Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Code42 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan, under section 401(k) of the Internal Revenue Code (IRC), covering employees of Code42 Software, Inc. (the "Company") who are at least 21 years of age. The effective date of the Plan was January 1, 2014. Plan entrance dates are the first of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may, after meeting eligibility requirements, contribute a percentage of their annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and profit sharing contributions. During 2020 and 2019, the Company contributed for each participant a matching contribution equal to 50% up to the first 6% of the elective contributions made by the participant. In order to share in any profit sharing contributions, eligible participants must complete 1,000 hours of service during the plan year and be employed on the last day of the Plan year. No discretionary profit sharing contributions were made for the 2020 and 2019 plan years.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and Plan earnings or losses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. Vesting in the remainder of their accounts is based on years of continuous service. Participants vest ratably in employer matching and profit sharing contributions and are fully vested after four years of service.

Notes Receivable from Participants

Eligible participants may borrow against the value of their accounts, excluding Roth deferrals. The maximum amount of any loan is the lessor of 50% of the participant's vested account, or $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The minimum amount of any loan is $1,000 and the number of outstanding loans is limited to one. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, retirement (age 65), death, or disability, a participant may elect to receive a lump sum amount or partial payments equal to the value of his or her account. Upon termination of service, if the account balance is $1,000 or less, the account balance will be distributed to the participant, who may elect to treat the distribution as a taxable withdrawal or directly roll over the balance into another qualified plan or individual retirement account. If the balance is greater than $1,000, but less than $5,000, the benefit payment will be rolled over into a qualified individual retirement account. Balances greater than $5,000 may remain in the Plan. In service distributions are allowed for participants after obtaining age 59.5 or for amounts attributable to rollover contributions at any time, without restriction. Hardship distributions of elective deferrals are also permitted.

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 increased the age limit for required minimum distributions from 70½ to 72. Terminated participants may elect to have the Plan hold their accounts for distribution to them at a date not later than April 1 of the calendar year after which they attain age 72 (age 70½ if prior to January 1, 2020). Terminated participants who elect this will continue to share in the income, expenses, gains, and losses of the Plan until their accounts are distributed.

Forfeitures

Forfeitures resulting from a terminated participant's failure to be fully vested in the Company's contributions to the Plan may be used to reduce the Company's matching contributions. Forfeited nonvested accounts totaled $0 as of both December 31, 2020 and 2019. Also, forfeitures of $99,289 and $190,079 were used to reduce the Company's matching contributions for the years ended December 31, 2020 and 2019, respectively.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants who were adversely impacted by COVID-19. The provisions of CARES Act may be effective and operationalized immediately, prior to amending the Plan Document.

The Plan has implemented the following relief provisions:

- Coronavirus-related distributions: Qualified participants could take a coronavirus-related distribution of up to $100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions could be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.
- Participant loans: Increase loan amounts up to the lesser of $100,000 or 100% of eligible vested balances from March 27, 2020 to September 22, 2020. In addition, qualified participants may elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period.
- Required minimum distributions (RMDs): RMDs were waived for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reflected at fair value in the accompanying financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants valued as of the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded using the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents the realized and unrealized gains or losses on assets bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits
Benefits are recorded when paid.

Funding Policy
Employer discretionary matching contributions are generally remitted to the Plan at the same time as employee deferrals. Any necessary employer discretionary matching contributions relating to the "true up" are remitted to the Plan in the following year.

Plan Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments and administrative expenses.

Subsequent Events
The Plan has evaluated subsequent events through August 4, 2021, the date which the financial statements were available to be issued.

NOTE 3 – CERTIFICATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Schedule H, line 4(i) - Schedule of Assets (held at end of year) as of December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Registered investment companies: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: valued at net asset value (NAV) of units of the collective investment trust as of year-end. The NAV, as determined by the issuer of the trust, is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fair value of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total
December 31, 2020				
Registered investment companies	$ 34,981,114	$ -	$ -	$ 34,981,114
Collective investment trust	-	340,758	-	340,758
Total investments at fair value	$ 34,981,114	$ 340,758	$ -	$ 35,321,872
December 31, 2019				
Registered investment companies	$ 26,170,727	$ -	$ -	$ 26,170,727
Collective investment trust	-	318,340	-	318,340
Total investments at fair value	$ 26,170,727	$ 318,340	$ -	$ 26,489,067

NOTE 5 – TAX STATUS

The Company has adopted a prototype plan document and is relying on the prototype sponsor's opinion letter from the IRS dated January 1, 2018. The letter states that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since adoption of the prototype plan, however the plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items for 2020 and 2019 between the financial statements and Schedule H of Form 5500.

NOTE 8 – PARTY IN INTEREST

Certain plan investments hold shares of mutual funds managed by Vanguard. Vanguard has a managed services agreement with Ascensus Trust Company, the trustee of the plan.

NOTE 9 – UNALLOCATED ASSETS

Asset values are allocated to participant accounts when amounts are received by the Plan. Company contributions receivable of $59,131 and $5,569 were unallocated as of December 31, 2020 and 2019, respectively.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
