CENTRALREACH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the CentralReach 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan which was established effective January 1, 2018, and amended and restated on January 1, 2020. The Plan covers all employees of CentralReach and its affiliates Bronco Billing, Obigobi, LLC, and Pathfinder Health Innovations (collectively, the Company, Employers or Plan Sponsor). The Plan covers all full-time, non-union employees who are twenty-one (21) years of age or older, as defined in the Plan document. An employee shall become a participant on the first day the age requirement is met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan Administrator and the Plan's trustee is Great-West Life Insurance Company and Great-West Trust Company, LLC (collectively, the Trustee).

Plan amendment

Effective January 1, 2020, the Plan was amended and restated to comply with certain tax legislation, in addition to including the following affiliated employers into the Plan which are as follows: Bronco Billing, LLC, Obigobi, LLC, and Pathfinder Health Innovations, Inc.

Contributions

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). For the years ended December 31, 2020 and 2019, individual participant contributions were limited to $19,500 and $19,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $6,500 and $6,000, respectively, for the years ended December 31, 2020 and 2019. Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have a pre-tax default rate of 3.0% unless the participant makes a contrary election.

The Employers make a safe harbor matching contribution equal to 100% of the amount of eligible participants' elective deferrals, up to 3% of the participants' eligible compensation, as defined, plus 50% of the amount of eligible participants' elective deferrals between 3% and 5% of the participants' eligible compensation, as defined. Additional discretionary matching contributions may be made as directed by the Company. There were no discretionary matching contributions during 2020. For the year ended December 31, 2020, the Employers made safe harbor matching contributions totaling $709,099. All Company matching contributions are invested at the participant's direction and the Plan's provisions. Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employers' safe harbor and discretionary contributions, and (b) Plan earnings or losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits

Participants are immediately vested in their individual contributions and the Employers' safe harbor and discretionary matching contributions plus actual earnings or losses thereon.

Forfeitures

Forfeited nonvested accounts may be used to offset Plan administrative expenses or reduce Employer contributions. At December 31, 2020, forfeitures were used to reduce the Employers' safe harbor matching contributions totaling $7,090. As of December 31, 2020 and 2019, unallocated forfeitures totaled $3,180 and $0, respectively.

Notes receivable from participants

Plan participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear interest at 1% over the prime rate on the first business day of the month the loan is originated , as defined, ranging from 4.25% - 6.50% at December 31, 2020. Principal and interest are paid ratably through regular payroll deductions. All loans are required to be repaid within a period of five years.

Payment of benefits

On termination of service due to death, disability, or normal retirement, age (65) a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Benefit payments to participants are recorded upon distribution. Participants may take in-service withdrawals for heavy financial hardship needs, as defined. The Plan does not provide for an early retirement age provision.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets and reflected as administrative expenses. Certain administrative expenses are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income reported by the Plan.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management implemented the following provisions under the CARES Act:

- Special CARES Act distributions up to $100,000;
- Loan repayments suspended up to one year; and
- Temporary waiver of required minimum distributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by Great-West Life Annuity Insurance Company and Great-West Trust Company LLC (collectively, Great-West or the Trustee) as of and for the year ended December 31, 2020. The Trustee invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants). Empower Retirement, a company related to the Trustee, provides recordkeeping services to the Plan.

Note 2 – Summary of Significant Accounting Policies, Continued

Plan expenses

Administrative expenses of maintaining the Plan are paid by the Company. Certain expenses paid by the Plan consists of record keeping fees and loan processing fees and are charged directly to participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, Plan management has determined it does not have any positions at December 31, 2020 that it would be unable to substantiate.

Note 3 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

Note 4 – Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020 and 2019. During the year ended December 31, 2020, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and therefore classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Collective trusts – are measured at the NAV of units of the collective trusts. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the trust would sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,064,584	$ -	$ -	$ 6,064,584
Collective trusts*	-	-	-	248
Investments, at fair value	$ 6,064,584	$ -	$ -	$ 6,064,832

	Fair Value Measurements as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,093,847	$ -	$ -	$ 3,093,847

* Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Fair Value of Investments in Entities that use NAV Practical Expedient

The following table summarizes the collective trust fund investment for which fair value is based on the NAV per share practical expedient as of December 31:

Investment	2020	Unfunded commitments	Redemption frequency	Redemption notice period
SSGA Russell Small/Mid Cap Index NL SER C	$ 197	n/a	Daily	12 months
Wilmington Trust Franklin Growth CIT R	$ 51	n/a	Daily	12 months

The SSGA Russell Small/Mid Cap Index and Wilmington Trust Franklin Growth (the funds) are composed primarily of fully benefit-responsive investment contracts and are valued at the NAV of units in the bank collective trust. The object of these funds is to provide preservation of capital and relatively stable returns. The funds primarily consist of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

Note 6 – Fully Benefit Responsive Investment with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract with Great-West Life and Annuity Insurance Company (GWL&A) totaling $38,750 and $9,090 as of December 31, 2020 and 2019, respectively. GWL&A maintains the contributions in a general account. The account is credited with earnings in the underlying investments and changed for participant withdrawals and administrative expenses. Participant's principal and interest are fully guaranteed by the general accounts of GWL&A. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments, in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. GWL&A is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. For the year ended December 31, 2020, the average yield earned by the Plan was 1.28%. The contract does not permit GWL&A to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the terms of the investment contract, participants may direct the withdrawal or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses.

The Plan's ability to receive amounts due is dependent on GWL&A's ability to meet its financial obligations. GWL&A's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow GWL&A to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of GWL&A

Note 7 – Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of mutual funds, collective trusts and a guaranteed investment contract issued, managed and administered by Great-West which is the Plan's Trustee. Empower Retirement, an affiliate of the Trustee, is the Plan's recordkeeper, and accounts for investment transactions and participant accounts. Therefore, these transactions and the related fees charged by Great-West and Empower Retirement qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employers. No officer or employee receives compensation from the Plan for these services. Investment management fees and operating expenses charged to the Plan for investments in mutual funds, collective trusts and guaranteed investment contract are deducted from income earned on a daily basis and are not separately reflected. Consequently, administrative fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 8– Fidelity Bond

The Plan has complied with the fidelity bonding requirement of ERISA.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 10 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 – Delinquent Participant Contributions

During 2019, the Plan Sponsor was untimely in remitting participant contributions and loan repayments to the Plan in the amount of $58,001. The delinquent participant contributions are pending correction as of the date of this report. Delinquent participant contributions constitute a prohibited transaction under ERISA Section 406, regardless of materiality.

Note 12 – Significant Uncertainties

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (COVID-19) as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19, is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined.

Note 13 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2020 through August 13, 2021, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
