Independent Auditor's Report

To the Plan Administrator and Participants
United Fashions of Texas 401(k) Plan
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of United Fashions of Texas 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

TRIAL MODE − a valid license will remove this message. See the keywords property of this PDF for more information.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of Form 5500 - Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 31, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the United Fashions of Texas 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is sponsored by United Fashions of Texas, LLC and related companies, including UFOT of California, Inc.; United Fashions of Arizona, Inc.; and Commercial Builders Group (collectively, the Company or Plan Sponsor) for its employees. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan's financial statements and schedule have been prepared in compliance with ERISA.

Eligibility

All employees of the Company who have completed at least 3 months of service, who are age 21 or older, and who are not considered temporary or seasonal employees are eligible to participate in the Plan.

Participant Contributions

Each year, eligible employees may contribute up to 90% of their annual compensation, as defined by the Plan, up to the maximum percentage allowable, not to exceed the limits as determined by the IRC, through payroll deductions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the plan year may also contribute catch-up contributions not to exceed IRC limits.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of the participant's elective salary deferral contributions to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. For the year ended December 31, 2020, the Company made a discretionary matching contribution of fifty percent of deferrals not to exceed 2.5% of eligible compensation. The discretionary matching contribution for 2020 was $89,181.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions plus actual earnings or losses thereon is based on continuous years of service as defined in the plan as follows:

Years of Service	Percent Vested
Less than 2 years	0%
2	40%
3	60%
4	80%
5 or more	100%

Upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after five years in the Plan, the participant becomes 100% vested in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are retained in the Plan and may first be used to pay administrative expenses. Remaining amounts will be used to reduce future employer contributions to the Plan. For the year ended December 31, 2020, forfeited balances were applied and used to offset employer contributions were $6,917. There was no unused forfeitures at December 31, 2020 and 2019.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions: (a) special coronavirus distributions up to $100,000 and (b) suspended required minimum distributions for 2020 (c) allowed qualifying participants to delay loan repayments.

Payment of Benefits

The benefit to which a participant is entitled equals the value of the participant's vested interest in his or her account. Upon termination of service due to death, disability, severance, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of his or her account. Additionally, under certain circumstances of financial hardship, including the relief provisions under the CARES act, the participant is allowed to withdraw funds from the Plan. Upon termination of employment, vested account balances of less than $5,000 will be rolled over to an Individual Retirement Account if withdrawal of the funds is not initiated by the participant. Account balances less than $1,000 are distributed to participants as a lump sum distribution.

1. Description of the Plan (Continued)

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of mutual fund options for investment.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance, except for the amounts borrowed under the CARES Act. Participants may have only two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the plan administrator, currently range from 4.25% to 10%. Any loan must be repaid within five years unless otherwise approved. Principal and interest are paid ratably through payroll deductions.

Excess Contributions Payable

The excess contributions payable of $22,704 and $28,639 at December 31, 2020 and 2019, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

TRIAL MODE − a valid license will remove this message. See the keywords property of this PDF for more information.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a default, unless the loan repayment was deemed deferred under the CARES act, the participant loan balance is reduced, and benefit payment is recorded.

Administrative Expenses

Administrative expenses may be paid by the Employer. However, the Plan may pay transaction fees which are charged directly to the specific participant generating the transaction.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

TRIAL MODE − a valid license will remove this message. See the keywords property of this PDF for more information.

3. Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

	Fair Value Measurements at December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	**$ 8,128,156**	**$ -**	**$ -**	**$ 8,128,156**

	Fair Value Measurements at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,430,365	$ -	$ -	$ 7,430,365

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Investments and Trust company, the trustee of the Plan.

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

TRIAL MODE − a valid license will remove this message. See the keywords property of this PDF for more information.

6. Tax Status of the Plan

The Company adopted a prototype plan document sponsored by Fidelity Management and Research Co. (Fidelity). Fidelity received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions such as investments, purchases and sales, and other administrative transactions conducted by the Trustee and its affiliates qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500.

December 31,	**2020**	2019
Net assets available for benefits per the financial statements	**$ 8,365,618**	$ 7,723,727
Add: Excess contributions payable at the end of year	**22,704**	28,639
Net assets available for benefits per the Form 5500	**$ 8,388,322**	$ 7,752,366

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

Year ended December 31,	**2020**
Net increase in net assets available for benefits per the financial statements	**$ 641,891**
Add: Excess contributions payable at the end of current year	**22,704**
Less: Excess contributions payable at the end of prior year	**(28,639)**
Net increase in net assets available for benefits per the Form 5500	**$ 635,956**

TRIAL MODE − a valid license will remove this message. See the keywords property of this PDF for more information.

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

10. Subsequent Events

The plan administrator evaluated events or transactions that occurred after December 31, 2020, and through August 24, 2021, the date the financial statements were available to be issued.
