We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan

The following description of Guerdon Enterprises, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Guerdon Enterprises, LLC (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan’s sponsor and serves as plan administrator. Employees of the Company are eligible to participate in the 401(k) salary deferral feature of the Plan on the first day of each calendar month upon reaching age 18 and completion of 60 days of service. Employees of the Company are eligible to receive employer matching and profit sharing contributions on the first day of each Plan quarter upon reaching age 18 and completion of one year of service in which at least 1,000 hours are worked. To be eligible for employer paid matching contributions, participants must be employed by the Company on the last day of the Plan year.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually by 1% up to a maximum auto-deferral of 10%.

The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Employer matching contributions are a discretionary amount and percentage of employee contributions, in which there is no limit. Profit sharing contributions are a discretionary amount as determined by the Company and are allocated to Participant accounts at the end of the Plan year. There were no employer matching or profit sharing contributions paid to the Plan for the year ended December 31, 2019.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's match and profit sharing contribution portions of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account and will bear reasonable interest determined by the Company when the loan is made. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed thirty years. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2019, the rate of interest on outstanding loans was 5.25%–6.50% with various maturities through October 2024.

Payment of Benefits

Upon termination of service and on terminations due to death, disability or retirement from the Company, a participant may elect to receive the vested interest of their account in the form of a single lump-sum cash payment as defined in the Plan. The Company may distribute terminated participant balances less than \$1,000 without the participant's consent. If the balance is greater than \$1,000, the participant must consent to any distribution of such account balance.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note A – Description of Plan (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Certain plan administrative expenses paid by the Plan are charged directly to the participant's account and are included in administrative expenses. Distribution and loan transaction fees are paid by the Plan participants. Investment related expenses are included in net depreciation in fair value of investments.

Forfeited Accounts

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeited non-vested accounts are used to reduce Company contributions and/or administrative expenses. At December 31, 2019 and 2018, there were no forfeited non-vested account balances.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through an annuity contract offered by the trustee. Contract value for this investment is based on the net asset value of the contract, as reported by the trustee.

Use of Estimates

The preparation of financial statements, in conformity with U.S. generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B – Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Investment Valuation and Income Recognition

The investments are reported at fair value and contract value. The Plan's custodian, Great-West Life & Annuity Insurance Company of New York, and the trustee, Great-West Trust Company, LLC (collectively "Great-West"), certify the contract value of the guaranteed investment contract and fair market value of all other investments, respectively. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

At December 31, 2019, there were corrective distributions payable of \$10,802. Such corrective distributions were refunded to the related participants to return to them excess 2019 deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note B – Summary of Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through August 18, 2021 which is the date the financial statements were available to be issued.

Note C – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value instrument.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. At December 31, 2019, the Plan's investments are held in mutual funds, collective trust funds and a fixed annuity investment contract.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

GUERDON ENTERPRISES, LLC 401(K) PLAN **NOTES TO FINANCIAL STATEMENTS** ---

Note C – Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Trustee of the Plan, have certified the completeness and accuracy of the investment balances presented on the schedule of assets available for benefits, the net appreciation of investments on the statement of changes in assets available for benefits, and the information presented in the Schedule H, Line 4i-Schedule of Assets (Held at Year End). Additionally, the following table sets forth by level, within the fair value hierarchy, the Plan's certified investments at fair value as of December 31, 2019 and 2018.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note D – Fully Benefit Responsive Investment Contract

In 2016, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note E – Party-in-Interest Transactions

Certain Plan investments are held by Great-West Trust Company, LLC, the trustee of the Plan. In addition, the guaranteed investment contract held by the Plan is managed by Great-West Life & Annuity Insurance Company, the custodian of the Plan. Transactions with these entities qualify as exempt party-in-interest transactions.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested. Upon Plan termination, no further contributions will be made and the Company will make distributions as soon as administratively feasible.

Note G – Income Tax Status

The Plan is intended to be a qualified plan under Section 401(a) of the Internal Revenue Code, and the Plan is interpreted, applied and administered consistent with the intent to qualify. The Plan is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been subsequently amended, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

GUERDON ENTERPRISES, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note J – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the plan within the timeframe require by the Department of Labor. The total delinquent contributions in the schedule are made up of \$252,720 from 2019 and \$414,075 from 2018. The Company has determined the amount of related lost earnings and remitted these amounts to participants' accounts subsequent to each year end.
