NOTES TO FINANCIAL STATEMENTS
October 16, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Olcott Plastics 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution profit sharing and 401(k) plan covering eligible employees of Olcott Plastics, Inc. (the Company). Employees, who were not covered by a collective bargaining agreement or non-resident aliens, were eligible to participate upon completion of one year of service (1,000 service hours), and attaining age 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2019, the Plan Sponsor was acquired by a new parent company and as described in Note E to the financial statements, the Trustee elected to merge the Plan into the Pretium Packaging LLC 401(k) Savings & Investment Plan, a plan sponsored by the corporate partner of the Plan Sponsor, effective October 16, 2020.

2. Contributions

The Plan was funded by voluntary traditional and Roth contributions of participants and safe harbor matching and discretionary profit sharing contributions of the Company. Participants could contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants could also roll over amounts representing distributions from other qualified employee benefit plans. The Company made safe harbor matching contributions of \$158,806 for the period January 1, 2020 through October 16, 2020. No discretionary profit sharing contributions were made for the period January 1, 2020 through October 16, 2020.

3. Investment Options

Participants were permitted to direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants were allowed to change their investment options at any time prior to the blackout period effective from September 16, 2020 through November 1, 2020.

NOTES TO FINANCIAL STATEMENTS
October 16, 2020 and December 31, 2019

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's safe harbor matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's safe harbor matching contribution was allocated based on 100% of the participant's contributions up to 4 % of eligible compensation, as defined by the Plan. Effective January 1, 2020, the Plan was amended and restated to change the allocation of the matching contribution to 100% of the first 3% of eligible compensation and 50% of the contributions that exceeds 3% of eligible compensation not to exceed 5% of compensation (Note H). The Company's discretionary profit sharing contribution was allocated as of the last day of the plan year and was based on ratios of each eligible participant's compensation to total compensation for all eligible participants, as defined in the plan document. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant, rollover, and Company safe harbor matching contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant have elected to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service distributions and hardship withdrawals, subject to certain restrictions, were also permitted by the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Participants were permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans were collateralized by the borrowers' respective vested account balances and bore an interest rate ranging from 4.25% to 6.50%. Principal and interest were paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Investment-related expenses were included in net appreciation in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Olcott Plastics 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
October 16, 2020 and December 31, 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. **Fair Value Measurements** (Continued)

- Level 2 Inputs to the valuation methodology include the following:
- * Quoted prices for similar assets or liabilities in active markets;
 - * Quoted prices for identical or similar assets or liabilities in inactive markets;
 - * Inputs other than quoted prices that are observable for the asset or liability;
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2019. Due to the merger as discussed in Note E, the Plan did not have any investments at October 16, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Plan Investments at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,180,134	\$ -	\$ -	\$ 4,180,134
Exchange traded funds	1,307,326	-	-	1,307,326
Investments, at fair value	<u>\$ 5,487,460</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,487,460</u>

3. Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits were recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by PAi Trust Company, Inc. PAi Trust Company, Inc. is the custodian, as defined by the Plan; therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which were secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualified as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees were charged.
