Note 1. Plan Description and Related Information

The following description of Lytx, Inc. Retirement Savings 401(k) Plan (formerly DriveCam, Inc. Retirement Savings 401(k) Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on January 1, 2004 and permits employees to make pre-tax contributions into the Plan. The Plan is a defined contribution plan established and sponsored by Lytx, Inc. (the "Company" or "Employer"). The Plan covers substantially all employees of the Company and is administered by the Company. The Plan's trustee is Fidelity Management Trust Company (the "Trustee"), which has the authority and responsibility for the management and investment of Plan assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended and restated effective May 25, 2021. With the amendment and restatement, the Plan received an opinion letter from the Internal Revenue Service dated June 30, 2020 (see Note 8).

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. The Plan has applied the following provisions of the CARES Act to the administration of the Plan in 2020:

- In-service withdrawals are allowed for participants affected by the COVID-19 pandemic up to $100,000 which are not subject to the "early withdrawal" penalty.
- Participant loan repayments have been deferred through December 31, 2020 for electing participants that have been affected by the COVID-19 pandemic.

Eligibility

All full-time and part-time employees are eligible to participate in the Plan except those represented by a collective bargaining agreement, nonresident aliens, leased employees and interns. An employee is eligible to participate in the Plan if the employee is at least 18 years of age and can enter the Plan on the first day of the following month following their date of hire.

Note 1. Plan Description and Related Information (continued)

Contributions

Pursuant to the rules of the Plan, participants may contribute up to 90% of their pretax compensation, as defined by the Plan, subject to the annual limitation imposed by the Internal Revenue Service (the "IRS"). The Plan also allows participants to make Roth (after-tax) deferral contributions. A participant's Roth deferral contributions will be allocated to a separate account maintained for such contributions. The Plan established an automatic elective deferral rate equal to 4% of compensation for eligible employees who do not make an election on their eligible entry date.

The Plan provides that the Company has the discretion to make matching and profit sharing contributions. The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals as determined on a yearly basis. The Company elected to make a matching contribution of 50% of the aggregate salary reduction contribution to the extent that the aggregate contribution does not exceed 6% of compensation for the 2020 plan year.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participants' direction and the Plan's provisions.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings less an allocation of investment and Plan administrative expenses charged to the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and rollover contributions and related earnings are fully vested at all times. Company matching and profit sharing contributions and related net earnings are based on years of continuing service. Participants become fully vested if the participant reaches age 65, retires due to disability, dies, or if the Plan is terminated. Participants less than 65 years of age vest in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
At least one but less than two	20%
At least two but less than three	40%
At least three but less than four	60%
At least four but less than five	80%
Five or more years	100%

Note 1. Plan Description and Related Information (continued)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Employer matching contributions and earnings on those contributions are used to reduce Company contributions or Plan administrative expenses. During the year ended December 31, 2020, approximately $162,100 (used to fund the 2019 true-up during 2020) and $1,300, in forfeitures were used to reduce Company contributions and to fund Plan administrative expenses, respectively. At December 31, 2020 and 2019, approximately $67,600 and $106,500, respectively, of forfeited non-vested accounts were available to be used. During 2021, approximately $139,900 of forfeitures were used to fund the true-up contributions relating to 2020.

Investment Options

Participants may elect the types of investments for their accounts. They may select from a variety of mutual funds with varying degrees of risk. The participants designate their contributions for investment in one or more of the mutual funds offered by the Plan.

Plan Administration

The Plan is administered by the Company. The assets of the Plan are maintained under the custody of the Plan's independent Trustee.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested balances. Loans are not to be made for less than $1,000 and up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions for active employees. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration fees. Additionally, Plan record keeping fees that are not paid by the Company or forfeitures are charged directly to Participant accounts and are included in administration expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 1. Plan Description and Related Information (continued)

Revenue Sharing Credit

Effective September 1, 2019, the Plan entered into an agreement with Fidelity Management Trust Company in which the Plan is credited with revenue sharing amounts paid by certain investment funds held in the Plan. These amounts are to be allocated to participants pro rata based on participant account balances. During the year ended December 31, 2020, $123,080 of revenue sharing credits were allocated to participants and are included as other income, net of $105,214 in administration fees.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants (or beneficiaries) may elect to receive a lump-sum amount equal to the value of the vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Active participants can withdraw all or a portion of their contributed amounts if they have a financial hardship.

The Plan allows automatic rollover to an individual retirement account ("IRA"), if the terminated participant's account balance exceeds $1,000 but does not exceed $5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator.

Automatic distributions will be given to terminated participants with account balances of $1,000 or less.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Except for unutilized forfeitures, discussed in Note 1, all assets are allocated to the Plan participants.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Note 2. Summary of Significant Accounting Policies (continued)

Contribution Funding

The participant deferrals and Employer matching contributions are funded on a consistent basis following the issuance of each Company payroll. Employer profit sharing contributions (if any) are funded on an annual basis subsequent to Plan year-end.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. At December 31, 2020 and 2019, there were no balances to be paid to participants who terminated and submitted their request for distribution prior to the Plan year end.

Subsequent Events

The Plan has evaluated all events subsequent to the balance sheet date of December 31, 2020 through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the Trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

a) Investments

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the Trustee, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds and money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2020 and 2019:

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 50,275,573	$ ---	$ ---	$ 50,275,573
Money market fund	1,281,778	---	---	1,281,778
Total investments, at fair value	$ 51,557,351	$ ---	$ ---	$ 51,557,351

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 38,080,778	$ ---	$ ---	$ 38,080,778
Money market fund	1,047,457	---	---	1,047,457
Total investments, at fair value	$ 39,128,235	$ ---	$ ---	$ 39,128,235

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 5. Risks and Uncertainties (continued)

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of the global financial markets. The extent to which COVID-19 has impacted and will continue to impact the financial markets may depend on future developments that are uncertain and may not be predicted. Plan management will continue to monitor the impact COVID-19 has on the Plan and will reflect the consequences as appropriate in the Plan's financial records.

Note 6. Related Party and Party-In-Interest Transactions

The Plan's assets are invested in products sold by and managed by Fidelity Investments. The Trustee as defined by the Plan, is a wholly owned subsidiary of Fidelity Investments.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to the Trustee, its affiliates, and other investment consultants.

Additionally, as noted in Note 1, certain administrative expenses related to participant related activities are paid directly to an affiliate of the Trustee. In addition, certain plan recordkeeping fees may be paid by the Plan. All fees paid directly by the Plan to the affiliates of the Trustee are included in administration fees.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 7. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by letter, dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Prohibited Transactions

During the Plan years ended December 31, 2020 and 2019, the plan sponsor inadvertently failed to deposit $272,477 and $469,084, respectively, of participant deferrals and loan repayments within the required timeframe as stated by ERISA. These deferrals and loan repayments were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The lost earnings correction on the participant deferrals and loan payments for the 2020 Plan year were deposited into the Plan in 2021 and the lost earnings correction on the participant deferrals and loan payments for the 2019 Plan year were deposited into the Plan in 2020.

The plan sponsor has self-corrected these prohibited transactions and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

Note 10. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.
