NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2020

NOTE 1. PLAN DESCRIPTION

The following description of the Koenig & Bauer (US) Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Koenig & Bauer (US) Inc. (the "Company") is the sponsor and administrator for the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution deferred compensation 401(k) plan formed on January 1, 1990, and was amended and restated on December 1, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan covers substantially all employees who have completed three consecutive months, or credited with a Year of Service, and have attained 18 years of age, except intercompany transferee employees from the parent company in Germany, Koenig & Bauer AG, and nonresident alien employees as defined in the Plan of Koenig & Bauer (US) Inc. (the Company).

Employees are eligible for employer profit sharing contributions when they complete one year of service, or 1,000 hours of service during a twelve month period, and have attained 18 years of age.

Contributions

Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Contributions are subject to limitation requirements by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover), limited by requirements of the IRC.

The employer's discretionary nonelective contribution amount may be contributed at the option of the Company's CEO and CFO. The nonelective contribution is allocated, or divided, among eligible participants as determined by the Plan. Participants who are not employed on the last day of the year are not eligible for an allocation of the Company's nonelective contributions for such year, except upon retirement, disability, or death. The Company's nonelective contributions were $560,795 and $626,192 in 2020 and 2019, respectively.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contribution, an allocation of the Company's profit sharing contribution and Plan earnings. Allocations of Plan earnings are based on a participant's eligible compensation relative to total eligible compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant determines the investment strategy of his or her account as provided in the Plan.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Payment of benefits

Benefits are distributed under the Plan based on normal retirement date (age 65), disability, death, hardship, or termination of employment of the participant. A participant may elect to receive a lump-sum distribution equal to the value of his or her account or may elect to receive installments for a specified term.

Vesting

Participants are immediately vested in their voluntary contributions and Company matching contributions, plus actual earnings thereon. Vesting in employer non-elective profit sharing contribution is based on years of service as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants automatically become fully vested upon disability, death, or normal retirement while under the employment of the Company.

Notes receivable from participants

Participants are permitted two outstanding loans. Loans are treated as an investment of each participant's account, rather than as an investment of the entire trust. As a result, each payment of interest is made to the account of the participant who receives the loan. Interest is charged at the current Wall Street Journal prime rate plus 1%, as defined by the Plan. Participants may borrow from a minimum of $500, up to 50% of their vested account balance, provided the loan does not exceed $50,000. Loans are collateralized by the participant's account. The interest rate is ranging from 4.25% to 6.50% for loans outstanding at December 31, 2020. The loan terms range from one to five years, or within a reasonable amount of time that can extend beyond five years, if the purpose of the loan is to acquire a primary residence.

Participant notes receivable are valued at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator, based upon the terms of the plan document, deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Termination

Under the Plan, the Company reserves the right to discontinue its contributions and to terminate the Plan at any time. Upon Plan termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will become 100 percent vested. The Company will direct the distribution of participant accounts in a manner permitted by the Plan.

Forfeitures

Under the Plan, forfeitures of participants' nonvested accounts are used to reduce any employer contributions to the Plan. The amounts $33,702 and $7,719 were forfeited in 2020 and 2019, respectively. The amount of $27,158 and $0 were used to reduce employer contributions in 2020 and 2019, respectively. Forfeitures available to reduce future employer contributions were $35,255 and $28,434 at December 31, 2020 and 2019, respectively.

Plan administrative costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are presented on the accrual basis of accounting. Current year contributions, investment income and expenses, which are not received or paid until the subsequent year, are accrued. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results may differ from those estimates.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid.

NOTE 3. INFORMATION CERTIFIED AND PROVIDED BY RELIANCE TRUST COMPANY

For the years ended December 31, 2020 and 2019, the investment assets of the Plan were maintained under a trust agreement with the trustee, Reliance Trust Company. The trustee invested the Plan assets through its investment advisors and distributed the monies in accordance with the trust agreement. The December 31, 2020 and 2019 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Reliance Trust Company has certified to the completeness and accuracy of the total investments of $16,643,438 and $14,123,579 as of December 31, 2020 and 2019, respectively, and related net investment earnings of $1,998,297 for the year ended December 31, 2020.

NOTE 4. COLLECTIVE TRUST FUND

The Plan invests in stable value collective funds through the Invesco Stable Asset Trust ("ISAT"). ISAT is a collective trust established by Invesco National Trust Company, a national trust bank organized and existing under the laws of the United States. This collective trust was established for purposes of collectively investing and reinvesting the assets of eligible pension and profit sharing trusts and other eligible entities. ISAT primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

The Statements of Net Assets Available for Benefits, as of December 31, 2020 and 2019, present the contract value of the investment in the ISAT.

The contract value of the Plan's investment in the Invesco Trust at December 31, 2020 and 2019 was $1,487,127 and $1,155,011, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are typically reviewed and reset on a monthly or quarterly basis according to each contract.

Following are certain details related to the stable value collective funds held by the ISAT as of December 31, 2020 and 2019:

Duration and Yields	2020	2019
Average portfolio duration	2.83 yrs	2.87 yrs
Average yield based on market value	1.80%	2.63%
Average yield based on crediting rate	0.67%	1.87%

NOTE 5. FAIR VALUE MEASUREMENTS

Current authoritative guidance has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under current authoritative guidance are described as follows:

Level 1 Observable inputs such as quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; these include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Common/collective trust: Reported at contract value, which approximates fair value.

Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value
As of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,156,311	$ -	$ -	$ 15,156,311
Total Assets at Fair Value	$ 15,156,311	$ -	$ -	$ 15,156,311

Assets at Fair Value
As of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,968,568	$ -	$ -	$ 12,968,568
Total Assets at Fair Value	$ 12,968,568	$ -	$ -	$ 12,968,568

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

NOTE 6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares/units of separate accounts managed by an affiliate of the Reliance Trust Company. This institution serves as record keeper and custodian of the Plan, and, therefore, these investments qualify as related transactions.

IMA Wealth, Inc., the investment advisor for the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such in the supplemental Schedule of Assets (Held at End of Year). Fees paid by the Plan for the investment management services amounted to $2,856 and $1,640 for the year ended December 31, 2020 and 2019, respectively.

Chapman, Hext & Company, P.C. provides audit services to the Plan. These services qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

The Plan allows for participant loans. These loans qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

NOTE 7. TAX STATUS

The Plan has adopted a prototype plan, which received a favorable determination letter from the Internal Revenue Service on July 16, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 8. PARTICIPANTS WITH DEFERRED BENEFITS

There were 39 and 35 terminated participants with remaining assets of $2,124,390 and $1,463,979 as of December 31, 2020, and 2019, respectively.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain items within the Statements of Net Assets Available for Benefits as of December 31, 2020 and Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020 are classified differently on the Form 5500. Differences are as follows:
