(1) Description of Plan

The following description of the Tibbetts Lumber Co. LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Tibbetts Lumber Co. LLC ("Company", "Plan Administrator", and "Plan Sponsor") who have completed one year of service, which is defined as 1,000 hours in a twelve month period, and are age 21 or older. Effective January 1, 2020, employees are eligible for the Plan after completing six months of service with no age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan operates under an agreement with ADP, LLC ("ADP") to act as recordkeeper of the Plan. ADP enters into a trust agreement with a third party trustee to hold the investments and execute investment transactions of the Plan during the year. At year end, all investments and related investment activity are certified. Reliance Trust Company ("RTC") served as trustee at December 31, 2020 and 2019. With the structure of the agreement with ADP, no changes in investment options or transfer of assets are required when the trustee is changed.

(b) Contributions

Participants may contribute up to 90% of eligible compensation on a pre-tax or after tax basis, as defined in the Plan and subject to IRS limits. Participants may also contribute amounts representing distributions from other qualified plans. Participants age 50 or older may also contribute catch-up contributions, up to IRS limits.

Effective February 1, 2020, participants are automatically enrolled in the Plan at a deferral rate of 1% upon meeting eligibility requirements.

Effective January 1, 2020, the Company will match 25% of participant contributions up to 10% of eligible compensation, remitted to the Plan each pay period. Prior to 2020, the match was discretionary and was remitted to the Plan subsequent to year end, and is noted as a receivable per the statements of net assets available for benefits.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and plan earnings. The Plan allows participants to direct their contributions to any investment option available to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(1) Description of Plan - Continued

(d) Vesting

Participants are immediately vested in their elective contributions plus actual earnings. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Years of Service	Vested %
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

(e) Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $500 and maximum of the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect in the month the loan is effective, plus two percentage points. Principal and interest are paid ratably through payroll deductions. The interest rates on all outstanding loans ranged from 5.25% to 7.25% at December 31, 2020.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments, the loan balance is reduced and a benefit payment is recorded.

Additionally, effective March 27, 2020, plan management evaluated the relief provisions available to plan participants under the CARES Act and extended the period of loan repayments, if applicable, up to one year.

(f) Payment of Benefits

On termination of service due to death, disability or retirement, a participant shall be 100% vested in their accounts under the Plan. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older. Benefits are recorded when paid.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law. Provisions relate to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations.

(1) Description of Plan - Continued

(f) Payment of Benefits - Continued

Additionally, effective March 27, 2020, plan management evaluated the relief provisions available to plan participants under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act and implemented Special coronavirus distributions up to $100,000.

(g) Forfeited Accounts

The Plan had $20 and $349 of forfeiture amounts available at December 31, 2020 and 2019, respectively, to reduce future Company matching contributions or pay plan expenses. During 2020, the Plan utilized $3,436 in available forfeitures to reduce employer contributions.

(h) Hardship Withdrawals

The Plan allows participants to withdraw a portion of their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to plan provisions. As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2020, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared on the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Shares of registered investment companies are valued at quoted market prices.

Net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(2) Summary of Significant Accounting Policies - Continued

(d) Administrative Expenses

Administrative expenses of the Plan may be paid from the forfeiture account or directly by the Company. Participants of the Plan may be charged with administrative and transaction-based fees on a quarterly basis.

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) Notes Receivable from Participants and Interest Recognition

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivables from participants is recorded when it is earned.

(g) Withdrawals and Exchanges

Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

(3) Trustee Certification of Plan Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as of December 31, 2020 and 2019, as shown in the statements of net assets available for benefits;
- Total investment income and related investment activity for the year ended December 31, 2020, as shown in the statement of changes in net assets available for benefits;
- Assets held for investment purposes, as of December 31, 2020, included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described below.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit risks, etc.), or inputs that are derived principally from or corroborated by market data by correlation or other means;

Level 3: Unobservable inputs for determining the fair values of assets and liabilities that reflect assumptions that market participants would use in pricing the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2020 and 2019.

Registered Investment Companies: valued at the daily closing price as reported by the fund and are classified as Level 1 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

		Fair Value Measurements at December 31, 2020 Using		
Description	Assets Measured at Fair Value at December 31, 2020	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 4,309,384	4,309,384	-	-

(4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

		Fair Value Measurements at December 31, 2019 Using		
Description	Assets Measured at Fair Value at December 31, 2019	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 3,033,523	3,033,523	-	-

(5) Party-in-Interest Transactions

Notes receivable from participants are managed by the recordkeeper of the Plan and certified by the trustee at year end. These transactions qualify as party-in-interest transactions. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules. Additional services are provided to the Plan for recordkeeping and investment advisory services, however most of these expenses are all recorded as a reduction of investment return earned by the Plan.

(6) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate, at any time, the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Plan has adopted the ADP prototype plan which obtained a favorable opinion letter dated July 8, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Excess Contributions Payable

The Plan's statements of net assets available for benefits as of December 31, 2020 and 2019 includes $15,554 and $12,537, respectively, of excess contributions payable to certain active participants to return to them excess deferrals required to satisfy the relevant nondiscrimination provisions of the Plan.

(9) Subsequent Events

The Plan's management has evaluated events and transaction for potential recognition or disclosure in the financial statements through August 11, 2021, the date the financial statements were available to be issued.
