under the discretionary match provision of the Plan. Participant accounts will continue to be maintained with participants having the ability to make elective contributions, direct investments, obtain loans and take withdrawals. Effective October 15, 2020, the Company reinstated discretionary matching contributions at 100% of each participant contribution up to 6% that each participant contributed to the Plan for the last fiscal quarter of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as well as the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DECEMBER 31, 2020 AND 2019**

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Loans are available to participants based, with certain limitations, on the lesser of 50% of the participant's aggregate vested account balance or \$50,000 with a minimum request of \$1,000. Participant loans are secured by the balance in the participant's account and bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2020 ranged from 4.25 percent to 10.25 percent, with the maturity ranging from 2021 to 2035. Loans are repayable within five years unless the loan was taken for the purpose of acquiring the participant's principal residence, in which case the term of the loan may be for a period longer than five years.

Repayments of loan principal are made through semi-monthly payroll deductions. Payments of interest on loans, also made through semi-monthly payroll deductions, are allocated to the participant's investment funds in a manner consistent with the allocation of the participant's elective contributions.

Payment of Benefits

Distributions from the Plan are permitted upon retirement, death, permanent disability, termination of employment, qualified hardship, age 59½ or partial distribution of vested accounts.

Distributions in excess of \$1,000 are made in either single lump sum payments or installments as designated by the participant. Distributions of less than \$1,000 are made in single lump sum payments.

Forfeited Accounts

Forfeitures consist of changes to Company matching contributions as a result of participant contribution adjustments during the year. Forfeitures may be used to reduce future Company matching contributions or defray administrative expenses borne by the Plan. At December 31, 2020 and 2019, forfeitures totaled \$55,318 and \$157,781, respectively. Forfeited account balances of \$27,639 and \$12,698 were used to offset Company contributions and administrative expenses in 2020 and 2019, respectively.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 31, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

DECEMBER 31, 2020 AND 2019**

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation in the fair value of investments consists of gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through August 12, 2021, the date the financial statements were available to be issued. On June 14, 2021, the Company announced that Blackstone and Vista Equity Partners entered into a definitive agreement to acquire the Company from TPG Capital and Leonard Green Partners. The transaction is not expected to have any impact on the Plan.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily quoted net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust fund in order to ensure that securities liquidations will be carried out in an orderly business fashion.

NOTES TO THE FINANCIAL STATEMENTS

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Vanguard Fiduciary Trust Company, the trustee of the Plan ("Trustee"), and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan adopted a Prototype Non-standardized Profit Sharing Plan document, which received an opinion letter dated February 12, 2019, in which the IRS stated that the Plan is designed in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Prototype Non-standardized Profit Sharing Plan opinion letter may constitute reliance for an employer adopting the approved plan. Although the Plan has been amended since receiving this opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019, the Plan had no investments that represented more than 10% of total investments.

9. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019.

Ellucian Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellucian Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i), Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

1. Description of the Plan

The following description of the Ellucian Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the employees of Ellucian (the "Company") covering all U.S. eligible employees on a voluntary participation basis. Employees are eligible for participation upon one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and advises on Plan administration, which is managed by the Plan administrator.

Contributions

Contributions consist of participant contributions and Company matching contributions.

Each year, participants may contribute from 1% to 100% of their eligible wages on a combined pre-tax and/or Roth after-tax basis as defined in the plan document. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants who will attain age 50 before the end of the plan year are eligible to make catch-up contributions, on a combined pre-tax and Roth after-tax basis. The maximum rate of contribution is 100% of eligible compensation up to the IRS combined limit of \$19,500 and \$19,000 for the 2020 and 2019 plan years, respectively (\$26,000 and \$25,000 for participants 50 and older, respectively).

The Company matching contributions are made on pre-tax and Roth after-tax contributions at 50% of each participant contribution up to 6% that each participant contributes to the Plan on a combined basis. These contributions are allocated among the investment options in a manner consistent with participant contributions. Participants are fully vested immediately in all contributions plus earnings thereon. New employees are automatically enrolled in the Plan at a pre-tax savings rate of 3% via payroll deduction with contributions being directed to a target date retirement fund, chosen based on the employee's age and projected retirement date. Employees have the option to opt out of this program or to contribute an amount different than the automatic contribution amount and to invest in funds other than the Plan's qualified default investment alternative. Effective April 16, 2020, the Company temporarily suspended employer matching contributions under the discretionary match provision of the Plan. Participant accounts will continue to be maintained with participants having the ability to make elective contributions, direct investments, obtain loans and take withdrawals. Effective October 15, 2020, the Company reinstated discretionary matching contributions at 100% of each participant contribution up to 6% that each participant contributed to the Plan for the last fiscal quarter of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as well as the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Loans are available to participants based, with certain limitations, on the lesser of 50% of the participant's aggregate vested account balance or \$50,000 with a minimum request of \$1,000. Participant loans are secured by the balance in the participant's account and bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2020 ranged from 4.25 percent to 10.25 percent, with the maturity ranging from 2021 to 2035. Loans are repayable within five years unless the loan was taken for the purpose of acquiring the participant's principal residence, in which case the term of the loan may be for a period longer than five years.

Repayments of loan principal are made through semi-monthly payroll deductions. Payments of interest on loans, also made through semi-monthly payroll deductions, are allocated to the participant's investment funds in a manner consistent with the allocation of the participant's elective contributions.

Payment of Benefits

Distributions from the Plan are permitted upon retirement, death, permanent disability, termination of employment, qualified hardship, age 59½ or partial distribution of vested accounts.

Distributions in excess of \$1,000 are made in either single lump sum payments or installments as designated by the participant. Distributions of less than \$1,000 are made in single lump sum payments.

Forfeited Accounts

Forfeitures consist of changes to Company matching contributions as a result of participant contribution adjustments during the year. Forfeitures may be used to reduce future Company matching contributions or defray administrative expenses borne by the Plan. At December 31, 2020 and 2019, forfeitures totaled \$55,318 and \$157,781, respectively. Forfeited account balances of \$27,639 and \$12,698 were used to offset Company contributions and administrative expenses in 2020 and 2019, respectively.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 31, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The net appreciation in the fair value of investments consists of gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through August 12, 2021, the date the financial statements were available to be issued. On June 14, 2021, the Company announced that Blackstone and Vista Equity Partners entered into a definitive agreement to acquire the Company from TPG Capital and Leonard Green Partners. The transaction is not expected to have any impact on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily quoted net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust fund in order to ensure that securities liquidations will be carried out in an orderly business fashion.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 542,964,933	\$ —	\$ —	\$ 542,964,933

Investments at fair value				<u>\$ 486,936,086</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

Collective trust fund, Vanguard Retirement Trust	\$ 16,986,390	N/A	Daily	N/A

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Vanguard Fiduciary Trust Company, the trustee of the Plan ("Trustee"), and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Tax Status

The Plan adopted a Prototype Non-standardized Profit Sharing Plan document, which received an opinion letter dated February 12, 2019, in which the IRS stated that the Plan is designed in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Prototype Non-standardized Profit Sharing Plan opinion letter may constitute reliance for an employer adopting the approved plan. Although the Plan has been amended since receiving this opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019, the Plan had no investments that represented more than 10% of total investments.

9. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019.
