Independent Auditor's Report

To Reyes Automotive Group 401(k) Plan and Participants
San Antonio, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Reyes Automotive Group 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the statement of net assets available for benefits (liquidation basis) as of May 13, 2019 and the related statement of changes in net assets available for benefits in liquidation for the period ended May 13, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Ascensus Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the period ended May 13, 2019, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 5 to the financial statements, in September 2018 the Plan Sponsor made the decision to terminate the Plan. The effective date of the Plan termination was December 31, 2018.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal, the custodian of the Plan. Their report, dated October 15, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

As described in Note 5 to the financial statements, the plan sponsor of Reyes Automotive Group 401(k) Plan approved the termination of the Plan effective December 31, 2018, and management determined that liquidation is imminent. Accordingly, the Plan has changed its basis of accounting from the accrual basis to the liquidation basis in the Plan's 2019 financial statements. For year ending December 31, 2018, however, the statement of net assets available for benefits is reported using the accrual basis.

Reyes Automotive Group 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Reyes Automotive Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 2007, covering all employees of Reyes Automotive Group, LLC and Reyes Amtex Automotive, LLC (collectively, the “Company”) meeting participation requirements described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Section 401(a) and 401(k) of the Internal Revenue Code (“the Code”) and all amendments. The Plan is sponsored by Reyes Automotive Group. Ascensus Trust (“Ascensus”) serves as the custodian and provides record-keeping services. The plan trustee is responsible for oversight of the Plan and monitoring the investment offerings and performance.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Code. Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Plan Merger

In September of 2018 management made the decision to merge the Plan into SWBC Professional Employer Services 401(k) Plan. No contributions were allowed into the plan after January 3, 2019 and the date of liquidation was May 13, 2019. As a result, all investments then held were transferred from the Plan into SWBC Professional Employer Services 401(k) Plan.

Enrollment

Company employees hired prior to the Plan's adoption were automatically eligible to participate. Employees hired subsequent to the Plan's adoption must have served the Company for a minimum of one month and be at least 21 years old. Eligible employees are automatically enrolled in the plan with a 2% deferral rate, unless otherwise elected by the participant. The deferral percentage increases by 1% each year until a maximum of 6% is reached.

Contributions

Contributions to the 401(k) Plan may consist of funds contributed by the Company, by employees and rollover contributions. Each year, participants can make contributions in specific dollar amounts or in percentages of compensation as defined in the plan document, to the Plan on a tax-deferred basis subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may provide a discretionary profit-sharing or match contribution equal to a uniform percentage of the salary reduction up to a discretionary percentage of compensation. The percentages are determined annually. There were no match or profit-sharing contributions for the period ended May 13, 2019 or for the year ended December 31, 2018.

Notes to Financial Statements

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than one loan per participant is allowed at a time. The loans are secured by the balance in the participant's accounts and bear a reasonable rate of interest as determined by the Plan Administrator based on the prime rates. Principal and interest are paid ratably through payroll deductions. During 2019, eight new loans were made totaling \$35,944 with interest of 5.50%. Loan balances as of May 13, 2019 and December 31, 2018 amount to \$- and \$51,804, respectively. The loans outstanding during the year earn interest at rates ranging from 3.25% to 5.5%.

Vesting

Participants are fully vested in their contributions and the actual earnings thereon. Vesting in the employer contributions and earnings thereon is based on years of service according to the vesting schedule outlined in the Plan. A participant is one hundred percent (100%) vested after four years of service.

Vesting in the employer contributions and earnings thereon is based on years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Payment of Benefits

Participants may withdraw all or a portion of vested contributions subject to certain conditions as specified in the plan document. In the event of termination, hardship or death, a participant will receive a distribution in the form of a single lump sum payment equal to their vested interest in the account. Participants attaining age 59 ½ years may also elect distributions without regard to employment status.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions made to these accounts are directed by the participant into a particular investment offered by the administrator and the allocations between investments can be changed at will.

Reyes Automotive Group 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Administrative Costs

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distribution fees are charged directly to the requesting participant's account. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting for the period ended May 13, 2019 and on the accrual basis for the year ended December 31, 2018.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the period ended May 13, 2019 or for the year ended December 31, 2018.

Reyes Automotive Group 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Forfeited Accounts

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Employer match and discretionary profit-sharing contributions. Forfeitures from a Participant's Employer match and discretionary profit-sharing contributions are used to reduce future Employer match contributions, profit-sharing contributions, and administrative fees. For the period ended May 13, 2019 there were total forfeitures of \$990 and \$390 were used to pay plan expenses. For the year ended December 31, 2018 there were forfeitures of \$8,804 and \$5,440 were used to pay plan expenses.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 13, 2019.

Mutual funds, including money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily market value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Reyes Automotive Group 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 13, 2019:

<u>Assets as of May 13, 2019</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. In September 2018, the trustees and plan sponsor made the decision to terminate the plan.

6. Risks and Uncertainties

At May 13, 2019 none of the Plan's funds were insured by the Federal Depository Insurance Corporation ("FDIC"). The Plan invests in various investment securities and as a result is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated March 31, 2014, that the plan prototype adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 13, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or assets) or disclosure in the financial statements.

8. Reconciliation of Financial Statements to Form 5500

There were no reconciling items from the financial statements to the 2019 Form 5500.

The following is a reconciliation of Net Assets Available for Benefit per the financial statements to the 2018 Form 5500:

Net assets available for plan benefits per the financial statements	\$ 2,083,606
Less: loans deemed distributions (not offset)	<u>(5,000)</u>
Net assets available for plan benefits per form 5500	<u>\$ 2,078,646</u>

9. Related Party Transactions and Party in Interest Transactions

Related parties and parties-in-interest include the Plan Sponsor, employees of the Plan Sponsor who are owners, directors, executives or members of the investment committee, the third-party administrator and custodian, the investment advisor and the auditor. All Plan investments are managed by the Custodian and, therefore, qualify as party-in-interest transactions. As of May 13, 2019, no amounts were owed to related parties and parties-in-interest. None of the transactions mentioned above were prohibited transactions.

10. Prior Period Adjustment

During the audit for the period ended May 13, 2019, it was determined that a prior period adjustment was needed for distributions that were not offset for the 2018 plan year. This change increased net assets by \$5,000 for the year ended December 31, 2018.

Net assets, December 31, 2018, as reported	\$ 2,078,646
Prior period adjustment	<u>5,000</u>
