Lyra Health 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

Lyra Health, Inc. (the Company) established the Lyra Health 401(k) Plan (the Plan), effective July 1, 2019, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan was amended and restated as of April 20, 2020. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Company has appointed a Plan Committee, consisting of Company employees, to manage the operations and administration of the Plan. Ascensus Trust Company (Ascensus) serves as the Plan's trustee and Ascensus, LLC serves as the Plan's record keeper. Ascensus holds, invests and reinvests the Plan assets in the interest and direction of the participants and their beneficiaries.

Eligible Participants:

Employees, as defined by the Plan, aged 21 and older, are eligible to participate in the Plan on the first day of the month following completion of one month of service.

Contributions:

Participants may make contributions to the Plan through pre-tax salary reductions or post-tax deductions up to 100% of annual compensation, as defined by the Plan. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Plan provides for automatic enrollment on the date a participant becomes eligible to participate in the Plan. The automatic election for eligible participants is 3% of their compensation, unless the participant requests a different amount to be contributed or formally declines participation. Participants may adjust their deferral rate or discontinue their contributions at any time.

Employer matching and profit-sharing contributions are not allowed under the Plan.

Contributions are subject to certain limitations under the Code.

Lyra Health 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Participant Accounts:

Participant accounts are credited with participant contributions, rollovers, and an allocation of Plan earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

Vesting:

Participants are fully vested (100%) in their account balances.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance, a minimum of \$1,000 and not to exceed \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which a longer term may be granted. Participants may only have one note outstanding. Participant notes are evidenced by a written note, secured by the balance in the participant's account, and bear interest at the prime rate, as published in The Wall Street Journal on the 14th day of the month the note is granted, plus 1%. The interest rate on both notes outstanding as of December 31, 2020 was 4.25%. Repayment of principal and interest is generally made through payroll deductions.

Note receivable transactions with participants qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

Lyra Health 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Payment of Benefits:

Upon termination of service, participants may elect to leave their account balance in the Plan or receive their benefits in a lump sum amount equal to the value of the participant's interest in their account, or in partial payments. Accounts between \$1,001 and \$5,000 may be automatically distributed to an individual retirement account on behalf of the participant without the participant's approval. Accounts with a balance of \$1,000 or less may be distributed directly to participants without participant approval. Benefits are recorded when paid.

In April 2020, the Plan implemented certain provisions under the Coronavirus Aid Relief, and Economic Security Act (the CARES Act), allowing eligible participants to take COVID-19 related distributions. Through December 31, 2020, qualified participants were permitted to take a CARES Act distribution of up to \$100,000 due to adverse financial consequences experienced from the COVID-19 pandemic. The Plan also waived its requirement for minimum required distributions to be made in 2020.

Plan Expenses:

Plan investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Certain expenses may be charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel coronavirus continues to materially and adversely impacted global commercial activity and contribute to volatility in financial markets. The outbreak is having, and will likely continue to have, a material adverse impact on economic and market conditions for the foreseeable future. This presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

Lyra Health 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would remain fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds and a money market fund. These funds are reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held

Fair Value Measurement:

The Plan adopted Financial Accounting Standards Updates (ASU) 2018-13, *Disclosure Framework: Changes to the Disclosure Requirements for Fair Value Measurement*, on January 1, 2020. ASU 2018-13 eliminated the disclosure requirement of the amount of, reasons for and policy on transfers between Level I and Level II of the fair value hierarchy and modified certain disclosure requirements related to Level III recurring and nonrecurring fair value measurement. This standard was adopted retrospectively and had no material impact on the Plan's financial statements or disclosures.

Lyra Health 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds and money market fund are recorded at fair value and are classified within Level I of the fair value hierarchy at December 31, 2020 and 2019.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold or held during the year.

Subsequent Events:

Subsequent events have been evaluated through July 22, 2021, which is the date the financial statements were approved by the Plan and available to be issued

Lyra Health 401(k) Plan

Notes to Financial Statements

3. Information Prepared and Certified by Ascensus

Ascensus, as the Plan's trustee, has certified the fair value of the Plan's assets held at December 31, 2020 and the net investment income for the year then ended, that were used in the preparation of the accompanying financial statements and supplemental schedules. The following table summarizes the certified information:

Investments, at fair value	\$ 5,294,871
Notes receivable from participants	<u>32,040</u>
Total certified assets	<u>\$ 5,326,911</u>
Certified net income for the year ended December 31, 2020	<u>\$ 737,986</u>

4. Income Tax Status

The Plan is a prototype plan offered by Ascensus, LLC. The Internal Revenue Service (IRS) has determined and informed Ascensus, LLC by a letter dated January 1, 2018, that the plan submitted for review qualifies under applicable provisions of the Code. The Plan sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified, and the trust that forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize an income tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan and has concluded, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is subject to income tax examinations for all years since the Plan's inception.

5. Prohibited Transactions

In 2020, participant contributions totaling \$106,969 were not remitted on a timely basis as required by the DOL. The DOL considers delinquent contributions to be nonexempt prohibited transactions with the Plan sponsor that can jeopardize the Plan's tax-exempt status. The Plan sponsor contributed lost earnings on the delinquent contributions of \$626 to the Plan in 2020.
