PLANT/ALLISON CORPORATION PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plant/Allison Corporation Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General – The Plan was established on December 31, 1967, to provide retirement benefits for all eligible employees of Plant/Allison Corporation (the "Company"). The Plan is a defined contribution plan available to all employees who are not union employees or a nonresident alien as defined under the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Company has established an investment committee responsible for oversight of the Plan which includes, among other matters, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective April 2020, the Plan implemented the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provisions allowed the Plan's qualified participants to take a coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The loan provisions increased the maximum loan available to a qualified participant to the lesser of his or her account balance or $100,000 for a loan issued between March 27, 2020, and September 22, 2020. The loan provisions also allowed qualified Plan participants who had outstanding Plan loans on or after March 27, 2020 to defer any repayments until December 31, 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution to waive such distribution. The Plan's trustee will incorporate these provisions under which the Plan is currently operating as necessary prior to the December 31, 2022 deadline.

Participant Contributions – Participants in the Plan may elect to contribute, on a pretax or post-tax ("Roth") basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. There is no age or service requirement, however a participant could only enter the plan on the first day of the Plan year quarter coinciding with or following hire date. Effective July 1, 2019, the entry date requirement was amended to be the first day of the month coinciding with or following the date of hire. Participant contributions are subject to annual limits specified by the IRC. For the year ended December 31, 2020, the annual limitation was $19,500. Participants who are at least 50 years of age by the end of the calendar year may also make catch-up contributions limited to $6,500 for the year ended December 31, 2020. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary profit sharing contributions determined annually by the Company. In order to share in the profit sharing contributions for a Plan year, participants must be employed on the last day of the Plan year and have completed a year of service, defined as at least 1,000 hours of service during such year. The Company elected to make $1,634,880 in discretionary profit sharing contributions for the Plan year ended December 31, 2020.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions and allocations of the Company's discretionary profit sharing contribution and Plan investment earnings, and charged with an allocation of administrative expenses that are paid by the Plan and Plan investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting – Participants are immediately vested in their contributions, rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service and 20% each year after until fully vested at the end of 6 years.

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into a general account and various units of participation in pooled separate accounts offered through Minnesota Life Insurance Company.

Notes Receivable from Participants – Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within a 5 year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The loans are collateralized by the vested balance in the participant's account and bear fixed interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. As discussed above, pursuant to the CARES Act, the maximum loan amounts for qualified participants was increased for loans issued between March 27, 2020, and September 22, 2020. Additionally, qualified participants could request a delay of loan repayments due between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized effective January 1, 2021 and included any interest accrued during the period of delay.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – On termination of service due to normal retirement, disability, death, or termination of employment, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, installments or partial withdrawals. A participant who has reached 59 ½ years of age may elect to receive a pre-retirement distribution. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Upon termination, a balance less than $5,000 will automatically be rolled over to an Individual Retirement Account unless the participant elects otherwise. The payment of benefits to retired participants is required to begin no later than April 1st following the end of the year in which the participant reaches 70 ½ years of age. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution up to $100,000 with an option to repay it over a three year period.

Forfeitures – The unvested portion of a participant's account is forfeited upon termination of employment. Forfeitures are used to reduce the employer's discretionary contribution, and allocated in the same manner. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $175,317 and $96,909, respectively. Forfeitures of $96,900 and $54,644 were used to partially fund employer contributions during the years ended December 31, 2020 and 2019, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Adoption of New Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13 on Topic 820, *Fair Value Measurement: Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU 2018-13 remove, modify, and add disclosure requirements for the fair value reporting of assets and liabilities. The modifications and additions relate to Level 3 fair value measurements at the end of the reporting period. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

General account: Reported at estimated fair value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses and is the amount accessible by participants. The contract is not fully benefit-responsive since the participant is not allowed immediate full access to the balance in all situations. This is considered a Level 3 investment with the unobservable input being the crediting rate. The average crediting interest rates ranged from 2.66% to 2.80% for the years ended December 31, 2020 and 2019, respectively.

All other investments held by the Plan are pooled separate accounts, valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by Minnesota Life Insurance Company, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

In accordance with fair value measurement guidance, investments in pooled separate accounts that are measured at fair value using the net asset value per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy.

The following table sets forth additional disclosure of the Plan's investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2020 and 2019, respectively:

Pooled Separate Accounts	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2020	$47,385,056	N/A	Daily	None*
December 31, 2019	$40,898,392	N/A	Daily	None*

* The Plan may initiate withdrawals at any time by giving written notice. Upon receipt of notice, a transfer date will be determined.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the years ended December 31, 2020 and 2019:

	General Account December 31,	
	2020	2019
Balance, beginning of year	$ 1,670,884	$ 1,100,192
Contributions	13,934	-
Interest credited during the year	41,709	46,329
Disbursement to pay benefits	(27,235)	(123,818)
Administration charge	(6)	(83)
Transfer to/from separate account, net	(129,433)	648,264
Balance, end of year	$ 1,569,853	$ 1,670,884

As of December 31, 2020, two investments accounted for approximately 27% of the Plan's total investments. As of December 31, 2019, three investments accounted for approximately 32% of the Plan's total investments.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment and notes receivable from participants activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

NOTE 5 – TAX STATUS

The Plan adopted a Volume Submitter Plan which received a favorable opinion letter from the IRS dated March 31, 2014, in which the IRS stated that the Plan and related trust are designed in accordance with the applicable section of the IRC. The Plan has not filed for a determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 6 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan investments are managed by Minnesota Life Insurance Company which receives revenue from the Plan for this service. Minnesota Life Insurance Company is the Plan's recordkeeper and holds the Plan's assets, and therefore, these transactions qualify as party-in-interest transactions. These investment management expenses are included in net appreciation/depreciation in fair value of investments.

Affiliates of Minnesota Life Insurance Company also provide certain administrative services to the Plan which qualify as party in interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the fair value of the Plan's investments. The overall impact on economic activity is expected to continue for some time; however, the ultimate duration and extent is uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.
