Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Gerken Retirement Savings Plan and Trust for Collectively Bargained Employees (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1–Description of the plan

The following description of the Gerken Retirement Savings Plan and Trust for Collectively Bargained Employees (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement and Plan Amendments for more complete information.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to all union employees of Gerken Materials, Inc. and Affiliates (the Companies or the Plan Sponsor), who have attained the age of twenty-one and completed at least one year of service. One year of service is defined as at least one thousand (1,000) hours of service within a twelve-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Amendments

The Plan was amended on August 5, 2020 to reflect operational changes and certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

Contributions

The Plan allows participants to contribute up to 85% of their annual compensation, which may be contributed to the Plan on a pre-tax or post-tax basis as designated by the participant. The Companies do not provide a matching contribution to participants in this plan.

Participant accounts

Each participant's account is credited with the participant's contributions. Participants direct the investment of their accounts among the investment funds offered by the Plan. Participant accounts are adjusted for investment fund earnings and losses based on the respective fund's changes in net asset value during the period.

Vesting

Participants are always 100% vested in their contributions plus any earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts for hardship events as defined in the Plan Agreement. The maximum amount a participant can borrow from their account is 50 percent of their vested account balance, not to exceed $50,000 but may not borrow less than $1,000. Principal and interest are paid ratably through payroll deductions not to exceed five years unless used for a primary residence, which may have a term up to 10 years. The interest rate is determined by the Plan Sponsor's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances.

The notes are secured by the balance in the participant's account. If a participant ceases to make note receivable repayments and the Plan Administrator deems the notes receivable to be in default, the remaining balance is reduced and a benefit payment is recorded.

Note 1–Description of the plan–continued

Notes receivable from participants–continued
Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Benefit payments
Upon termination of service, retirement, attainment of age 59 ½, or death or disability if earlier, the balance in the participant's individual account is distributed to the participant or their beneficiary in a lump sum amount equal to their account balance. In certain circumstances, active employees can take partial withdrawals.

Under the Plan, the participants who are entitled to a benefit for the reasons outlined above will have their vested balance automatically distributed if their vested balance is less than $5,000 and rolled over to an IRA account administered by the Trustee if their vested balance is less than $1,000.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Termination of the plan
Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2–Summary of significant accounting policies

Basis of accounting
The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when distributed by the Plan.

Use of estimates
The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2–Summary of significant accounting policies–continued

Valuation of investments and income recognition
The assets in the Plan are held and managed by the custodian, John Hancock Life Insurance Company. Pooled separate accounts are valued at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Administrative costs
The Plan's administrative costs are paid by either the Plan or the Plan Sponsor as provided by the Plan document.

Subsequent events
The Plan has evaluated subsequent events through August 18, 2021, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

Note 3–Investments
All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Sponsor and certified by John Hancock Life Insurance Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4–Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;

b. Quoted prices for identical or similar assets or liabilities in inactive markets;

c. Inputs other than quoted prices that are observable for the asset or liability;

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts – valued based on the net asset value (NAV) at which the mutual funds shares are actively traded. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

\Note 4–Fair value measurements–continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, the pooled separate accounts that were measured at the net asset value per share (or its equivalent) are not classified in the fair value hierarchy.

The John Hancock Stable Value Collective Trust Fund pooled separate account has no unfunded commitments, has a daily redemption frequency and requires up to 12-month redemption period. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The Stable Value pooled separate account's fair value, as measured at the net asset value or equivalent, is $543,840 and $505,350 at December 31, 2020 and 2019, respectively.

The other pooled separate accounts have no unfunded commitments, have a daily redemption frequency and there is no required redemption period notice. The other pooled separate accounts' fair value, as measured at the NAV or its equivalent, are $3,213,938 and $2,678,028 at December 31, 2020 and 2019, respectively.

Under the terms of a trust agreement between the Trustee and the Plan Sponsor, the Trustee invests all contributions to the Plan in various fund options as directed by the individual participants.

Note 5–Related party transactions and party in interest transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made direct payments to the custodian in the amount of $589 during 2020.

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled $15,032 and $16,343 as of December 31, 2020 and 2019, respectively. Interest received on notes receivable from participants totaled $663 for the year ended December 31, 2020.

Note 6–Income tax status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7–Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
