1. DESCRIPTION OF PLAN

The following description of the Polytronix, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan established by Polytronix, Inc. (the "Company") under the provision of section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Employees of the Company are eligible to participate on the first day of employment, provided they are at least 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, Ascensus Trust Company ("Ascensus" or "Custodian") is responsible for the custody and management of the Plan's assets. The Vanguard Group provides record keeping services.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. If a selection is not made the Plan Administrator will determine how the account will be invested.

The Company may make discretionary matching contributions to eligible participants. The Company may also, at its discretion, make a non-elective contribution to the Plan. In order to qualify for the non-elective contribution, the employer must have been employed on the last day of the Plan Year and completed at least 1,000 hours of service during the Plan Year.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation or depreciation, and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100% vested after five years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death, or total disability, as defined in the Plan. Participants who leave the Company before they are vested in the Company's contributions forfeit their non-vested portion.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. Roth elective deferrals are excluded from the available participant balance for loan distribution. Additionally, loans may only be taken from mutual fund balances. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, or may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance, installment payments or ad-hoc distributions. However, if the total vested balance of the terminating participant's account is $5,000 or less, the Plan Administrator will transfer the participant into a rollover account or payout the balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2020 and 2019, forfeited accounts totaled $0, and $5,559, respectively. These funds may be allocated as additional discretionary contributions, used to reduce the Company's matching contributions, or used to pay Plan administrative expenses, in accordance with the Plan document. For the years ended December 31, 2020 and 2019, Plan expenses of $5,575 and $7,850 were paid from forfeited non-vested accounts, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

Method of Accounting and Administrative Expenses

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for these expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

DRESHER 20210701 13:23

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year-end. Interest-bearing cash (money market funds) are valued at cost, which approximates fair value.

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2020 and 2019, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value ("NAV") of shares/units held by the Plan at year end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,500,590	$ -	$ -	$ 9,500,590
Interest-bearing cash	1,326,267	-	-	1,326,267
Total investments at fair value	$ 10,826,857	$ -	$ -	$ 10,826,857

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,152,714	$ -	$ -	$ 8,152,714
Interest-bearing cash	1,342,888	-	-	1,342,888
Total investments at fair value	$ 9,495,602	$ -	$ -	$ 9,495,602

4. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through August 2024. Payments include interest at a reasonable and fair rate based on the prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Notes receivable from participants earned interest of $3,131 and $4,496 for the years ended December 31, 2020 and 2019, respectively.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2020 and 2019, there were no reportable transactions, no investments both acquired and disposed of within the Plan year, no loans or leases in default or uncollectible or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits and the related investment activity reflected in the statement of changes in net assets available for benefits.

The Custodian has certified that the following data is complete and accurate.

	2020	2019
Investments:		
Mutual funds	$ 9,500,590	$ 8,152,714
Interest-bearing cash	1,326,267	1,342,888
Notes receivable from participants	50,140	80,213
	$ 10,876,997	$ 9,575,815
Investment income:		
Net appreciation in fair value of investments	$ 1,010,296	$ 1,629,264
Interest and dividends	155,189	175,569
	$ 1,165,485	$ 1,804,833

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

8. TAX STATUS

In connection with the amending and restating of the Plan, effective January 1, 2017, the Company adopted the Ascensus Inc. Volume Submitter Profit Sharing Plan. The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014 stating that the Plan is acceptable under section 401(a) of the RIC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian and/or an affiliate of the Custodian and, therefore, these transactions qualify as party-in-transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. RISK AND UNCERTAINTIES

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Coronavirus Disease 2019 ("COVID-19") pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's investment portfolio has incurred significant changes in fair value. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management evaluated the optional provisions of the CARES Act and implemented the following provisions: (1) coronavirus-related distributions for qualifying individuals up to $100,000; (2) increased loan limits for qualifying individuals to the lesser of (i) $100,000 or (ii) 100% of the participant's vested account balance; (3) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the Internal Revenue Service

11. NEW ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.* This amendment to the Accounting Standards Codification Topic 820, Fair Value Measurement, requires disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. This amendment also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels and the valuation process for Level 3 fair valued measurements. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. This amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

DRESHER 20210701 13:23

11. NEW ACCOUNTING PRONOUNCEMENTS (Continued)

In July 2018, the FASB issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for the net asset value per share practical expedient in accordance with Accounting Standards Codification Topic 820, Fair Value Measurement. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. This amendment is effective for annual periods beginning after December 15, 2019. The adoption of this standard is not expected to significantly impact the Plan's financial statements.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 30, 2021, the date the financial statements were available to be issued.
