Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

(See accompanying financial statements and independent auditors' report)

NOTE 1 - PLAN DESCRIPTION

The following description of McBurr Enterprises, Inc. 401(k) Plan ("Plan") is provided for general purposes only. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

GENERAL

The Plan is a 401(k) defined contribution plan covering all employees of McBurr Enterprises, Inc. (the "Company") who have completed one year of service (at least 1,000 hours) and have attained 21 years of age. After eligibility requirements have been fulfilled a participant can enter on the 1st day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

The Company made matching contributions of $140,366 and $106,410 in 2020 and 2019, respectively which matched 100% of the first 3% of employee salary deferrals and 50% of the next 2% of employee contributions for a possible 4% match if an employee contributes 5%. The Company made no profit-sharing contributions to the Plan in 2020 or 2019.

Participants may contribute through payroll deduction in either a pre-tax deferral or Roth deferral (after-tax) by a specific percentage or dollar amount of the participant's compensation. Employees can contribute up to $19,500 to the Plan annually. Employees over the age of 50 are allowed an additional $6,500 to be deferred based on Internal Revenue regulations. These amounts are treated as tax deferred compensation (if pre-tax deferral elected) and are exempt from federal taxation until they are withdrawn from the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is adjusted by (a) the participant's contribution, (b) allocations of any Company's contributions, and (c) allocations of the Plan's earnings or losses (including any administrative expenses paid by the Plan). Allocations are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Profit sharing allocations are based on the relationship of the participant's compensation to the total compensation for all participants.

PARTICIPANT LOANS

Participants may borrow from their participant 401(k) account and employer contribution account and may have one loan outstanding at any time. The loan is secured by the balance in the participant's account. Interest rates are set by the Plan Administrator upon the date of the loan application based on prevailing interest rates.

(See accompanying financial statements and independent auditors' report)

NOTE 1 - PLAN DESCRIPTION (Continued)

VESTING
Participants' contributions, rollover contributions, safe harbor enhanced matching contributions and earnings are fully vested at all times. The Company's, profit-sharing contributions and earnings thereon vest as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

FORFEITURES
Any portion of a participant's account which is not vested at the time of termination from the Plan is forfeited immediately at the date of termination. Forfeitures can be applied to safe harbor contributions and plan expenses. The forfeited non-vested account totaled $0 at December 31, 2020 and 2019. Forfeitures were $0 in 2020 and 2019.

PAYMENT OF BENEFITS
The Plan provides for distribution of a participant's account upon termination of employment, retirement, death or disability under several options. If the participant's vested interest is greater than $5,000, the participant may choose to receive his benefit in the form of a single lump sum payment in cash or based on monthly, quarterly, or annual installments over a period of not more than your life expectancy (or you and your beneficiary's assumed life expectancy). If the participant's vested interest is less than $5,000 then the benefit may only be distributed in a single lump-sum payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles with the applicable accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING
The financial statements are prepared on the accrual method of accounting.

(See accompanying financial statements and independent auditors' report)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

USE OF ESTIMATES
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
The Plan's investments are stated at fair value. Quoted market prices are used to value investments.

Purchases and sales are recorded on a trade-date basis. Interest and dividend income are recorded on an accrual basis.

The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and losses on disposition of investments are recognized at the time of disposition with the amount of gain or loss determined on an average cost basis.

ADMINISTRATIVE EXPENSES
The administrative expenses for the Plan are paid by the Company and the Plan. The Plan allows for forfeitures to be used to reimburse the Company for Plan expenses. Fees for participant distributions are paid by the plan participant.

BENEFIT PAYMENTS
Benefits are recorded when paid.

PLAN TERMINATION
Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one-hundred-percent (100%) vested in their accounts.

(See accompanying financial statements and independent auditors' report)

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The United States generally accepted accounting principles provide a framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used since inception.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The Level 1 Plan investments represent the fair value of mutual funds and cash money market accounts which are based on quoted net asset values of shares held by the Plan at year-end.

The Plan has no level 2 or level 3 investments in 2020 or 2019.

(See accompanying financial statements and independent auditors' report)

NOTE 3 - **FAIR VALUE MEASUREMENTS (Continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Total assets in the fair value hierarchy	$949,836	-	-	$949,836

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts of the Plan's financial instruments, including money market accounts, approximate fair value due to the short maturities of these financial instruments.

During the year ended December 31, 2020 and 2019, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $180,054 and $138,887, respectively.

NOTE 4 - **INCOME TAX STATUS**

The Plan is a prototype plan offered by Automatic Data Processing ("ADP"). The Plan Sponsor's Morgan Stanley Investment Advisor and ADP have determined and informed the Company that the volume submitter plan is designed in accordance with the Internal Revenue Code (Code) sections 401(a). Therefore, no provision for income taxes has been included in the Plan's financial statement.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

(See accompanying financial statements and independent auditors' report)

NOTE 5 - RELATED PARTY TRANSACTIONS

ADP is the record-keeper of the Plan as well as the prototype plan creator. During the years ended 2020 and 2019 the fees remitted to ADP were $4,792 and $3,872, respectively for fees related to distribution requests.

NOTE 6- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7- SUBSEQUENT EVENT

In June 2021, the Plan increased its employer match effective retroactively to January 1, 2021 to match dollar for dollar the first 6% of an employee's deferral.

NOTE 8 - DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through August 20, 2021 the date on which the financial statements were available for issue. There were no material events subsequent to December 31, 2020 thru August 20, 2021 other than as previously discussed in Note 7.
