The Contractors Retirement Plan

Notes to the Financial Statements
December 31, 2020 and 2019

1 Description of Plan

The following description of The Contactors Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a General

Davis Mail Services, Inc., the Plan Sponsor, adopted the Plan in 2012. The Plan became effective on January 1, 2012. The Plan is a multi-employer Plan whose participants include employees of Davis Mail Services, Inc. and Experienced Mail Transport, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan, as originally adopted, was a Profit Sharing Plan covering all employees, except nonresident aliens, upon date of employment. Effective October 1, 2016, the Plan was amended to permit elective salary deferrals by employees. As a result of the amendment, the Plan is currently a 401(K) Profit Sharing Plan.

Effective January 1, 2012, employees hired on or after that date may participate in the Plan with no restrictions as to participation except for the fact that nonresident aliens are not eligible.

b Contributions

The contributions to the plan by the employer are discretionary. As originally adopted employees could not contribute to the plan. Effective October 5, 2016, the Plan was amended to permit elective salary deferrals by Participant employees.

c Participant Accounts

Each participant's account is credited with an allocation of: (a) the Organization's contribution and (b) Plan earnings. The Plan Sponsor's contributions are discretionary. The Plan Sponsor will make a Prevailing Wage Contribution on behalf of each participant who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statutes. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his/her individual account into the various investment options offered by the plan.

d Vesting

Participants are 100% vested (which means that they are entitled to all of the amounts) in their accounts attributable to the following contributions:

Salary deferrals, including "catch-up contributions"
Prevailing wage contributions
Rollover contributions

d Vesting (continued)

The vesting schedules for profit-sharing contributions is as follows:

Periods of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, participants shall become fully vested in their profit-sharing contributions upon death or upon total permanent disability.

e Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his/her account, or may choose to have the benefits paid in installments.

f Loans to Participants

The Plan does not allow loans to participants

g Forfeited Accounts

The Plan provides that forfeited accounts are used to reduce the amount of the Plan Sponsor's contribution and are not used to offset plan expenses. For the plan years ended December 31, 2020 and 2019, terminating participants forfeited $0. For the plan years ended December 31, 2020 and 2019, earnings on the forfeited amount totaled $0.

h Plan Termination

In the event of Plan termination, participants will become 100% vested in their accounts.

2 Summary of Significant Accounting Policies

a Basis of Accounting

The Plan maintains its accounts on the method used for the Internal Revenue Service Form 5500, whereby the asset amounts are reflected on a cash basis except for the contributions. The contributions are reported on a Plan year accrual basis.

b Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

d **103-12 Investment Entities**

A 103-12 IE is an investment entity that holds the assets of two or more plans which are not members of a related group of employee benefit plans. They are similar to mutual funds, but they are only available to plans that do not use Common Collective Trusts (CCTs) or Pooled Separate Accounts (PSAs). The Plan reports the change in market value from year to year and were the type of investments held by the Plan as of December 31, 2020 and 2019.

e Payment of Benefits

Benefits are recorded when paid.

3 Equity Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	2020	2019
103-12 Investment Entities		
Contractors Retirement Plan Master Trust T Rowe Price Personal Spectrum Con Alloc	$ 1,603,382	$ 995,978
Contractors Retirement Plan Master Trust T Rowe Price Personal Spectrum Mod Alloc	$ 151,184	$ 118,704
Contractors Retirement Plan Master Trust T Rowe Price Personal Spectrum Mod Grow Alloc	$ 183,650	$ 151,406
Contractors Retirement Plan Master Trust American Funds Growth Fund of America FB	$ 135,193	$ 71,001

4 Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5 Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Internal Revenue Service has determined and informed the Company by a letter dated April 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and the Plan Sponsor believes that the Plan continues to qualify and to operate as designed. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

6 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7 Fair Value Measurements

Professional accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under professional accounting standards are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term , the Level 2 input must be observable for substantially the full term of the asset or liability.

7 Fair Value Measurements (Continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

103-12 Investment Entities
Valued based on the type of the underlying investment. Below are the type of investments in the 103-12 Investment Entities:

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued based on the net asset value (NAV) of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
103-12 Investment Entities	$ 2,277,896	-	-	$ 2,277,896
Total assets at fair value	$ 2,277,896	-	-	$ 2,277,896

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
103-12 Investment Entities	$ 1,500,854	-	-	$ 1,500,854
Total assets at fair value	$ 1,500,854	-	-	$ 1,500,854

8 Department of Labor Limited-Scope Audit

With respect to the investment assets summarized in Note 7, which was certified byPentegra Trust Company and ERISA Smart, the trustees of the Plan, the plan administrator has obtained certification from the trustees as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.
